SUMMARY

Summaries are made up of disclosure requirements known as ‘Elements’. These elements are numbered in Sections A – E (A.1 – E.7).

This summary contains all the Elements required to be included in a summary for this type of securities and the issuer. Because some Elements are not required to be addressed, there may be gaps in the numbering sequence of the Elements.

Even though an Element may be required to be inserted in the summary because of the type of securities and the issuer, it is possible that no relevant information can be given regarding the Element. In this case a short description of the Element is included in the summary with the mention of ‘not applicable’.

		<p>On 25 October 2012, UIL Finance raised gross proceeds of approximately £29.1 million through the issue of 27,592,413 2018 ZDP Shares. The gross proceeds of this placing were immediately transferred to UIL pursuant to the Subscription Agreement.</p> <p>On 31 October 2012, UIL Finance redeemed all the outstanding 2012 ZDP Shares which had an aggregate accrued capital entitlement of approximately £69.8 million. Pursuant to the Subscription Agreement, the funds for redemption were provided by UIL.</p> <p>On 31 July 2014, UIL Finance issued 15,504,888 2020 ZDP Shares pursuant to the rollover offer made to the holders of the 2014 ZDP Shares and raised gross proceeds of approximately £9.5 million through the issue of 9,465,112 2020 ZDP Shares. The gross proceeds of this placing were immediately transferred to UIL pursuant to the Subscription Agreement.</p> <p>On 31 October 2014, UIL Finance redeemed all the outstanding 2014 ZDP Shares which had an aggregate accrued capital entitlement of approximately £63.9 million. Pursuant to the Subscription Agreement, the funds for redemption were provided by UIL.</p> <p>Other than as set out above, there has been no significant change in the financial condition and operating results of UIL Finance during the period covered by the historical financial information or since 31 December 2015, being the date to which the latest unaudited half-yearly results of UIL Finance were published.</p>
B.8	Pro forma information	Not applicable. No <i>pro forma</i> financial information has been included in this document for UIL Finance.
B.9	Profit estimate	Not applicable. No profit forecast or estimate made.
B.10	Audit report qualifications	Not applicable. There are no qualifications in the audit reports of UIL Finance in the three years ended 30 June 2015 which are incorporated by reference within this document.
B.11	Insufficiency of working capital	<p>In UIL Finance's opinion, UIL Finance does not have sufficient working capital for its present requirements, that is, for at least the 12 months following the date of this document.</p> <p>The Group is dependent on proceeds from the Initial Placing and Placing Programme, a reduction in the redemption sum payable on the redemption of the 2016 ZDP Shares following the Rollover Offer and proceeds from the sale of certain identified portfolio investments in order to meet its working capital requirements for at least the 12 months following the date of this document.</p> <p>If the conditions of the Rollover Offer, Initial Placing and Placing Programme are not satisfied the Group will need to make alternative arrangements to fund the redemption of the 2016 ZDP Shares on 31 October 2016. In such a situation, which the Group believes to be a reasonable worst case scenario, the Group would be expected to have a shortfall of approximately £64 million by 31 October 2016. Accordingly the Group would make additional sales of investments from the Group's investment portfolio, it would continue to seek investors pursuant to the Placing Programme and may also seek further alternative sources of debt financing. The Company believes that these alternative arrangements are likely to be successful.</p>

		<p>The Group has a long track record of investment realisations having realised investments providing proceeds of £100 million in the financial year ended 30 June 2015 and £90 million in the year ended 30 June 2014. As at 30 April 2016 the Group's investment portfolio amounted to £421.7 million of which listed investments amounted to £329.3 million, unlisted investments £67.7 million and loans to listed investments £24.7 million. The Issue Price under the Placing Programme is not less than the Accrued Capital Entitlement of the relevant class of ZDP shares at the time of allotment and since the 2020 ZDP Shares are trading at a premium of 12 per cent. to the accrued capital entitlement (as at 16 May 2016, the latest practicable date prior to the publication of this document) this gives the Group significant flexibility to attract placees for further 2020 ZDP Shares. The Group's Joint Portfolio Managers also have a track record of raising funds through alternative debt structures both for the Group and for other companies which they manage.</p> <p>In the event that such arrangements are not successful and the Group is unable to fund the redemption of the 2016 ZDP Shares on 31 October 2016, the bye-laws of UIL provide that the UIL Directors shall, <i>inter alia</i>, convene a special general meeting of UIL at which a resolution shall be proposed requiring that UIL be wound up voluntarily pursuant to the Bermuda Companies Act.</p>
B.18	Guarantee	<p>Pursuant to an amended and restated subscription agreement dated 18 May 2016, between UIL and UIL Finance, UIL has undertaken to contribute (by way of gift, capital contribution or otherwise) such funds as will ensure that UIL Finance will have in aggregate sufficient distributable reserves on the relevant ZDP Repayment Date to satisfy the Final Capital Entitlement of the ZDP Shares then due and any operational costs or expenses incurred by UIL Finance.</p>
B.19	Section B information about the guarantor as if it were the issuer of the same type of security that is the subject of the guarantee	<p>Information on UIL required for this summary is included in respect of each paragraph of this Section B as follows:</p>
B.1	Legal and commercial name	<p>UIL's legal and commercial name is UIL Limited.</p>
B.2	Domicile/Legal Form/ Legislation/Country of Incorporation	<p>UIL was incorporated as an exempted closed-ended investment company in Bermuda under the Bermuda Companies Act. UIL is domiciled in Bermuda.</p>
B.5	Group structure	<p>UIL's investments are held directly and indirectly through subsidiary undertakings.</p>
B.6	Notifiable interests/ Voting rights	<p>As at the close of business on the 17 May 2016, being the latest practicable date prior to the date of this document, in so far as is known to UIL, the following persons were directly or indirectly interested in 5 per cent. or more of its issued share capital:</p>

			Number of UIL's Ordinary Shares	Percentage of UIL's issued Ordinary Share capital																																																																																											
		General Provincial Life Pension Fund (L) Limited	56,001,533	61.8																																																																																											
		Permanent Mutual Limited	6,354,977	7.01																																																																																											
		<p>Those persons referred to above do not have voting rights in respect of UIL's share capital which differ from those of any other shareholder. Save in respect of General Provincial Life Pension Fund (L) Limited, whose interest is set out above, UIL is not aware of any person who could, directly or indirectly, jointly or severally, exercise control over UIL.</p> <p>Neither UIL nor any of the UIL Directors is aware of any arrangements, the operation of which may at a subsequent date result in a change of control over UIL.</p>

Accordingly the Group would make additional sales of investments from the Group's investment portfolio, it would continue to seek investors pursuant to the Placing Programme and may also seek further alternative sources of debt financing. The Company believes that these alternative arrangements are likely to be successful.</p> <p>The Group has a long track record of investment realisations having realised investments providing proceeds of £100 million in the financial year ended 30 June 2015 and £90 million in the year ended 30 June 2014. As at 30 April 2016 the Group's investment portfolio amounted to £421.7 million of which listed investments amounted to £329.3 million, unlisted investments £67.7 million and loans to listed investments £24.7 million. The Issue Price under the Placing Programme is not less than the Accrued Capital Entitlement of the relevant class of ZDP shares</p>

		<p>at the time of allotment and since the 2020 ZDP Shares are trading at a premium of 12 per cent. to the accrued capital entitlement (as at 16 May 2016, the latest practicable date prior to the publication of this document) this gives the Group significant flexibility to attract placees for further 2020 ZDP Shares. The Group's Joint Portfolio Managers also have a track record of raising funds through alternative debt structures both for the Group and for other companies which they manage.</p> <p>In the event that such arrangements are not successful and the Group is unable to fund the redemption of the 2016 ZDP Shares on 31 October 2016, the bye-laws of UIL provide that the UIL Directors shall, <i>inter alia</i>, convene a special general meeting of UIL at which a resolution shall be proposed requiring that UIL be wound up voluntarily pursuant to the Bermuda Companies Act.</p>
B.18	Guarantee	<p>Pursuant to the subscription agreement dated 14 May 2007, as amended by three amendment agreements respectively dated 30 November 2011, 2 July 2014 and 18 May 2016, between UIL and UIL Finance, UIL has undertaken to contribute (by way of gift, capital contribution or otherwise) such funds as will ensure that UIL Finance will have in aggregate sufficient distributable reserves on the relevant ZDP Repayment Date to satisfy the Final Capital Entitlement of the ZDP Shares then due and any operational costs or expenses incurred by UIL Finance.</p>
B.34	Investment policy	<p>UIL's Investment Objective</p> <p>UIL's current investment objective is to maximise shareholder returns by identifying and investing in investments where the underlying value is not reflected in the market price.</p> <p>UIL's Investment Policy</p> <p>UIL will identify and invest in opportunities where the underlying value is not reflected in the market price. This perceived undervaluation may arise from factors such as technological change, market motivation, prospective financial engineering opportunities, competition, underperforming management or shareholder apathy.</p> <p>UIL aims to maximise value for Shareholders through a relatively concentrated portfolio of investments.</p> <p>Historically UIL has invested a significant proportion of its gross assets in existing infrastructure, utility and related sectors but, following the change in mandate in 2007, this direct exposure has reduced as UIL has, in addition, invested in other sectors.</p> <p>Subject to compliance with the Listing Rules in force from time to time, UIL may invest in other investment companies or vehicles, including any managed by the Joint Portfolio Managers, where such investment would be complementary to UIL's investment objective and policy.</p> <p>UIL has the flexibility to invest in shares, bonds, convertibles and other types of securities, including non-investment grade bonds and to invest in unlisted securities.</p> <p>UIL may also use derivative instruments such as American Depositary Receipts, promissory notes, foreign currency hedges, interest rate hedges, contracts for difference, financial futures, call and put options and warrants and similar</p>

		<p>instruments for investment purposes and efficient portfolio management, including protecting UIL's portfolio and balance sheet from major corrections and reducing, transferring or eliminating investment risks in its investments. These investments will be long term in nature.</p> <p>UIL has the flexibility to invest in markets worldwide although investments in the utilities and infrastructure sectors are principally made in the developed markets of Australasia, Western Europe and North America, as UIL's exposure to the emerging markets infrastructure and utility sectors is primarily through its holding in Utilico Emerging Markets Limited. UIL has the flexibility to invest directly in these sectors in emerging markets with the prior agreement of Utilico Emerging Markets Limited.</p> <p>UIL believes it is appropriate to support investee companies with their capital requirements whilst at the same time maintaining an active and constructive shareholder approach through encouraging a review of the capital structure and business efficiencies. The Joint Portfolio Managers' team maintains regular contact with investee companies and UIL may often be among the largest shareholders. There are no limits on the proportion of an investee company that UIL may hold and UIL may take legal or management control of a company from time to time.</p> <p>Investment Limits</p> <p>The UIL Board has prescribed the following limits on the investment policy, all of which are at the time of investment unless otherwise stated.</p> <p>There are no fixed limits on the allocation of investments between sectors and markets, however the following investment limits will apply:</p> <ul style="list-style-type: none"> • investments in unlisted companies will in aggregate not exceed 20 per cent. of Gross Assets at the time that any new investment is made. This restriction does not apply to UIL's holding of shares linked to a segregated account of Global Equity Risk Protection Limited (GERP), an unquoted Bermuda segregated accounts company. This account, which is structured as the Bermuda equivalent of a protected cell, exists for the sole purpose of carrying out derivative transactions on behalf of UIL – please see below; • no single investment will exceed 30 per cent. of Gross Assets at the time such investment is made, save that this limit shall not prevent the exercise of warrants, options or similar convertible instruments acquired prior to the relevant investment reaching the 30 per cent. limit; and • derivative transactions are carried out by GERP on behalf of UIL to enable it to make investments more efficiently and for the purposes of efficient portfolio management. GERP spreads its investment risks by having the ability to establish an overall net short position in index options, contracts for difference, swaps and equity options. GERP may not hold more than 50 per cent. of the value of UIL's segregated portfolio in index options and GERP may not hold more than 100 per cent. of the relevant debt or of the relevant market value in foreign currency by way of foreign exchange options or forwards.
--	--	---

		<p>None of the above restrictions will require the realisation of any of UIL's assets where any restriction is breached as a result of an event outside the control of the Joint Portfolio Managers which occurs after the investment is made, but no further relevant assets may be acquired or loans made by UIL until the relevant restriction can again be complied with.</p> <p>As required by the Listing Rules, there will be no material change to the investment policy (including the investment limits) without the prior approval of the FCA and Shareholders. Any such change would also require the approval of the ZDP Shareholders in accordance with the Subscription Agreement.</p>
B.35	Borrowing/leverage limits	<p>Under UIL's Bye-laws, the Group is permitted to borrow (excluding the gearing provided through the Group's capital structure) an aggregate amount equal to 100 per cent. of Gross Assets. Borrowings may be drawn down in any currency appropriate for the portfolio.</p> <p>However, the UIL Board has set a current limit on gearing (being total borrowings excluding ZDP Shares measured against Gross Assets) not exceeding 33.3 per cent. at the time of draw down. Borrowings may be drawn down in Sterling, US Dollars or any currency for which there is a corresponding asset within the portfolio (at the time of draw down, the value drawn must not exceed the value of the relevant asset in the portfolio).</p> <p>No material change will be made to the borrowing limit set out above without the prior approval of the FCA and Shareholders. Any such change would also require the approval of the ZDP Shareholders in accordance with the Subscription Agreement.</p>
B.36	Regulatory status	Neither UIL Finance nor UIL is regulated.
B.37	Investor profile	An investment in the Offered ZDP Shares is intended to constitute part of a diversified investment portfolio for institutional or high net worth/sophisticated investors who are seeking exposure to a wide range of sectors and markets through a relatively concentrated portfolio of investments. An investor in the Offered ZDP Shares will be capable of evaluating the risks (including potential capital losses) and merits of such investments. Any investor must be able to accept the possibility of losses and an investment in 2020 ZDP Shares and/or 2022 ZDP Shares is only intended for investors who can afford to set aside the invested capital for a number of years.
B.38	Investment of 20 per cent. or more in single underlying asset or investment company	Not applicable. The Group has not invested more than 20 per cent. of its Gross Assets in a single asset or collective investment undertaking.
B.39	Investment of 40 per cent. or more in single underlying asset or investment company	Not applicable. The Group has not invested more than 40 per cent. of its Gross Assets in a single asset or collective investment undertaking.

<p>B.40</p>	<p>Service providers</p>	<p>AIFM and Joint Portfolio Managers</p> <p>Pursuant to a management agreement dated 31 March 2015 (the Management Agreement), ICM Investment Management Limited (ICMIM) has been appointed, with effect from 13 April 2015, to act as UIL's alternative investment fund manager (AIFM) with sole responsibility for risk management and both ICMIM and ICM Limited (ICM) have been appointed as joint portfolio managers of UIL (the Joint Portfolio Managers). In addition to its duties as AIFM, ICMIM also provides company secretarial services to UIL and UIL Finance.</p> <p>The aggregate annual management fee payable by UIL under the Management Agreement is 0.5 per cent. of Gross Assets (after deducting current liabilities, excluding borrowings incurred for investment purposes), payable quarterly in arrears which will be apportioned between the Joint Portfolio Managers in accordance with a management services agreement between them. The annual management fee is adjusted for fees earned by the Joint Portfolio Managers in respect of investment holdings managed or advised by them. The Joint Portfolio Managers have reduced the management fee payable by UIL to 0.25 per cent. per annum until such time as the performance fee high watermark of 284.81 pence per Ordinary Share is regained.</p> <p>In addition, the Joint Portfolio Managers are entitled to a performance fee payable in respect of each financial period, equal to 15 per cent. of the amount by which UIL's Net Asset Value attributable to the Ordinary Shareholders out-performs the real after-tax yield on the FTSE Actuaries Government Securities UK Gilt 5 to 10 years Index during the period. The opening equity funds for the calculation of the performance fee are the higher of the equity funds on the last day of the calculation period in respect of which a performance fee was last paid and the equity funds on the last day of the previous calculation period increased by the real percentage yield on the reference index during the calculation period. A performance fee was last paid in respect of a 12 month period to 30 June 2007. As at that date, the equity holders' funds were £279.0 million. In calculating any performance fee payable, the value of all holdings in companies managed or advised by the Joint Portfolio Managers from which they receive a management fee are removed from the calculation in order that any such fee is charged solely on the performance of UIL's portfolio excluding those investments.</p> <p>In addition to the management fee and the performance fee, ICMIM receives a fee equal to one-third of the total employment costs incurred by it in employing a suitably experienced person to provide company secretarial services to UIL and UIL Finance.</p> <p>The Joint Portfolio Managers are also reimbursed for all out-of-pocket costs and expenses incurred on behalf of UIL and UIL Finance by them and for reasonable travel and related costs incurred in the performance of their duties.</p> <p>The Management Agreement continues unless or until terminated by either the Joint Portfolio Managers giving to UIL not less than six months' notice in writing or by UIL giving to the Joint Portfolio Managers one year's notice, or unless otherwise terminated with cause upon immediate written notice from the non-defaulting party/(ies) to the defaulting party/(ies).</p>

		<p>Administrators</p> <p>F&C Management Limited has been appointed as administrator to UIL and UIL Finance. The Administrator is paid an annual fee of £310,000 for its company administration, dealings and valuation services. UIL will also reimburse the Administrator in respect of reasonable out-of-pocket expenses properly incurred in the performance of its duties.</p> <p>ICM Corporate Services (Pty) Ltd, a wholly-owned subsidiary of ICM, and accordingly a related party of UIL, provides administration services to GERP for an annual fee of £15,000 in respect of the segregated account in which UIL holds shares. The agreement relating to the appointment of ICM Corporate Services (Pty) Ltd is terminable on one month's notice in writing by either party.</p> <p>Depository services provider</p> <p>UIL has appointed J.P. Morgan Europe Limited (JPMEL) to provide depository services under Articles 21(7), (8)(b) and (9) of the AIFM Directive, according to the terms of a depository services agreement dated 13 April 2015 to which both UIL and ICMIM are parties (the Depository Services Agreement). The services provided by JPMEL include:</p> <ul style="list-style-type: none"> • general oversight responsibilities over the issue and cancellation of UIL's share capital, the carrying out of Net Asset Value calculations, the application of income, and the ex-post review of investment transactions; • monitoring UIL's cash flows and ensuring that all cash is booked in appropriate accounts in the name of UIL, ICMIM or JPMEL acting on behalf of UIL; and • verifying UIL's ownership of its assets other than financial instruments and maintaining records sufficient for verification of UIL's ownership rights. <p>JPMEL receives an annual fee for its services of 2.2 basis points on UIL's net asset value, subject to a minimum fee of £25,000 per annum.</p> <p>The Depository Services Agreement is terminable on 90 days' notice in writing by either party or on shorter notice in the event of breach of contract or insolvency.</p> <p>Custodians</p> <p>JPMorgan Chase Bank N.A. – Jersey Branch (JPMCB) has been appointed to provide custodial services pursuant to a novation and amendment agreement dated 13 April 2015 in accordance with the terms of a Custody Agreement dated 14 May 2007 (Global Custody Agreement). The services provided by JPMCB include the safekeeping of all assets held within UIL's investment portfolio, including those classed as financial instruments for the purpose of the AIFM Directive and retaining custody of UIL's financial instruments in segregated accounts so that they can be clearly identified as belonging to UIL.</p> <p>JPMCB's appointment as custodian is terminable, <i>inter alia</i>, upon 60 days' notice given by either party.</p>
--	--	---

		<p>JPMCB receives safekeeping and administration charges based on the market value of assets in different countries and a transaction charge for all securities transactions, both of which vary country by country, together with JPMCB's reasonable out-of-pocket or incidental expenses. The amount paid by UIL to JPMCB for the year ended 30 June 2015 was £115,000 and the UIL Directors do not anticipate that the annual charges going forward will be materially different and therefore the estimated maximum amount payable per annum is £200,000.</p> <p>UIL has also appointed Bermuda Commercial Bank Limited (BCB) to act as custodian in respect of such cash and other investments as UIL shall from time to time deposit with it. The fees payable to BCB depend on the nature and quantity of the assets deposited with BCB and there is no minimum fee. The fees paid to BCB for the year ended 30 June 2015 were £16,000 and the UIL Directors do not anticipate that the annual fees going forward will be materially different and therefore the estimated maximum amount payable per annum is £20,000.</p> <p>There is no obligation on UIL to deposit any assets with BCB. The agreement can be terminated on three months' notice by either party.</p> <p>Registration services</p> <p>Computershare Investor Services (Bermuda) Limited (Computershare Bermuda) has been appointed to maintain UIL and UIL Finance's share registers in Bermuda. Computershare Bermuda liaises with Computershare Investor Services PLC, the DI Depository and UK transfer agent, for the transfer and settlement of Depository Interests. Each of UIL and UIL Finance has entered into separate registrar agreements (the Registrar Agreements) with Computershare Bermuda which may be terminated, <i>inter alia</i>, on six months' notice by either party. The aggregate fees paid to Computershare under the Registrar Agreements for the year ended 30 June 2015 were £12,000 and the UIL Directors do not anticipate that the annual fees going forward will be materially different and therefore the estimated maximum amount payable per annum is £20,000.</p> <p>DI Depository and custody services</p> <p>Computershare Investor Services PLC has been appointed as depository for the settlement of Depository Interests. Each of UIL and UIL Finance has entered into a separate depository and custody services agreement (the DI Depository Services Agreements) with Computershare Investor Services PLC, which may be terminated, <i>inter alia</i>, on six months' notice by either party. In return for providing such services, the DI Depository is entitled to ongoing annual fees. The aggregate fees paid to Computershare Investor Services PLC under the DI Depository Services Agreements for the year ended 30 June 2015 were £36,000 and the UIL Directors do not anticipate that the annual fees going forward will be materially different and therefore the estimated maximum amount payable per annum is £50,000.</p> <p>Bermuda Assistant Secretary</p> <p>BCB Charter Corporate Services Limited is UIL's and UIL Finance's Bermuda Assistant Secretary.</p>

C.4	Rights attaching to securities	<p>The rights attaching to the 2022 ZDP Shares will be substantially similar to those attaching to the 2016 ZDP Shares but, subject to Rollover and Initial Admission occurring, the 2022 ZDP Shares will have an illustrative initial capital entitlement on 23 June 2016 of 100p per 2022 ZDP Share and will have a Final Capital Entitlement of 146.99p per 2022 ZDP Share on 31 October 2022, the 2022 ZDP Repayment Date, equivalent to a Gross Redemption Yield of 6.25 per cent. per annum on the 2022 ZDP Share issue price.</p> <p>As with the 2016 ZDP Shares, the 2022 ZDP Shares will not carry the right to vote at general meetings of UIL or UIL Finance but they will carry the right to vote as a class on certain proposals which would be likely to affect materially their</p>

The 2022 ZDP Shares will carry no entitlement to income and the whole of any return will therefore take the form of capital.</p> <p>The 2020 ZDP Shares do not carry the right to vote at general meetings of UIL or UIL Finance but carry the right to vote as a class on certain proposals which would be likely to affect materially their position. C.5	Restrictions on transferability	<p>Subject as provided below, any ZDP Shareholder may transfer all or any of his ZDP Shares by instrument of transfer in any form which the UIL Finance Directors may approve. The instrument of transfer of a share shall be signed by or on behalf of the transferor. The UIL Finance Board may, in its absolute discretion and without giving any reason, refuse to register any transfer of a fully paid share unless such transfer satisfies the following conditions:</p> <ul style="list-style-type: none"> (a) it is in respect of a share upon which UIL Finance has no lien; (b) it is in respect of only one class of share; (c) it is in favour of a single transferee or not more than four (4) joint transferees; (d) it is duly stamped (if required by law); (e) it is delivered for registration to the Registered Office of UIL Finance or such other place as the UIL Finance Board may from time to time determine, accompanied, except in the case of a transfer by a recognised person where a certificate has not been issued, by the certificate for the shares to which it relates and such other evidence as the UIL Finance Board may reasonably require to prove the title of the transferor and the due execution by him of the transfer or, if the transfer is executed by some other person on his behalf, the authority of that person to do so; and (f) it is satisfied that all applicable consents, authorisations, permissions or approvals of any governmental body or agency in Bermuda or any other applicable jurisdiction required to be obtained under relevant law prior to such transfer have been obtained. <p>In the case of partly paid shares which are listed, the UIL Finance Board may in its absolute discretion and without giving any reason, refuse to register any share transfer providing that the UIL Finance Directors have exercised their discretion without thereby prejudicing dealings being on an open and proper basis.</p> <p>The UIL Finance Board may also refuse to register a transfer of uncertificated shares in such other circumstances as may be permitted or required by the Regulations or such other regulations as may be applicable to the holding of dematerialised securities and the relevant system.</p>

It is expected that such Admission will become effective and that unconditional dealings in such 2022 ZDP Shares will commence on the London Stock Exchange on 23 June 2016.</p> <p>Applications will be made to the Financial Conduct Authority and to the London Stock Exchange respectively for Admission of the Placing ZDP Shares issued pursuant to the Placing Programme. Section D – Risks		
<i>Element</i>	<i>Disclosure requirement</i>	<i>Disclosure</i>
D.2	Key information on the key risks specific to the issuer/ guarantor	<p>Investors should consider carefully the following risks which could have a material adverse effect on UIL Finance and/or UIL:</p> <ul style="list-style-type: none"> • If the conditions to the Rollover Offer, Initial Placing and Placing Programme are not satisfied and the Proposals do not proceed, the Group will need to make alternative arrangements to fund the redemption of the 2016 ZDP Shares on 31 October 2016. If such arrangements are not successful and the Group is unable to fund the redemption of the 2016 ZDP Shares on 31 October 2016, the bye-laws of UIL provide that the UIL Directors shall, <i>inter alia</i>, convene a special general meeting of UIL at which a resolution shall be proposed requiring that UIL be wound up voluntarily pursuant to the Bermuda Companies Act. • The success of the investment strategies followed by the Joint Portfolio Managers depends upon the Joint Portfolio Managers' success at interpreting market data and predicting the future course of price movements of securities and other investments. No assurance can be given that the strategies to be used will be successful which may ultimately have a material adverse effect on UIL's ability to meet its obligations to UIL Finance under the Subscription Agreement and thereby on UIL Finance's ability to pay the Final Capital Entitlement on the Offered ZDP Shares in full on the relevant ZDP Repayment Date. • UIL's investment approach is to invest in a relatively concentrated portfolio of investments. Accordingly, UIL may be regarded as representing a different risk than a generalist investment company and the underperformance of an investment may have an adverse impact on UIL's profitability. • UIL's investment policy is broad in scope and permits investment in the securities of companies in specialist sectors and smaller and/or unquoted companies that can involve greater risk than is customarily associated with investment in larger, more established companies. It may be difficult to value or realise investments in such companies as they are often less liquid and potentially subject to a greater

		<p>degree of price fluctuation. If the realisable value of the Group's assets is less than UIL's valuation of those assets, this may ultimately have a material adverse effect on UIL's ability to meet its obligations to UIL Finance under the Subscription Agreement and thereby on UIL Finance's ability to pay the Final Capital Entitlement on the Offered ZDP Shares in full on the relevant ZDP Repayment Date.</p> <ul style="list-style-type: none"> • UIL uses gearing in addition to the structural gearing provided by the ZDP Shares exposing investors to increased risk as gearing can increase the portfolio's market exposure and volatility.
<p>D.3</p>	<p>Key information on the key risks that are specific to the securities</p>	<ul style="list-style-type: none"> • UIL's obligations to UIL Finance under the Subscription Agreement are structurally subordinated to the liabilities of UIL under the Existing Loan Facility and the New Loan Facility, which are secured against UIL's assets. Any default under these facilities could ultimately have a material adverse effect on the ability of UIL Finance to pay the Final Capital Entitlement on the Offered ZDP Shares in full on the relevant ZDP Repayment Date. • The ZDP Shares have differing priorities on return of capital, with the holders of 2016 ZDP Shares ranking in priority to the holders of the 2018 ZDP Shares, the holders of the 2018 ZDP Shares ranking in priority to the holders of the 2020 ZDP Shares and the holders of the 2020 ZDP Shares ranking in priority to the holders of 2022 ZDP Shares in respect of their Accrued Capital Entitlements in the event that UIL or UIL Finance is wound up. • The Final Capital Entitlement for any class of ZDP Shares is not guaranteed. If UIL Finance does not have sufficient cash resources or if UIL does not, or is unable to, meet its obligation to contribute such funds to UIL Finance under the Subscription Agreement, UIL Finance will be unable to pay the Final Capital Entitlement of the ZDP Shares and ZDP Shareholders may lose some or all of their Final Capital Entitlement. • The market value of any class of ZDP Shares will be affected by changes in general interest rates, with upward movements in interest rates likely to lead to reductions in the market value of the ZDP Shares. • In the event that a redemption date of any class of ZDP Share coincides with a period of extreme market volatility, UIL may be forced to liquidate certain of its investments at a materially disadvantageous point in time in order to generate sufficient redemption proceeds. • The Finance Act 2013 introduced new rules (the New Rules) intended to make returns which are economically equivalent to interest subject to income tax as income. Although the Directors believe that the 2022 ZDP Shares and the 2020 ZDP Shares should fall within an exemption, if the New Rules apply to the 2022 ZDP Shares and/or the 2020 ZDP Shares, it is likely that the return on such ZDP Shares would be subject to tax as income in the hands of UK resident individuals and others who are subject to UK income tax.

Section E – The Rollover Offer, Initial Placing and Placing Programme		
<i>Element</i>	<i>Disclosure requirement</i>	<i>Disclosure</i>
E.1	Net proceeds and expenses	<p>The net proceeds of the Rollover Offer, Initial Placing and Placing Programme are dependent on the level of take up under the Rollover Offer, the Initial Placing and the Placing Programme and the class of ZDP Shares issued pursuant to the Placing Programme.</p> <p>The estimated expenses of the Rollover Offer and the Initial Placing are £0.85 million and are expected to be met out of the gross proceeds of the Initial Placing, reducing the funds available to be invested on Shareholders' behalf. Assuming the Initial Placing is fully subscribed and no 2022 ZDP Shares are issued pursuant to the Rollover Offer, the maximum net proceeds of the Initial Placing will be £49.15 million. However, 2022 ZDP Shares will not be issued unless the ZDP Cover of the 2022 ZDP Shares is not less than 1.35x, taking into account the effect of the relevant allotment.</p> <p>The expenses of the Placing Programme are expected to be met out of the gross proceeds of the Placing Programme, reducing the funds available to be invested on Shareholders' behalf. The estimated expenses of the Placing Programme (including any commissions) will be approximately 1 per cent. of the gross proceeds. The maximum net proceeds of the Placing Programme, assuming an Issue Price of 126.875p for the 2020 ZDP Shares (being the mid price of the 2020 ZDP Shares on 16 May 2016 (being the latest practicable date prior to the publication of this document)) and that the Initial Placing is fully subscribed and therefore that no 2022 ZDP Shares will be issued pursuant to the Placing Programme, will be £31.4 million. However, 2020 ZDP Shares will not be issued pursuant to the Placing Programme unless the ZDP Cover of the 2020 ZDP Shares and the 2022 ZDP Shares is not less than 1.35x taking into account the effect of the relevant allotment.</p>
E.2a	Reasons for the Offer and Use of Proceeds	<p>UIL Finance currently has three series of ZDP Share in issue. These are due for redemption on 31 October in 2016, 2018 and 2020 respectively. The aggregate redemption sum payable on the redemption of the 2016 ZDP Shares is approximately £91.6 million. This will be due on 31 October 2016. Following discussions regarding the payment of the Final Capital Entitlement in respect of the 2016 ZDP Shares, the UIL Finance Directors have concluded that they wish to provide 2016 ZDP Shareholders with the opportunity to remain invested in the Group and as a result have formulated the Proposals, which consist of the Rollover Offer, the Initial Placing and the Placing Programme.</p> <p>The UIL Finance Board believes the Proposals have the following advantages:</p> <ul style="list-style-type: none"> • to allow 2016 ZDP Shareholders to remain invested in the Group; • to allow UIL Finance to issue a new class of 2022 ZDP Shares to satisfy demand over a period of time; • to increase the number of 2022 ZDP Shares and 2020 ZDP Shares in issue following the Rollover Offer, thereby enabling UIL Finance to attract a wider range of investors which, in

		<p>turn, would be expected to improve the liquidity in the 2022 ZDP Shares and the 2020 ZDP Shares; and</p> <ul style="list-style-type: none"> to raise new funds to assist in financing the amount required for the redemption of the 2016 ZDP Shares. <p>The net proceeds of the Initial Placing and the Placing Programme will be paid by UIL Finance to UIL for investment to continue to further diversify its portfolio in accordance with its investment policy.</p>
E.3	Terms and conditions	<p>UIL Finance is seeking to issue up to 50 million 2022 ZDP Shares by way of the Rollover Offer, Initial Placing and Placing Programme and up to 25 million 2020 ZDP Shares pursuant to the Placing Programme.</p> <p>The Rollover Offer</p> <p>Under the Rollover Offer, each Qualifying Holder of 2016 ZDP Shares on the Record Date will be given the opportunity to rollover some or all of their Qualifying Holding (subject to the overall limits of the Rollover Offer) into new 2022 ZDP Shares. The Rollover Value attributed to each 2016 ZDP Share will be equal to its Accrued Capital Entitlement as at the Rollover Date. The new 2022 ZDP Shares arising on the conversion of 2016 ZDP Shares pursuant to the Rollover Offer will be deemed to be issued at the 2022 ZDP Share issue price, which will be 100p per 2022 ZDP Share.</p> <p>The 2022 ZDP Shares will have a Gross Redemption Yield of 6.25 per cent. and a maturity date of 31 October 2022. Investors should note that the predetermined capital entitlement of the ZDP Shares is not guaranteed and is dependent upon UIL having sufficient assets to satisfy its obligations to UIL Finance under the Subscription Agreement.</p> <p>There is no present intention to put forward further proposals to 2016 ZDP Shareholders in advance of the ZDP Repayment Date on 31 October 2016.</p> <p>Conditions to the Rollover Offer</p> <p>The Rollover Offer is conditional on:</p> <ul style="list-style-type: none"> valid elections being received in respect of 2022 ZDP Shares, together with any 2022 ZDP Shares issued pursuant to the Initial Placing and allotted at the same time as the 2022 ZDP Shares issued under the Rollover Offer, with a minimum value, at the 2022 ZDP Share issue price, of £750,000; ZDP Cover of the 2022 ZDP Shares being not less than 1.35x, taking into account the effect of the relevant allotment; the Placing Agreement remaining in full force and effect and not having been terminated in accordance with its terms; and Admission of the 2022 ZDP Shares issued pursuant to the Rollover Offer and, if applicable, the Initial Placing. <p>In circumstances in which these conditions are not fully met, the Rollover Offer will not take place and no 2016 ZDP Shares will be converted into 2022 ZDP Shares.</p>

		<p>The Initial Placing and the Placing Programme</p> <p>UIL Finance also intends to issue up to 50 million 2022 ZDP Shares (less the number of 2022 ZDP Shares issued under the Rollover Offer) pursuant to the Initial Placing and the Placing Programme and up to 25 million 2020 ZDP Shares pursuant to the Placing Programme.</p> <p>Under the Initial Placing, UIL Finance is proposing to issue up to 50 million 2022 ZDP Shares (less the number of 2022 ZDP Shares issued under the Rollover Offer) at the Initial Placing Price, which will be 100p per 2022 ZDP Share. Stockdale Securities has agreed under the Placing Agreement to use its reasonable endeavours to procure placees for 2022 ZDP Shares at the Initial Placing Price. The Initial Placing will close at 11.00 a.m. on 17 June 2016 (or such later date, not being later than 31 July 2016, as UIL and Stockdale Securities may agree). If the Initial Placing is extended, the revised timetable will be notified via a Regulatory Information Service.</p> <p>Under the Placing Programme, UIL Finance has the ability to issue up to 50 million 2022 ZDP Shares (less the number of 2022 ZDP Shares issued under the Rollover Offer and the Initial Placing) and up to 25 million 2020 ZDP Shares at the applicable Issue Price. The Placing Programme is flexible and may have a number of closing dates in order to provide UIL Finance with the ability to issue Placing ZDP Shares over a period of time. The Placing Programme will open on 18 May 2016 and will close on 17 May 2017 (or any earlier date on which it is fully subscribed). The Placing ZDP Shares will, when issued, rank equally with the ZDP Shares of the relevant class then in issue.</p> <p>Conditions to each allotment of Placing ZDP Shares under the Initial Placing and the Placing Programme</p> <p>The Initial Placing and each allotment of Offered ZDP Shares under the Initial Placing and the Placing Programme is conditional on:</p> <ul style="list-style-type: none"> • the applicable Issue Price being not less than the Accrued Capital Entitlement of the relevant Offered ZDP Shares at the time of the relevant allotment; • in the case of: (i) the proposed issue of the 2022 ZDP Shares to be issued under the Initial Placing and the Placing Programme, the ZDP Cover of the 2022 ZDP Shares being not less than 1.35x; and (ii) the proposed issue of the 2020 ZDP Shares to be issued under the Placing Programme the ZDP Cover of the 2020 ZDP Shares not being less than 1.35x, in each case taking into account the effect of the relevant allotment; and • Admission of the relevant Offered ZDP Shares issued pursuant to such allotment. <p>In circumstances in which these conditions are not fully met, the relevant issue of the relevant Offered ZDP Shares pursuant to the Initial Placing or the Placing Programme will not take place.</p>
E.4	Material interests	Not applicable. There are no interests that are material to the Rollover Offer, the Initial Placing or the Placing Programme and no conflicting interests.

E.5	Sellers	Not applicable.
E.6	Dilution	<p>The percentage holding of a holder of 2020 ZDP Shares will be diluted to the extent that they do not participate in any placing of 2020 ZDP Shares pursuant to the Placing Programme <i>pro rata</i> to their current holding of 2020 ZDP Shares.</p> <p>If 25 million 2020 ZDP Shares are issued pursuant to the Placing Programme (being the maximum number of 2020 ZDP Shares that can be issued pursuant to the Placing Programme) a holder of 2020 ZDP Shares representing 10 per cent. of the relevant class of ZDP Shares and not subscribing for any 2020 ZDP Shares under the Placing Programme would hold 5 per cent. of the 2020 ZDP Shares in issue following the close of the Placing Programme.</p> <p>No 2022 ZDP Shares are currently in issue.</p>
E.7	Expenses	<p>The maximum estimated expenses of the Rollover Offer and Initial Placing of £0.85 million are expected to be met out of the gross proceeds of the Initial Placing. The estimated expenses of the Placing Programme are expected to be met out of the gross proceeds of the Placing Programme and will be approximately 1 per cent. of such proceeds. No additional expenses will be charged to investors under the Rollover Offer, the Initial Placing or the Placing Programme.</p>

RISK FACTORS

Investment in the Offered ZDP Shares involves a high degree of risk. Accordingly prospective and existing investors should review this document carefully and consider all of the information contained in this document and the risks attaching to an investment in UIL Finance and the Group prior to making any investment decision.

Prospective investors should note that the risks relating to the Offered ZDP Shares summarised in the “Summary” are the risks that the Boards believe to be the most essential to an assessment by a prospective investor of whether to consider an investment in the Offered ZDP Shares. However, as the risks which the Group faces relate to events and depend on circumstances that may or may not occur in the future, prospective investors should consider not only the information on the key risks summarised in the “Summary” but also, among other things, the risks and uncertainties described below.

The risks referred to below are all the material risks applicable to UIL Finance, the Group and the Offered ZDP Shares of which the Directors are aware as at the date of this document. Additional risks that are not currently known to the Directors, or that the Directors currently deem immaterial, may also have an adverse effect on UIL Finance, the Group and the Offered ZDP Shares.

Any decision to invest in UIL Finance, the Group or the Offered ZDP Shares should be based on a consideration of this document as a whole. An investment in UIL Finance, the Group or the Offered ZDP Shares is only suitable for investors who are capable of evaluating the risks or merits of such investment and who have sufficient resources to bear any loss which might arise from such investment (which may be equal to the whole amount invested).

The Group’s business, financial condition or operations could be materially and adversely affected by the occurrence of any of the risks described below. In such circumstances, the market price of the Offered ZDP Shares could decline and investors could lose all or part of their investment.

RISKS RELATING TO THE OFFERED ZDP SHARES

Consequences of a standard listing

The 2020 ZDP Shares are, and the 2022 ZDP Shares are expected to be, admitted to the standard listing segment of the Official List and as a consequence additional ongoing requirements and protections applicable under the Listing Rules to a company admitted to the premium listing segment of the Official List will not apply to UIL Finance.

UIL Finance is listed under Chapter 14 of the Listing Rules and as a consequence a significant number of the Listing Rules will not apply to UIL Finance. ZDP Shareholders will therefore not receive the full protections of the Listing Rules.

Subordination of ZDP Shares obligations under the Subscription Agreement

The ZDP Shares rank ahead of the Ordinary Shares in the event of a winding up of the Group. However, UIL Finance has no assets other than the obligation of UIL to put UIL Finance in a position to meet its obligations in respect of the ZDP Shares pursuant to the Subscription Agreement.

UIL’s obligations under the Subscription Agreement are structurally subordinated to the liabilities of UIL under the Existing Loan Facility and the New Loan Facility, which are secured against UIL’s assets. Accordingly if there are defaults under these facilities (or any other loan facilities entered into by the Group) and the relevant lender were to enforce the security, that would have a material adverse effect on the ability of UIL to meet its obligations to UIL Finance and thereby on UIL Finance’s ability to pay the Final Capital Entitlement on the Offered ZDP Shares in full on the relevant ZDP Repayment Date.

ZDP Shareholders will not receive any payment until the relevant ZDP Repayment Date

ZDP Shareholders only have the right to receive the Final Capital Entitlement on the relevant ZDP Repayment Date. ZDP Shareholders wishing to realise their investment earlier will have to dispose of

their ZDP Shares through the stock market. However, there can be no guarantee that a listing will be maintained or that there will be a liquid market for the ZDP Shares (see “No guarantee that a listing will be maintained” and “No guarantee active trading market will develop or be maintained for the ZDP Shares” below).

Final Capital Entitlement is not guaranteed

The Final Capital Entitlement of any class of ZDP Shares, which is intended to be paid on the relevant ZDP Repayment Date, is not guaranteed. UIL Finance’s ability to pay the Final Capital Entitlement of any class of ZDP Shares is dependent on it having sufficient cash resources to meet such obligation or UIL meeting its obligation under the Subscription Agreement to contribute such funds to UIL Finance. If UIL does not, or is unable to, meet its obligations under the Subscription Agreement, UIL Finance will be unable to pay the Final Capital Entitlement of the ZDP Shares and ZDP Shareholders may lose some or all of their Final Capital Entitlement.

Based on the Assumptions, should the total assets of the Group have fallen:

- (i) by more than 6.4 per cent. per annum until 31 October 2022 the holders of the 2022 ZDP Shares will receive less than their Final Capital Entitlement; and
- (ii) by more than 15.0 per cent. per annum until 31 October 2020 the holders of the 2020 ZDP Shares will receive less than their Final Capital Entitlement.

The ability of UIL to meet its obligations under the Subscription Agreement depends on its ability to realise value from its investment portfolio or to borrow funds or raise equity on or prior to the relevant ZDP Repayment Date. Events or changes that will have a material adverse effect on the business of UIL or on the Group’s ability to realise its investments for their present value may have a material adverse effect on UIL’s ability to meet its obligations to UIL Finance under the Subscription Agreement and thereby on UIL Finance’s ability to pay the Final Capital Entitlement on the Offered ZDP Shares in full on the relevant ZDP Repayment Date.

Should UIL be wound up prior to any ZDP Repayment Date, holders of the relevant ZDP Shares would only receive their Accrued Capital Entitlement to the date of the winding-up. This would be less than the Final Capital Entitlement and would be subject to UIL having sufficient net assets to meet its obligations under the Subscription Agreement.

The ZDP Shares have differing priorities on a return of capital

In the event that UIL or UIL Finance is wound up prior to 31 October 2016, holders of 2016 ZDP Shares will rank in priority to holders of 2018 ZDP Shares, who in turn will rank in priority to holders of 2020 and 2022 ZDP Shares, in respect of their Accrued Capital Entitlements.

In the event that UIL or UIL Finance is wound-up after 31 October 2016 but before 31 October 2018, holders of 2018 ZDP Shares will rank in priority to holders of 2020 ZDP Shares who in turn will rank in priority to holders of 2022 ZDP Shares in respect of their Accrued Capital Entitlements.

In the event that UIL or UIL Finance is wound up after 31 October 2018 but before 31 October 2020 holders of 2020 ZDP Shares will rank in priority to holders of 2022 ZDP Shares in respect of their Accrued Capital Entitlements.

No guarantee that a listing will be maintained

Listing Rule 14.2.2 requires a minimum of 25 per cent. of each class of ZDP Shares to be in public hands. Persons in the same group or acting in concert who have an interest in 5 per cent. or more of a class of ZDP Shares will be excluded from the calculation of the public hands requirement.

The Rollover Offer is conditional on Initial Admission of the 2022 ZDP Shares, and therefore subject to the satisfaction of Listing Rule 14.2.2 as to the number of 2022 ZDP Shares held in public hands as at Initial Admission. The UIL Finance Directors will have the discretion to scale back elections under the Rollover Offer otherwise than on a *pro rata* basis and whether or not such elections are in excess of a 2016 ZDP Shareholder’s Basic Entitlement if the UIL Finance Directors consider this necessary to ensure that sufficient 2022 ZDP Shares are held in public hands to satisfy the Listing

Rule requirement. In particular, the UIL Finance Directors may exercise their discretion so that the relevant 2022 ZDP Shares can be placed pursuant to the Initial Placing and/or the Placing Programme in order to satisfy this Listing Rule.

If the number of any class of ZDP Shares in public hands falls below the requisite threshold after their Admission, then the listing of that class of ZDP Shares may not be capable of being maintained and this is likely to reduce the liquidity of that class of ZDP Shares and to have a material adverse effect on the ability to sell the ZDP Shares for value prior to the relevant ZDP Repayment Date.

No guarantee an active trading market will develop or be maintained for the Offered ZDP Shares

Listing should not be taken as implying that there will be a liquid market for the Offered ZDP Shares. The Offered ZDP Shares may not be widely held. There is no guarantee an active trading market will develop or be sustained for any class of the Offered ZDP Shares after their Admission. If an active trading market is not developed or maintained, the market price for the ZDP Shares may fall below the applicable Issue Price and ZDP Shareholders may not realise their initial investment.

Interest rate rises are likely to lead to reductions in the market value of the Offered ZDP Shares

The market value of the Offered ZDP Shares will be affected by changes in general interest rates, with upward movements in interest rates likely to lead to reductions in the market value of the Offered ZDP Shares, as the differential in return profile between the Offered ZDP Shares and alternative investments is likely to narrow.

The ZDP Shares may trade at a discount

The ZDP Shares may trade at a discount to their Accrued Capital Entitlement, depending upon prevailing interest rates, the market for similar securities, general economic conditions and the financial condition and prospects of the Group. The value of the ZDP Shares can go down as well as up.

Other factors that may impact on market price and the realisable value of any Offered ZDP Shares

The market price and the realisable value of any Offered ZDP Shares will be affected by interest rates, supply and demand for those Offered ZDP Shares, market conditions and general investor sentiment. As such, the market value and the realisable value (prior to redemption) of any Offered ZDP Shares will fluctuate and may vary considerably. In addition, the published market price of the Offered ZDP Shares will be, typically, their middle market price. Due to the potential difference between the middle market price of the Offered ZDP Shares and the price at which the Offered ZDP Shares can be sold, there is no guarantee that the realisable value of the Offered ZDP Shares will be the same as the published market price.

Dilution

UIL Finance may issue further 2022 ZDP Shares and/or 2020 ZDP Shares under the Placing Programme, which may dilute the existing investors' interests in such classes of ZDP Shares. While UIL Finance is only permitted to: (i) issue 2022 ZDP Shares in circumstances where such issue would not reduce ZDP Cover of the 2022 ZDP Shares below 1.35x; (ii) issue 2020 ZDP Shares in circumstances where such issue would not reduce the ZDP Cover of the 2020 ZDP Shares or the 2022 ZDP Shares below 1.35x, such additional issues of 2022 ZDP Shares and 2020 ZDP Shares may dilute existing ZDP Shareholders' voting interests.

RISKS RELATING TO UIL AND UIL FINANCE

Insufficiency of working capital

If the conditions to the Rollover Offer, Initial Placing and Placing Programme are not satisfied and the Proposals do not proceed, the Group will need to make alternative arrangements to fund the redemption of the 2016 ZDP Shares on 31 October 2016. If such arrangements are not successful and the Group is unable to fund the redemption of the 2016 ZDP Shares on 31 October 2016, the bye-laws of UIL provide that the UIL Directors shall, *inter alia*, convene a special general meeting of UIL at which a resolution shall be proposed requiring that UIL be wound up voluntarily pursuant to the Bermuda Companies Act.

Past performance

The past performance of UIL and other investment companies managed or advised by the Joint Portfolio Managers or their affiliates is not indicative of the future performance of UIL. There can be no guarantee that UIL's investment objective will be achieved. UIL's ability to achieve returns may be adversely affected in the event of significant or sustained changes in market returns or volatility.

As with any investment in companies, UIL's investments may fall in value with the maximum loss on such investments being the value of the initial investment and, where relevant, any gains or subsequent investments made. If the total assets of the Group have fallen, based on the Assumptions, by more than 6.4 per cent. per annum from 23 June 2016 until 31 October 2022 the holders of the 2022 ZDP Shares will receive less than their Final Capital Entitlement.

Investment strategies

The success of the investment strategies followed by the Joint Portfolio Managers depends upon the Joint Portfolio Managers' success at correctly interpreting market data. Any factor which would make it more difficult to buy or sell investments in any country where UIL may invest may have an adverse effect on the profitability of UIL. No assurance can be given that the strategies to be used will be successful under all or any market conditions.

The performance of UIL's investment programme depends to a great extent on correct assessments of the future course of price movements of securities and other investments selected by the Joint Portfolio Managers. There can be no assurance that the Joint Portfolio Managers will be able to accurately predict these price movements. With respect to the investment strategies utilised by the Joint Portfolio Managers, there is always some, and occasionally a significant, degree of market risk. If UIL's investment strategy is unsuccessful this may have a material adverse effect on UIL's ability to meet its obligations to UIL Finance under the Subscription Agreement and thereby on UIL Finance's ability to pay the Final Capital Entitlement on the Offered ZDP Shares in full on the relevant ZDP Repayment Date.

Investment approach

UIL seeks to invest in undervalued investments and, in accordance with its investment policy, has the ability to make investments in a wide range of sectors and markets. UIL aims to maximise value for its Shareholders through a relatively concentrated portfolio of investments. Accordingly, UIL may be regarded as representing a different risk than a generalist investment company.

Any utilities and infrastructure companies in which UIL invests may, in general, be exposed to a higher level of political and regulatory risk than companies in the stock market as a whole. In certain countries, the utilities and infrastructure regulatory framework is still developing. The existing dominant market position of some utilities and infrastructure companies may be eroded as their sectors are exposed to greater competition as a result of regulatory steps.

UIL may invest in newly privatised companies or companies which subsequently become privatised and this may involve additional risks relating to the capital structures of such companies.

UIL's direct and indirect investment portfolio is relatively concentrated with the top 10 holdings accounting for approximately 87.0 per cent. of the portfolio (as at 30 April 2016, being the latest practicable date prior to publication of this document) and includes Utilico Emerging Markets Limited (an investment company investing in infrastructure, utility and related sectors, mainly in Emerging Markets), Somers Limited (a financial services sector holding company), Infracore Limited (a holding company with investments in the power and transportation sectors), Zeta Resources Limited (a holding company with investments in the resources sector), Bermuda First Investment Company Limited (a holding company with investments in Bermudan companies) and Vix Investments Limited (an investment company holding a number of investments in technology companies primarily related to financial technology), which may have common investments with UIL.

Investment policy

UIL's investment policy is broad in scope and permits investment in the securities of companies in specialist sectors and smaller and/or unquoted companies that can involve greater risk than is

customarily associated with investment in larger, more established companies. It may be difficult to value or realise investments in such companies as they are often less liquid and potentially subject to a greater degree of price fluctuation. Any factor which would make it more difficult to buy or sell investments may have an adverse effect on the profitability of UIL. Even successful investments made by UIL may be illiquid for prolonged periods of time. Proper information for determining the value of such securities or the risks to which they are exposed may not be readily available.

Debt instruments held by the Group will be affected by general changes in interest rates that will result in increases and decreases in the market value of those instruments. Debt instruments will also be subject to credit or default risks associated with such assets.

If the realisable value of the Group's assets is less than UIL's valuation of those assets or the Group suffers a loss on the debt instruments held within its portfolio, this may have a material adverse effect on UIL's ability to meet its obligations to UIL Finance under the Subscription Agreement and thereby on UIL Finance's ability to pay the Final Capital Entitlement on the Offered ZDP Shares in full on the relevant ZDP Repayment Date.

Economic Conditions

UIL and its investments are materially affected by conditions in the global financial markets and economic conditions throughout the world, including, but not limited to, rising interest rates, inflation, business and consumer confidence, availability of credit, currency exchange rates and controls, changes in laws, trade barriers, commodity prices, terrorism and political uncertainty. These factors are outside UIL's control and may affect the level and volatility of securities prices and the liquidity and the value of investments, which could adversely affect UIL's profitability, Net Asset Value and prices of the Group's securities.

During periods of adverse economic conditions, UIL may have difficulty accessing financial markets, which could make it more difficult or impossible for UIL to obtain funding for additional investments or the redemption of any class of ZDP Shares. For the avoidance of doubt, nothing in this paragraph constitutes a qualification of the working capital statement contained in Section B, paragraph 4 of Part 6 of this document.

ZDP Redemption Dates

In the event that a redemption date of any class of ZDP Share coincides with a period of extreme market volatility, UIL may be forced to liquidate certain of its investments at a materially disadvantageous point in time in order to generate sufficient redemption proceeds. An inability to delay a liquidation of such assets until such time as market conditions are more favourable may serve to materially prejudice future Shareholder returns, including but not limited to, the right of ZDP Shareholders (including the 2022 ZDP Shareholders and the 2020 ZDP Shareholders) to receive their full Final Capital Entitlement on the relevant ZDP Repayment Date.

Political and Country Risks

UIL may invest directly or indirectly (including through its investment in Utilico Emerging Markets Limited) in investments based in countries where regulatory frameworks are still developing. Such countries are likely to be predominantly those which are included in leading Emerging Market indices. There is no assurance that future political and economic conditions in the individual countries in which UIL directly or indirectly invests will not result in their governments adopting different policies with respect to foreign investment. Any such changes in policy may affect ownership of assets, taxation, rates of exchange, environmental protection, labour relations, repatriation of income and return of capital, thereby influencing UIL's ability to generate profits. Such policy changes could extend to the expropriation of assets.

Investment by foreign investors may require consents or be subject to limitations, and repatriation of investment income, capital and the proceeds of sales by foreign investors may require government registration and/or approval. UIL could be adversely affected by delays in or a refusal to grant any required government approval or by any lack of availability of foreign exchange.

Companies in some countries are not always subject to accounting, auditing and financial reporting standards, practices and disclosure requirements comparable to those applicable to companies incorporated in the United Kingdom. In addition, there may be less government supervision and regulation of stock exchanges, brokers and listed companies in some countries in which UIL may invest directly or indirectly compared to countries with more advanced securities markets. Notwithstanding the foregoing, UIL will continue to comply with any obligations applicable to the main market for listed securities of the London Stock Exchange and the premium segment of the Official List.

Risks relating to the referendum on the UK's continued membership of the EU

UIL, in common with other UK listed investment companies, faces potential risks associated with the proposed referendum on the United Kingdom's continued membership of the EU, currently planned to be held on 23 June 2016 and potential uncertainty preceding and following the referendum. This could result in prolonged uncertainty regarding aspects of the UK economy and, potentially, damage investors' confidence and may also lead to economic uncertainty in the EU as a whole. This could have adverse consequences for the prices of investments quoted on financial markets. Any of these risks could have a material adverse effect on UIL, including its financial position and may materially prejudice future Shareholder returns, including but not limited to, the right of ZDP Shareholders (including the 2022 ZDP Shareholders and the 2020 ZDP Shareholders) to receive their full Final Capital Entitlement on the relevant ZDP Repayment Date.

Other Investment Types

UIL has the flexibility to invest in shares, bonds, convertibles and other types of securities, including non-investment grade bonds and to invest in unlisted securities. UIL may also use derivative instruments such as American Depositary Receipts, promissory notes, foreign currency hedges, interest rate hedges, contracts for difference, financial futures, call and put options and warrants and similar instruments for investment purposes and efficient portfolio management, including protecting UIL's portfolio and balance sheet from major corrections and reducing, transferring or eliminating investment risks in its investments. There may not be a price correlation between price movements in the underlying securities, currency or index, on the one hand, and price movements in the investments which are the subject of the hedge, on the other hand, leading to losses due to UIL's hedging strategy. No assurance can be given that the hedging strategies which may be used by UIL will be successful under all or any market conditions.

These instruments are also subject to credit, liquidity and interest rate risks. Adverse changes in the financial position of an issuer of such securities or economic conditions generally may increase counterparty risk by impairing the ability of the issuer to make payments of interest or principal. Furthermore, if any of UIL's counterparties were to default on their obligations under derivative contracts it could have a material adverse effect on UIL, including its financial position, and may materially prejudice future Shareholder returns, including but not limited to, the right of ZDP Shareholders (including the 2022 ZDP Shareholders and the 2020 ZDP Shareholders) to receive their full Final Capital Entitlement on the relevant ZDP Repayment Date.

UIL holds shares linked to a segregated account of GERP, an unquoted Bermuda segregated accounts company, for the sole purpose of carrying out derivative transactions at the request of and on behalf of UIL in order that it may make investments more efficiently and for the purposes of efficient portfolio management. Under the terms of a loan agreement entered into between GERP and UIL, GERP may draw down funds from UIL to meet certain costs and liabilities arising from any assets held in UIL's segregated account. Accordingly, in the event that UIL's hedging policies (implemented through its investment in GERP) lead to losses being suffered or funds being required by GERP, UIL may be obliged to provide loans to GERP under the terms of this loan agreement. Although UIL does not currently expect to be required to provide material loans to GERP, if UIL is required to provide such loans this could result in losses being suffered by UIL and have a material adverse effect on UIL, including its financial position and may materially prejudice future Shareholder returns, including but not limited to, the right of ZDP Shareholders (including the 2022 ZDP Shareholders and the 2020 ZDP Shareholders) to receive their full Final Capital Entitlement on the relevant ZDP Repayment Date.

UIL may invest in unlisted and unquoted securities. These types of securities are generally subject to higher valuation uncertainties and liquidity risks than securities listed or traded on a regulated market. If the realisable value of these assets is less than UIL's valuation of these assets, this may have a material adverse effect on UIL's ability to meet its obligations to UIL Finance under the Subscription Agreement and thereby on UIL Finance's ability to pay the Final Capital Entitlement on the Offered ZDP Shares in full on the relevant ZDP Repayment Date.

A proportion of UIL's portfolio may be held in cash from time to time. Such proportion of UIL's assets will be out of the market and will not benefit from positive stock market movements.

Investment in Investment Companies

It is not a central part of UIL's investment policy to invest in other investment companies. However, subject to the investment restrictions set out in Part 2 of this document, UIL has the flexibility to invest in other investment companies and in particular has significant investments in Utilico Emerging Markets Limited, Somers Limited, Infracore Limited, Zeta Resources Limited, Bermuda First Investment Company Limited and Vix Investments Limited. Investment in other investment companies can expose UIL to further layers of fees (although the Joint Portfolio Managers will not earn a management fee in respect of assets invested by UIL in other funds managed or advised by the Joint Portfolio Managers or their associates) and gearing. Underlying investment companies may also invest in other investment companies (but cross investment between investment companies is not expected to be a factor, though it will be assessed at the time of any investment).

Special Situations

UIL may invest in companies involved in (or the target of) acquisition attempts or tender offers or companies involved in work-outs, liquidations, spin-offs, reorganisations, bankruptcies and similar transactions. There exists the risk that the transaction in which such business enterprise is involved either will be unsuccessful, take considerable time, or will result in a distribution of cash or a new security the value of which will be less than the purchase price of the security or other financial instrument in respect of which such distribution is received. Similarly, if an anticipated transaction does not in fact occur, UIL may be required to sell its investment at a loss. Because there may be uncertainty concerning the outcome of transactions involving financially troubled companies in which UIL may invest, there is a potential risk of loss by UIL of its entire investment in such companies which may have a material adverse effect on future Shareholder returns, including but not limited to, the right of ZDP Shareholders (including the 2022 ZDP Shareholders and the 2020 ZDP Shareholders) to receive their full Final Capital Entitlement on the relevant ZDP Repayment Date.

Borrowings

UIL uses gearing in addition to the structural gearing provided by the ZDP Shares. Gearing can be employed in a variety of ways, including direct borrowing, buying securities on margin and the use of futures, warrants, options and other derivative products. Generally, gearing is used to increase the overall level of investment in a portfolio. Higher investment levels may offer the potential for higher returns. This exposes investors to increased risk as gearing can increase the portfolio's market exposure and volatility. In particular, whilst the use of borrowings should enhance the total return on UIL's portfolio where the return on UIL's underlying assets is rising and exceeds the cost of borrowing, it will have the opposite effect where the underlying return is falling, further reducing the total return on UIL's portfolio. Furthermore, should any fall in the underlying asset value result in UIL breaching financial covenants contained in any loan facilities, it may be required to repay such borrowings in whole or in part together with any attendant costs. Such a requirement could result in UIL being forced to sell investments at lower prices than would normally be obtained. This could adversely affect the capital and income returns to Shareholders including, but not limited to, the right of ZDP Shareholders (including the 2022 ZDP Shareholders and the 2020 ZDP Shareholders) to receive their full Final Capital Entitlement on the relevant ZDP Repayment Date.

Exchange Risks

UIL invests a substantial part of its assets in securities which are not denominated or quoted in Sterling, the base currency of UIL. The Group's Net Asset Value is reported in Sterling, part of the

borrowings of UIL are incurred (and interest paid) in Sterling, the accrual on the ZDP Shares (including the 2022 ZDP Shares and the 2020 ZDP Shares) is in Sterling terms and dividends (if any) will be declared and paid in Sterling. The movement of exchange rates between Sterling and any other currencies in which UIL's investments are denominated or the base currency of an investor may have a separate effect, unfavourable as well as favourable, on the return otherwise experienced on the investments made by UIL. Hedging arrangements relating to foreign currency returns and exposures, if any are put in place, may or may not have the desired effect.

Those persons who acquire or hold Offered ZDP Shares and whose base currency is not Sterling will have a currency risk by virtue of holding such securities.

Shareholder Diversity

The Shareholders and ZDP Shareholders may include taxable and tax-exempt entities and persons or entities organised and residing in various jurisdictions, who may have conflicting investment, tax and other interests with respect to their investments in the Group. The conflicting interests of individual holders of Ordinary Shares and holders of each class of ZDP Shares may relate to or arise from, among other things, the nature of investments made by UIL, and the timing of the acquisition and disposition of investments. Conflicts of interest may arise in connection with decisions made by the Joint Portfolio Managers, including the selection of investments which may be more beneficial for one Shareholder or ZDP Shareholder than for another Shareholder or ZDP Shareholder. In selecting and structuring investments appropriate for the Group, the Joint Portfolio Managers will consider the investment and tax objectives of the Group as a whole, not the investment, tax or other objectives of any Shareholder or ZDP Shareholder of the Group individually.

Potential Conflicts of Interest

The Joint Portfolio Managers currently serve as joint portfolio managers to Utilico Emerging Markets Limited as well as UIL, and the Joint Portfolio Managers and their respective associates may be involved in other financial, investment or professional activities in the future, including advising other investment clients. In particular, they may provide investment management, investment advice or other services in relation to investment companies which may have similar investment policies to that of UIL. As a result, the Joint Portfolio Managers may have conflicts of interest in allocating investments among UIL and other clients, including ones in which they or their respective affiliates may have a greater financial interest.

The Joint Portfolio Managers have undertaken to take all reasonable steps to avoid conflicts of interest. If such conflicts of interest cannot be avoided the Joint Portfolio Managers shall take all reasonable steps to identify, manage, monitor and (where applicable) disclose those conflicts of interest in order to prevent them from adversely affecting the interests of UIL and Shareholders, and to ensure that UIL is treated fairly.

UIL and Utilico Emerging Markets Limited both invest in infrastructure, utility and related companies. As a result it is possible that conflicts of interest may arise with regard to potential investments. To minimise this risk an investment allocation policy has been adopted by both companies. This policy is described in paragraph 5 of Part 4 of this document.

Risk relating to the Joint Portfolio Managers

The Joint Portfolio Managers have, subject to compliance with the investment policy of UIL, substantial discretion in the management of UIL's interests including the selection of the industry, geography, investment strategy and the timing of investments. While the UIL Board will review compliance with the investment policy and may direct the Joint Portfolio Managers to take certain actions in connection with UIL's investments, the UIL Board is not expected to review or approve all individual investment decisions.

The ability of UIL to achieve its stated investment objective is significantly dependent upon the expertise of the Joint Portfolio Managers and their ability to attract and retain suitable staff. UIL is also reliant upon the skills of the UIL Directors and the loss of any of these could reduce its ability to achieve its stated investment objective. The Joint Portfolio Managers have endeavoured to ensure that

the principal members of their management teams are suitably incentivised, but the retention of such staff cannot be guaranteed.

There can be no assurance that the UIL Directors will be able to find a replacement manager if the Joint Portfolio Managers resign. In this event the Directors would have to formulate and put to the Shareholders proposals for the future of UIL.

Operational and reputational risks

UIL relies heavily on the Joint Portfolio Managers' and Administrator's financial, accounting and other data processing systems. If any of these systems do not operate properly or are disabled, UIL could suffer financial loss, a disruption of its businesses, regulatory intervention or reputational damage. The disaster recovery programs of the Joint Portfolio Managers and the Administrator may not be sufficient to mitigate the harm that may result from such a disaster or disruption. In addition, insurance and other safeguards might only partially reimburse UIL for its losses, if at all. It is also possible that, from time to time, the Joint Portfolio Managers or UIL will be named as parties to litigation, which could cause substantial reputational damage to UIL or disrupt its investment strategy, business or potential growth.

Calculation of Net Asset Value

In calculating UIL's Net Asset Value the Administrator will rely on the UIL Board's valuations of unlisted companies in which UIL invests. Such valuations may be unaudited or may be subject to little verification or other due diligence and may not comply with generally accepted accounting practices or other valuation principles. If the realisable value of UIL's assets is less than its valuation of those assets this may have a material adverse effect on future Shareholder returns, including but not limited to, the right of ZDP Shareholders (including the 2022 ZDP Shareholders and the 2020 ZDP Shareholders) to receive their full Final Capital Entitlement on the relevant ZDP Repayment Date.

Taxation

The Finance Act 2013 introduced disguised interest provisions intended to make returns which are economically equivalent to interest subject to tax as income not capital. If the provisions apply to the ZDP Shares, it is likely that the return on the ZDP Shares would be subject to tax as income in the hands of UK resident individuals and others who are subject to UK income tax. There is an exception to these provisions and the UIL Finance Directors and their advisers have concluded that it should apply to the ZDP Shares but more information is given in Part 7 of this document.

Any change in the Group's tax status or in taxation legislation or practice in the United Kingdom or elsewhere, could affect the value of the investments held by the Group and the Group's ability to provide returns to Shareholders and could also affect the tax treatment of the ZDP Shares and the tax treatment of their Final Capital Entitlement.

Statements in this document concerning the taxation of Shareholders are based upon current UK and Bermuda tax law and published practice, which law and practice are in principle subject to change (potentially with retrospective effect) that could adversely affect the ability of UIL to meet its investment objective. Statements in this document in particular take into account the United Kingdom offshore fund rules. Should UIL or any class of Shares be regarded as subject to the UK offshore fund rules, this may have adverse tax consequences for certain classes of UK resident Shareholders on the disposal of the 2022 ZDP Shares and/or the 2020 ZDP Shareholders.

No Investment Company Act registration

Neither UIL nor UIL Finance has been or will be registered under the Investment Company Act. The Investment Company Act provides certain protections to investors and imposes certain restrictions on registered investment companies, none of which have been or will be applicable to UIL or UIL Finance. To avoid being required to register as an investment company under the Investment Company Act and to avoid violating the Investment Company Act, UIL Finance has implemented restrictions on the ownership of the ZDP Shares (including the 2022 ZDP Shares and the 2020 ZDP Shares), which may require certain ZDP Shareholders' to transfer their shareholdings.

No Takeover Protection

UIL is incorporated in Bermuda and is managed and controlled outside the UK. For those reasons the City Code does not apply to UIL. It is emphasised that, although the Ordinary Shares are admitted to the premium listing segment of the Official List and are traded on the main market for listed securities of the London Stock Exchange, UIL is not subject to takeover regulation in the UK. It follows that Shareholders are not entitled to the protections afforded by the City Code, and there are no similar protections under Bermuda law. In particular, it will be possible for an individual investor or a group of investors acting in concert to acquire Ordinary Shares representing 30 per cent. or more of the issued share capital of UIL or to exercise control over UIL's affairs without being under an obligation to make an offer to acquire the Ordinary Shares not owned by them, as would be required by Rule 9 of the City Code.

As at 17 May 2016, the Ordinary Shares held by GPLPF represented 61.8 per cent. of the voting rights exercisable on a poll at a general meeting of UIL.

Enforcement of Judgements

As UIL and UIL Finance are Bermuda exempted companies, the rights of Shareholders and ZDP Shareholders are governed by Bermuda law and the Memorandum of Association and Bye-laws of UIL and UIL Finance. The rights of shareholders under Bermuda law may differ from the rights of shareholders of companies incorporated in other jurisdictions. The majority of the Directors referred to in this document are not residents of the UK and a significant part of the Group's assets is expected to be located outside of the UK. As a result, it may be difficult for investors to effect service of process on those persons in the UK or to enforce UK judgements obtained in the UK courts against UIL, UIL Finance or those persons who may be liable under UK law.

Alternative Investment Fund Managers Directive

The AIFM Directive, which was due to be transposed by EU Member States into national law by July 2013 (and has been transposed in the United Kingdom) seeks to regulate alternative investment fund managers (in this paragraph, **AIFM**) and imposes obligations on managers who manage alternative investment funds (in this paragraph, **AIF**) in the EU or who market shares in such funds to EU investors. In order to obtain authorisation under the AIFM Directive, an AIFM needs to comply with various obligations in relation to the AIF, which may create significant additional compliance costs, some of which may be passed to investors in the AIF.

UIL is a non-EU AIF for the purposes of the AIFM Directive and related regimes in relevant EU Member States. Following national transposition of the AIFM Directive in a given EU Member State, the marketing of shares in AIFs that are established outside the EU (such as UIL) to investors in that EU Member State will be prohibited unless certain conditions are met. Certain of these conditions are outside UIL's control as they are dependent on the regulators of the relevant third country (in this case Bermuda) and the relevant EU Member State entering into regulatory co-operation agreements with one another. UIL cannot guarantee that such conditions will be satisfied. Bermuda has entered into a co-operation agreement with the United Kingdom. In cases where the conditions are not satisfied, the ability of UIL to market its shares or raise further equity capital in the relevant EU Member States may be limited or removed.

Any regulatory changes arising from implementation of the AIFM Directive (or otherwise) that limit UIL's ability to carry on its business or to market future issues of its shares may materially adversely affect UIL's ability to carry out its investment policy successfully and to achieve its investment objective, which in turn may have a material adverse effect on future Shareholder returns, including but not limited to, the right of ZDP Shareholders (including the 2022 ZDP Shareholders and/or the 2020 ZDP Shareholders) to receive their full Final Capital Entitlement on the relevant ZDP Repayment Date.

NMPI Regulations

On 1 January 2014 the Unregulated Collective Investment Schemes and Close Substitutes Instrument 2013 (the **NMPI Regulations**) came into force in the UK. The NMPI Regulations extend the application

of the existing UK regime restricting the promotion of unregulated collective investment schemes by FCA authorised persons (such as independent financial advisers) to other “non-mainstream pooled investments” (or “NMPs”). From 1 January 2014, FCA authorised independent financial advisers and other financial advisers are restricted from promoting NMPs to retail investors who do not meet certain high net worth tests or who cannot be treated as sophisticated investors.

The ZDP Shares (including the 2022 ZDP Shares and the 2020 ZDP Shares) are excluded from the FCA’s restrictions which apply to non-mainstream pooled investments because UIL Finance’s payment obligations to investors in respect of the ZDP Shares are wholly or predominantly linked to, contingent on, highly sensitive to or dependent on, the performance of or changes in the value of shares, debentures or government and public securities.

If the ZDP Shares cease to be excluded securities for the purposes of the NMPI Regulations and the FCA does not otherwise grant a waiver, the ability of UIL Finance to raise further capital from retail investors may be affected. In this regard, it should be noted that, whilst the publication and distribution of a prospectus (including this document) is exempt from the NMPI Regulations, other communications by “approved persons” could be restricted (subject to any exemptions or waivers).

United States (U.S.) Tax Withholding and Reporting under the Foreign Account Tax Compliance Act (FATCA)

The Government of the United States of America and the Government of Bermuda have entered into a Model 2 intergovernmental agreement (the **US-Bermuda IGA**) in relation to the application of FATCA in Bermuda and to Bermuda persons. The US-Bermuda IGA provides for applicable/affected Bermuda persons to register and/or enter into agreements and/or file required information directly with the US Internal Revenue Service (the **IRS**), including due diligence, reporting and withholding. The US-Bermuda IGA is intended to ensure that there are no local restrictions on or prohibitions for a Bermuda person to comply with FATCA. Assuming registration and compliance pursuant to the US-Bermuda IGA, a non-US financial institution (a **foreign financial institution** or **FFI**) would be treated as compliant with FATCA and not subject to withholding.

FATCA imposes a new reporting regime and potentially a 30 per cent. withholding tax on certain payments made from (or attributable to) US sources or in respect of US assets (**US source payments**) to certain categories of recipient, including: (a) an FFI that does not comply with the terms of FATCA and is not otherwise exempt (a **nonparticipating FFI**); and (b) an accountholder which has failed to comply with certain documentation or information requirements under FATCA and is not otherwise exempt (a **recalcitrant accountholder**). Pursuant to the terms of the US-Bermuda IGA, certain Bermuda financial institutions (**reporting financial institutions**) will be required to provide certain information about their accountholders who are specified US persons or nonparticipating FFIs (both as defined in the US-Bermuda IGA) to the IRS, and to withhold on US source payments to accountholders which are nonparticipating FFIs and, in certain limited circumstances, recalcitrant accountholders, pursuant to the terms of an FFI Agreement (as defined in the US-Bermuda IGA).

Each of UIL and UIL Finance has registered with the IRS as a reporting financial institution for the purposes of FATCA. Accordingly, UIL and UIL Finance respectively will be required to comply with the terms of an FFI Agreement (as defined in the US-Bermuda IGA), the reporting and withholding requirements in respect of Shareholders and their interests outlined above. However, for so long as UIL’s and UIL Finance’s shares are admitted to trading on the Main Market of the London Stock Exchange, neither UIL nor UIL Finance may need to carry out any reporting or withholding in respect of the Shareholders or their interests (whether or not the Shareholders are nonparticipating FFIs, specified US persons or recalcitrant accountholders) to the extent that its shares are treated as regularly traded on an established securities market and do not, therefore constitute financial accounts for FATCA purposes. In such circumstances, UIL and/or UIL Finance may still need to file a nil return with the IRS.

UIL and UIL Finance are complying with the terms of FATCA by registering and reporting financial institutions for the purposes of FATCA and complying with the terms of an FFI Agreement and all other terms of the reporting and withholding system contemplated by the US-Bermuda IGA and

FATCA (insofar as applicable under the terms of the US-Bermuda IGA). No assurance can, however, be provided that UIL and/or UIL Finance will continue to be able to comply with FATCA and, in the event that UIL is not able to do so, a 30 per. cent withholding tax may be imposed on US source payments made to UIL, which may reduce the amounts available to it to make payments to its Shareholders including to UIL Finance under the Subscription Agreement to enable it to pay the Final Capital Entitlement on the relevant ZDP Repayment Date in full.

UK-Bermuda Intergovernmental Agreement

In November 2014 the governments of the UK and Bermuda signed an intergovernmental agreement (**UK-Bermuda IGA**) under which certain disclosure requirements are imposed in respect of certain investors in UIL and UIL Finance who are resident in the UK or, in the case of entities, are controlled by one or more residents in the UK. According to guidance which is currently published in draft form, the UK-Bermuda IGA is to be implemented through Bermuda's domestic legislation. Accordingly, the full impact of the UK-Bermuda IGA on UIL, UIL Finance and their reporting responsibilities pursuant to the UK-Bermuda IGA remain uncertain.

Common Reporting Standards

In 2014, the OECD announced the 'Common Reporting Standard' (**CRS**) which is intended to become an international standard for financial account reporting. As a result, Bermuda is likely to sign up to further intergovernmental agreements with other countries (future IGAs) similar to the US and UK IGAs for reporting to the fiscal authorities (**foreign fiscal authorities**) of countries that adopt the CRS. The US has not yet adopted the CRS and one difference to note between the US IGA and the CRS is that reporting is to be made between the competent authorities of the relevant jurisdictions (rather than between an issuer and foreign fiscal authorities directly). At this time, neither the identity of the competent authority in Bermuda for the purposes of the CRS (**Competent Authority**) nor the mechanism through which UIL and UIL Finance would provide information to the Competent Authority is yet known.

If prospective investors are in any doubt as to the consequences of their acquiring, holding or disposing of Offered ZDP Shares, they should consult their stockbroker, bank manager, solicitor, accountant or other independent financial adviser.

An investment in any Offered ZDP Shares is suitable only for investors who are capable of evaluating the merits and risks of such an investment and who have sufficient resources to be able to bear losses (which may equal the whole amount invested) that may result from such an investment. An investment in any Offered ZDP Shares should constitute part of a diversified investment portfolio. Typical investors are expected to be professional investors and professionally advised private investors. If investors are in any doubt as to the consequences of their acquiring or holding any Offered ZDP Shares or disposing of 2016 ZDP Shares, or whether an investment in 2022 ZDP Shares or the 2020 ZDP Shares is suitable for them in the light of information contained in this document or their personal circumstances including the financial resources available to them, they should consult their stockbroker or other independent financial adviser authorised under FSMA or, in the case of investors outside the United Kingdom, another appropriately authorised independent financial adviser before making their own decision to invest in Offered ZDP Shares.

Any potential investor in any Offered ZDP Shares must determine the suitability of that investment in light of his own circumstances. In particular, each potential investor should:

- (a) have sufficient knowledge and experience to make a meaningful evaluation of: (i) the Offered ZDP Shares; (ii) the merits and risks of investing in the Offered ZDP Shares; and (iii) the information contained or incorporated by reference in this document or any applicable supplement;
- (b) have access to, and knowledge of, appropriate analytical tools to evaluate, in the context of his particular financial situation, an investment in the Offered ZDP Shares and the impact such investment will have on his overall investment portfolio;
- (c) have sufficient financial resources and liquidity to bear all of the risks of an investment in the Offered ZDP Shares;
- (d) understand thoroughly the terms of the Offered ZDP Shares and be familiar with the behaviour of financial markets in which they participate; and
- (e) be able to evaluate (either alone or with the help of a financial adviser) possible scenarios for economic, interest rate and other factors that may affect his investment and his ability to bear the applicable risks.

The contents of this document or any other communications from UIL Finance, UIL, the Joint Portfolio Managers or Stockdale Securities and any of their respective affiliates, directors, officers, employees or agents are not to be construed as advice relating to legal, financial, taxation, investment or any other matters. Prospective investors in the 2022 ZDP Shares and/or the 2020 ZDP Shares should inform themselves as to:

- the legal requirements within their own countries for the purchase, holding, transfer or other disposal of Offered ZDP Shares;
- any foreign exchange restrictions applicable to the purchase, holding, transfer or other disposal of Offered ZDP Shares which they might encounter; and
- the income and other tax consequences which may apply in their own countries as a result of the purchase, holding, transfer or other disposal of Offered ZDP Shares.

Prospective investors must rely upon their own representatives, including their own legal advisers and accountants, as to legal, tax, investment or any other related matters concerning the Group and an investment in the Offered ZDP Shares.

An investment in the Offered ZDP Shares should be regarded as a long-term investment. There can be no assurance that UIL Finance will be able to pay the Final Capital Entitlement on the relevant ZDP

Repayment Date in full. It should be remembered that the price of securities and the income from them can go down as well as up.

CONSEQUENCES OF A STANDARD LISTING

The 2016 ZDP Shares, 2018 ZDP Shares and 2020 ZDP Shares are, and application will be made for the 2022 ZDP Shares to be, admitted to the standard segment of the Official List pursuant to Chapter 14 of the Listing Rules, which sets out the requirements for standard listings. A standard listing affords ZDP Shareholders a lower level of regulatory protection than that afforded to investors in securities that are admitted to the premium segment of the Official List.

As a consequence of the standard listing of the ZDP Shares, the additional ongoing requirements and protections applicable to a premium listing under the Listing Rules do not apply to UIL Finance or to the ZDP Shares. UIL Finance is not required to comply with the provisions of, among other things:

- Chapter 8 of the Listing Rules regarding the appointment of a listing sponsor to guide the company in understanding and meeting its responsibilities under the Listing Rules in connection with certain matters;
- Chapter 9 of the Listing Rules relating to continuing obligations;
- Chapter 10 of the Listing Rules relating to significant transactions which requires shareholder consent for certain acquisitions;
- Chapter 11 of the Listing Rules regarding related party transactions;
- Chapter 12 of the Listing Rules regarding purchases by an issuer of its own shares; and
- Chapter 13 of the Listing Rules regarding the form and content of circulars to be sent to shareholders.

The ZDP Shareholders will therefore not receive the full protections of the Listing Rules associated with a premium listing on the Official List. UIL however, as an issuer with a premium listing of its securities, does comply with the requirements of these Listing Rules as they relate to it and its subsidiary undertakings. In addition, the Subscription Agreement and UIL Finance's Bye-laws contain provisions, as outlined in more detail in Part 5 and Part 9 of this document, which are designed to protect the interests of ZDP Shareholders.

Listing Rule 14.3 sets out the continuing obligations applicable to an issuer of ZDP Shares and requires that all the issuer's listed securities must be admitted to trading on a regulated market at all times. UIL Finance must have a minimum number of shares (25 per cent.) of any listed class in public hands at all times in the relevant jurisdictions (or such lower percentage that the FCA may agree to if it considers that the market will operate properly with a lower percentage in view of the large number of shares of the same class and the extent to their distribution to the public) and must notify the FCA as soon as possible if these holdings fall below the stated level. There are a number of other continuing obligations set out in Chapter 14 of the Listing Rules that will be applicable to an issuer of ZDP Shares. These include requirements as to:

- (a) the forwarding of circulars and other documentation to the FCA for publication through the national storage mechanism, and related notification to an Regulatory Information Service;
- (b) the form and content of temporary and definitive documents of title;
- (c) the appointment of a registrar;
- (d) the RIS notification obligation in relation to a range of debt and equity capital issues; and
- (e) compliance with the Disclosure and Transparency Rules.

Prospective investors should note that actual outcomes can be expected to differ from these illustrations. The illustrations are not guarantees of future performance and involve certain risks and uncertainties that are hard to predict. Investors should therefore not rely on the illustrations. To holders of 2016 ZDP Shares and, for information only, to holders of Ordinary Shares, 2018 ZDP Shares and 2020 ZDP Shares

INTRODUCTION

Your Board has today announced detailed proposals to provide holders of existing 2016 ZDP Shares with the opportunity to roll over some or all (subject to the overall limits of the Rollover Offer) of their 2016 ZDP Shares into a new class of 2022 ZDP Shares. Your Board has also announced proposals for an Initial Placing of up to 50 million 2022 ZDP Shares (less the number of 2022 ZDP Shares issued pursuant to the Rollover Offer) and a Placing Programme of up to 25 million 2020 ZDP Shares and up to 50 million 2022 ZDP Shares (less the number of 2020 ZDP Shares issued pursuant to the Rollover Offer and the Initial Placing).

In addition, the UIL Board has today announced the proposed acquisition of further ordinary shares in Somers and a separate circular is being sent to UIL Shareholders for their approval in relation thereto.

The purpose of this letter is to explain the Proposals and why your Board considers them in the best interests of ZDP Shareholders as a whole.

BACKGROUND TO THE PROPOSALS

UIL Finance currently has three series of ZDP Share in issue. These are due for redemption on 31 October in 2016, 2018 and 2020 respectively. The aggregate redemption sum payable on the redemption of the 2016 ZDP Shares is approximately £91.6 million. This will be due on 31 October 2016. Following discussions regarding the payment of the Final Capital Entitlement in respect of the 2016 ZDP Shares, the UIL Finance Directors concluded that they wish to provide 2016 ZDP Shareholders with the opportunity to remain invested in the Group and as a result have formulated the Proposals, which consist of the Rollover Offer, Initial Placing and Placing Programme.

THE ROLLOVER OFFER

Under the Rollover Offer, each Qualifying Holder of 2016 ZDP Shares on the Record Date will be given the opportunity to rollover some or all of their Qualifying Holding (subject to the overall limits of the Rollover Offer) into new 2022 ZDP Shares. The Rollover Value attributed to each 2016 ZDP Share will be equal to its Accrued Capital Entitlement as at the Rollover Date. The new 2022 ZDP Shares arising on the conversion of 2016 ZDP Shares pursuant to the Rollover Offer will be deemed to be issued at the 2022 ZDP Share issue price, which will be 100p per 2022 ZDP Share.

The 2022 ZDP Shares will have a Gross Redemption Yield of 6.25 per cent. and a maturity date of 31 October 2022. Investors should note that the predetermined capital entitlement of the ZDP Shares is not guaranteed and is dependent upon UIL having sufficient assets to satisfy its obligations to UIL Finance under the Subscription Agreement. There is no present intention to put forward further proposals to 2016 ZDP Shareholders in advance of the ZDP Repayment Date on 31 October 2016.

THE INITIAL PLACING AND THE PLACING PROGRAMME

UIL Finance intends to issue up to 25 million 2020 ZDP Shares and up to 50 million 2022 ZDP Shares (less the number of 2022 ZDP Shares issued under the Rollover Offer) pursuant to the Initial Placing and the Placing Programme.

Under the Initial Placing, UIL Finance is proposing to issue up to 50 million 2022 ZDP Shares (less the number of 2022 ZDP Shares issued under the Rollover Offer) at the Initial Placing Price, which will be 100p per 2022 ZDP Share. Stockdale Securities has agreed under the Placing Agreement to use its reasonable endeavours to procure placees for 2022 ZDP Shares at the Initial Placing Price. Details of the Placing Agreement are set out in paragraph 8.11 of Part 9 of this document. The Initial Placing will close at 11.00 a.m. on 17 June 2016 (or such later date, not being later than 31 July 2016, as UIL Finance and Stockdale Securities may agree). If the Initial Placing is extended, the revised timetable will be notified via a Regulatory Information Service.

Under the Placing Programme, UIL Finance has the ability to issue up to 25 million 2020 ZDP Shares and up to 50 million 2022 ZDP Shares (less the number of 2022 ZDP Shares issued under the Rollover Offer and the Initial Placing) at the applicable Issue Price. The Placing Programme is flexible and may have a number of closing dates in order to provide UIL Finance with the ability to issue Placing ZDP Shares over a period of time. The Placing Programme will open on 18 May 2016 and will close on 17 May 2017 (or any earlier date on which it is fully subscribed). The Placing ZDP Shares will, when issued, rank equally with the ZDP Shares of the relevant class then in issue.

The illustrative financial effects of the Proposals set out in this document are based on the Assumptions which assume an issue of 50 million 2022 ZDP Shares pursuant to the Rollover Offer, Initial Placing and Placing Programme and 11.8 million 2020 ZDP Shares pursuant to the Placing Programme.

BENEFITS OF THE PROPOSALS

The UIL Finance Board believes the Proposals have the following advantages:

- to allow 2016 ZDP Shareholders to remain invested in the Group;
- to allow UIL Finance to issue a new class of 2022 ZDP Shares to satisfy demand over a period of time;
- to increase the number of 2022 ZDP Shares in issue following completion of the Rollover Offer, thereby enabling UIL Finance to attract a wider range of investors which, in turn, would be expected to improve the liquidity in the 2022 ZDP Shares;
- to increase the number of 2020 ZDP Shares in issue which would be expected to improve the liquidity in the 2020 ZDP Shares; and
- to raise new funds to assist in financing the amount required for the redemption of the 2016 ZDP Shares.

As at 10 May 2016, being the latest practicable date prior to the publication of this document, UIL's borrowings under the Existing Loan Facility of £50 million from Scotiabank amounted to £47.7 million, reflecting the realisation of some investments from UIL's portfolio. The terms of the New Loan Facility with Scotiabank, which enable UIL to borrow a further £25 million from 31 October 2016 for a period of up to six months, are summarised below in paragraph 8.7 of Part 9 of this document.

UIL intends to continue to realise further investments from its portfolio which, when taken together with the proceeds from the Initial Placing, the Placing Programme and borrowings under the Existing Loan Facility and the New Loan Facility are expected to provide the balance of funding required to finance the redemption of the 2016 ZDP Shares on 31 October 2016. In the event that proceeds pursuant to the Initial Placing and the Placing Programme are lower than expected, UIL intends to realise further investments in order to redeem the 2016 ZDP Shares on 31 October 2016 as set out in "Working capital" below.

THE ROLLOVER OFFER

Under the Rollover Offer, holders of 2016 ZDP Shares are being given the opportunity to convert some or all of their holding of 2016 ZDP Shares (subject to the overall limits of the Rollover Offer) into new 2022 ZDP Shares. The Rollover Value attributed to the 2016 ZDP Shares will be equal to their Accrued Capital Entitlement as at the Rollover Date. The Rollover Offer is limited to a maximum of 55.979 per cent. of the 2016 ZDP Shares in issue at the Record Date and each Qualifying Holder on the Register on the Record Date will be entitled to have accepted under the Rollover Offer his or her Basic Entitlement, which is equal to 55.979 per cent. of their holding of 2016 ZDP Shares as at the Record Date, subject to the UIL Finance Directors not exercising their discretion to scale back elections under the Rollover Offer as described below.

The rights attaching to the 2022 ZDP Shares will be substantially similar to those attaching to the 2016 ZDP Shares although no ZDP Shares will be issued at a price which has the effect of reducing the ZDP Cover for the 2022 ZDP Shares, at or around the time of the issue of such additional ZDP Shares, below 1.35x. In addition, subject to Rollover Offer and Initial Admission occurring, the 2022 ZDP Shares will have an illustrative initial capital entitlement on 23 June 2016 of 100p per 2022 ZDP Share and will have a Final Capital Entitlement of 146.99p per 2022 ZDP Share on 31 October 2022, the 2022 ZDP Repayment Date, equivalent to a Gross Redemption Yield of 6.25 per cent. per annum on the 2022 ZDP Share issue price.

As with the 2016 ZDP Shares, the 2022 ZDP Shares will not carry the right to vote at general meetings of UIL or UIL Finance but they will carry the right to vote as a class on certain proposals which would be likely to affect materially their position. The 2022 ZDP Shares will carry no entitlement to income and the whole of any return will therefore take the form of capital.

Subject to completion of the Rollover Offer, each 2016 ZDP Share validly elected to be rolled over will be converted into 1.8804 2022 ZDP Shares to be issued on the terms set out in the New UIL Finance Bye-Laws. Fractions of 2022 ZDP Shares will not be issued. The number of 2022 ZDP Shares arising pursuant to an election under the Rollover Offer will be rounded down to the nearest whole number and any excess monies will be retained by UIL Finance.

The Rollover Offer is open to all Qualifying Holders on the Register at the Record Date (such Qualifying Holders being Eligible Shareholders). All such persons shall be entitled to have accepted in the Rollover Offer valid elections in respect of his or her Basic Entitlement. In addition, Eligible Shareholders may make elections in excess of their Basic Entitlement but such excess elections will only be satisfied to the extent that other 2016 ZDP Shareholders have not made valid elections in respect of all or any part of their Basic Entitlement. Elections in excess of the Basic Entitlement will be satisfied *pro rata* in proportion to the excess over the Basic Entitlement elected, rounded down to the nearest whole number of 2016 ZDP Shares and subject to the exercise of the UIL Finance Directors' discretion to scale back elections under the Rollover Offer as described below.

In order to elect to participate in the Rollover Offer, 2016 ZDP Shareholders are advised to refer to the section entitled "Action to be Taken" on pages 36 and 37 of this document and to complete the Form of Election in accordance with the instructions printed thereon or submit a TTE Instruction through CREST, in each case in accordance with the instructions set out in this document.

UIL Finance reserves the absolute right to inspect (either itself or through its agents) all Forms of Election and may consider void and reject any Form of Election that does not, in the UIL Finance Board's sole judgement (acting reasonably), meet the requirements of the Rollover Offer. UIL Finance also reserves the absolute right to waive any defect or irregularity in relation to the acceptance of the Rollover Offer by Eligible Shareholders, including any Form of Election (in whole or in part) which is not entirely in order or which is received after the Closing Date, missing share certificate(s) and/or other document(s) of title or an indemnity acceptable to UIL Finance in lieu thereof. None of UIL Finance, UIL, the Receiving Agent or any other person will be under any duty to give notification of any defects or irregularities in acceptances under the Rollover Offer or incur any liability for failure to give any such notification.

If a holder of 2016 ZDP Shares signs and returns a Form of Election but does not specify in Box 1 of the form how many 2016 ZDP Shares he wishes to elect to participate in the Rollover Offer he will be deemed to have elected to participate in respect of his Basic Entitlement.

Completion of the Rollover Offer is conditional on Initial Admission, and therefore subject to the satisfaction of Listing Rule 14.2.2 as to the number of 2022 ZDP Shares held in public hands as at Initial Admission. The UIL Finance Directors will have the discretion to scale back elections under the Rollover Offer otherwise than on a *pro rata* basis and whether or not such elections are in excess of a 2016 ZDP Shareholder's Basic Entitlement if the UIL Finance Directors consider this necessary to ensure that sufficient 2022 ZDP Shares are held in public hands so as to satisfy the Listing Rule requirement. Further, the UIL Finance Directors may exercise their discretion and scale back elections under the Rollover Offer and place 2022 ZDP Shares pursuant to the Initial Placing in order to satisfy the Listing Rule requirement. The Rollover Offer is also conditional on the ZDP Cover of the 2022 ZDP Shares being not less than 1.35x, taking into account the relevant allotment. The UIL Finance Directors will therefore also have the discretion to scale back elections under the Rollover Offer if the UIL Finance Directors consider this necessary to satisfy the ZDP Cover requirement.

2016 ZDP Shareholders who are Overseas ZDP Shareholders and any other 2016 ZDP Shareholders who do not make a valid election to roll over all or part of their ZDP Shares on the Form of Election or submit a valid TTE Instruction, will be deemed to have declined the opportunity to participate in the Rollover Offer and will continue to hold their 2016 ZDP Shares, the rights attaching to which will be unaffected by the Proposals.

MECHANICS OF THE ROLLOVER OFFER

The Rollover Offer will be effected by the conversion of those 2016 ZDP Shares that are validly elected and accepted to participate in the Rollover Offer into new 2022 ZDP Shares pursuant to the New UIL Finance Bye-Laws. The key points of the Rollover Offer are as follows.

Subject to completion of the Rollover Offer, each 2016 ZDP Share validly elected to be rolled over will automatically convert into 1.8804 2022 ZDP Shares on and subject to the terms and conditions set out in this document and the Form of Election.

Forthwith upon conversion, any certificates relating to 2016 ZDP Shares that converted into 2022 ZDP Shares pursuant to the Rollover Offer shall be cancelled and UIL Finance shall issue to each such former holder of 2016 ZDP Shares new certificates in respect of the 2022 ZDP Shares which have arisen upon conversion unless such former holder of 2016 ZDP Shares elects to hold their 2022 ZDP Shares in uncertificated form.

Where the aggregate number of 2022 ZDP Shares to which a 2016 ZDP Shareholder is entitled upon the conversion of his 2016 ZDP Shares pursuant to an election made and accepted under the Rollover Offer results in an entitlement to a fraction of a 2022 ZDP Share, the total number of 2022 ZDP Shares to which such 2016 ZDP Shareholder is entitled will be rounded down to the nearest whole number and such rounded down fractional entitlements will then be aggregated and form part of UIL Finance's authorised but unissued share capital.

The rights attaching to 2016 ZDP Shares that are not converted into 2022 ZDP Shares pursuant to the Rollover Offer will remain unchanged, with their ZDP Repayment Date being 31 October 2016 and a Final Capital Entitlement of 192.78 pence per share.

CONDITIONS TO THE ROLLOVER OFFER

The Rollover Offer is conditional on:

- valid elections being received in respect of 2022 ZDP Shares, together with any 2022 ZDP Shares issued pursuant to the Initial Placing and allotted at the same time as the 2022 ZDP Shares issued under the Rollover Offer, with a minimum value, at the Initial Placing Price, of £750,000;
- ZDP Cover of the 2022 ZDP Shares being not less than 1.35x, taking into account the effect of the relevant allotment;
- the Placing Agreement remaining in full force and effect and not having been terminated in accordance with its terms; and
- Admission of the 2022 ZDP Shares issued pursuant to the Rollover Offer and, if applicable, the Initial Placing.

In circumstances in which these conditions are not fully met, the Rollover Offer will not take place and no 2016 ZDP Shares will be converted into 2022 ZDP Shares.

ANNOUNCEMENT OF THE RESULTS OF THE ROLLOVER OFFER

The results of the Rollover Offer will be announced through a Regulatory Information Service on or around 20 June 2016. This announcement will include the number of 2022 ZDP Shares arising pursuant to the Rollover Offer, the number of 2016 ZDP Shares that have elected to take part and details of any scaling back in relation to elections in excess of the Basic Entitlement or where the UIL Finance Directors have exercised their discretion to scale back elections so as to satisfy the ZDP Cover condition or to enable UIL Finance to satisfy the Listing Rule requirement as to the minimum number of 2022 ZDP Shares which must be held in public hands which is a condition to Admission.

OVERSEAS ZDP SHAREHOLDERS

In order to avoid any inadvertent breach of overseas securities laws, Overseas ZDP Shareholders shall be deemed to have elected to not participate in the Rollover Offer. Notwithstanding any other provision of this document, UIL Finance reserves the right to permit any Overseas ZDP Shareholders to receive 2022 ZDP Shares under the Rollover Offer if the UIL Finance Directors, in their sole and absolute discretion, are satisfied at any time prior to the Closing Date that the transaction in question is exempt from, or not subject to, the legislation or regulations giving rise to the restrictions in question.

THE INITIAL PLACING

Under the Initial Placing, UIL Finance is proposing to issue up to 50 million 2022 ZDP Shares (less the number of 2022 ZDP Shares issued pursuant to the Rollover Offer). Stockdale Securities has agreed under the Placing Agreement to use its reasonable endeavours to procure placees for the 2022 ZDP Shares at the Initial Placing Price. No 2022 ZDP Shares will be issued pursuant to the Initial Placing where such issue would reduce the ZDP Cover of the 2022 ZDP Shares below 1.35x. The Initial Placing will close at 11.00 a.m. on 17 June 2016 (or such later date, not being later than 31 July, as UIL Finance and Stockdale Securities may agree). If the Initial Placing is extended, the revised timetable will be notified via a Regulatory Information Service.

The Initial Placing is conditional, *inter alia*, on:

- the Placing Agreement becoming wholly unconditional (save as to completion of the Rollover Offer and Initial Admission) and not having been terminated in accordance with its terms prior to completion of the Rollover Offer and Initial Admission;
- minimum Gross Proceeds from the placing of 2022 ZDP Shares (together with the value of any 2022 ZDP Shares issued pursuant to the Rollover Offer) equalling £750,000; and
- Admission of the Initial Placing Shares occurring by 8.00 a.m. on 23 June 2016 (or such later date as UIL Finance and Stockdale Securities may agree in writing, being not later than 31 July 2016).

The Initial Placing is not being underwritten.

UIL reserves the right to subscribe for all or any of the 2022 ZDP Shares available under the Initial Placing to the extent that such shares are not subscribed for by any other placees pursuant to the Initial Placing or issued pursuant to the Rollover Offer, subject to ensuring that the ZDP Cover of the 2022 ZDP Shares is not less than 1.35x or that sufficient 2022 ZDP Shares are held in public hands so as to satisfy the Listing Rule requirement at completion of the Rollover Offer and Initial Admission. Such shares will be held by UIL for investment purposes in accordance with its investment policy.

Applications will be made to the Financial Conduct Authority and to the London Stock Exchange respectively for the 2022 ZDP Shares issued pursuant to the Rollover Offer and the Initial Placing to be admitted: (i) to the Official List (by way of a standard listing under Chapter 14 of the Listing Rules); and (ii) to the London Stock Exchange's main market for listed securities. It is expected that Initial Admission will become effective and that unconditional dealings in such 2022 ZDP Shares will commence on the London Stock Exchange on 23 June 2016.

In the event that the aggregate applications under the Initial Placing were to exceed 50 million 2022 ZDP Shares, it would be necessary to scale back applications under the Initial Placing. In such an event, applications under the Initial Placing will be scaled back at the UIL Finance Directors' discretion (in consultation with Stockdale Securities) and thereafter no further commitments will be accepted and the Initial Placing will be closed.

In addition, it may also be necessary to scale back applications of 2022 ZDP Shares to ensure either that, following the Initial Placing, the ZDP Cover of the 2022 ZDP Shares is not less than 1.35x or that sufficient 2022 ZDP Shares are held in public hands so as to satisfy the Listing Rule requirement at completion of the Rollover Offer and Initial Admission.

THE PLACING PROGRAMME

Following the Initial Placing the Directors intend to implement the Placing Programme (although Placing ZDP Shares may be issued pursuant to the Placing Programme from 18 May 2016) which will close on 17 May 2017 (or any earlier date on which it is fully subscribed). Under the Placing Programme, UIL Finance is proposing to issue up to 50 million 2022 ZDP Shares (less the number of 2022 ZDP Shares issued under the Rollover Offer and the Initial Placing) and up to 25 million 2020 ZDP Shares at the applicable Issue Price. There is no minimum or maximum number of Placing ZDP Shares that may be placed with any subscriber.

No Placing ZDP Shares will be issued pursuant to the Placing Programme at a discount to their Accrued Capital Entitlement at the time of the relevant allotment, nor where such issue would reduce the ZDP Cover of the 2022 ZDP Shares or the 2020 ZDP Shares below 1.35x.

The Directors reserve the right to close the Placing Programme at any time prior to 17 May 2017. Notification of any closure or extension will be made through a Regulatory Information Service.

The allotment of Placing ZDP Shares under the Placing Programme is at the discretion of the UIL Finance Directors. Allotments may take place at any time prior to the final closing date of 17 May 2017. In relation to allotments, an announcement will be released through a Regulatory Information Service, including details of the number and class of Placing ZDP Shares allotted and the Issue Price for the allotment. It is anticipated that dealings in any Placing ZDP Shares issued pursuant to the Placing Programme will commence three Business Days after their allotment. Whilst it is expected that all Placing ZDP Shares allotted under the Placing Programme will be issued as Depositary Interests in uncertificated form, if any Placing ZDP Shares are issued in certificated form it is expected that share certificates will be despatched within ten Business Days after the relevant allotment date.

In the event that the aggregate applications under the Placing Programme were to exceed 50 million 2022 ZDP Shares and/or 25 million 2020 ZDP Shares, it would be necessary to scale back applications under the Placing Programme. In such an event, applications under the Placing Programme will be scaled back at the UIL Finance Directors' discretion (in consultation with Stockdale Securities) and thereafter no further commitments will be accepted and the Placing Programme will be closed. In addition, it may also be necessary to scale back applications of Placing ZDP Shares to ensure that following each placing under the Placing Programme: (i) the ZDP Cover of the 2020 ZDP Shares and the 2022 ZDP Shares is not less than 1.35x; and/ or (ii) sufficient ZDP Shares of each class are held in public hands so as to satisfy the Listing Rule requirement at the relevant Admission of the 2022 ZDP Shares and/or the 2020 ZDP Shares (as applicable).

The Placing Programme is not being underwritten and, as at the date of this document, the actual number and class of Placing ZDP Shares, if any, to be issued under the Placing Programme is not known. The number of Placing ZDP Shares available under the Placing Programme should not be taken as an indication of the number of Placing ZDP Shares finally to be issued.

The net proceeds of the Placing Programme is dependent on the subscriptions received, the number of 2022 ZDP Shares issued pursuant to the Rollover Offer and Initial Placing, the class of Placing ZDP Shares issued and the Issue Price at which such Placing ZDP Shares are issued under each placing. Assuming that the Initial Placing is fully subscribed and that gross proceeds of the Placing Programme equal £15 million, the net proceeds of the Placing Programme would be approximately

£14.85 million with expenses (including any commission) of approximately £0.15 million. These expenses will be met out of the gross proceeds of the Placing Programme.

So far as the UIL Finance Directors are aware as at the date of this document, no major Shareholders or members of UIL Finance's or UIL's management, supervisory or administrative bodies intend to make a commitment for Placing ZDP Shares under the Placing Programme. However, UIL reserves the right to subscribe for all or any of the 2020 ZDP Shares available under the Placing Programme to the extent that such shares are not subscribed for by any other placees, subject to ensuring that the ZDP Cover of the 2020 ZDP Shares is not less than 1.35x or that sufficient 2020 ZDP Shares are held in public hands so as to satisfy the Listing Rule following completion of such subscription. Such shares will be held by UIL for investment purposes in accordance with its investment policy.

The Placing ZDP Shares issued under the Placing Programme will rank *pari passu* with the relevant class of ZDP Shares then in issue and will carry no entitlement to income, therefore the whole of any return will take the form of capital.

The Placing Programme will be suspended at any time when UIL Finance is unable to issue Placing ZDP Shares pursuant to the Placing Programme under any statutory provision or other regulation applicable to UIL or UIL Finance or otherwise at the UIL Finance Directors' discretion.

Stockdale Securities will be entitled to a commission payable by UIL in connection with the issue of the Placing ZDP Shares arising under the Rollover Offer and in respect of the gross proceeds of the Initial Placing and the Placing Programme. No commissions will be payable by UIL Finance or UIL to placees under the Initial Placing and the Placing Programme.

CONDITIONS TO EACH ALLOTMENT OF PLACING ZDP SHARES UNDER THE PLACING PROGRAMME

Each allotment of Placing ZDP Shares under the Placing Programme is conditional on:

- the Issue Price being not less than the Accrued Capital Entitlement of the relevant Placing ZDP Shares at the time of the relevant allotment;
- the ZDP Cover of the 2020 ZDP Shares and the 2022 ZDP Shares being not less than 1.35x, in each case taking into account the effect of the relevant allotment; and
- Admission of the Placing ZDP Shares issued pursuant to such allotment.

In circumstances in which these conditions are not fully met, the relevant issue of Placing ZDP Shares pursuant to the Placing Programme will not take place.

THE PLACING PROGRAMME PRICE

The minimum price at which each new Placing ZDP Share will be issued under the Placing Programme will be the Accrued Capital Entitlement of the relevant class of ZDP Share at the date of allotment. The maximum price in respect of any allotment of Placing ZDP Shares will be equal to the best offer price of the relevant class of ZDP Share, as quoted on the London Stock Exchange at the time that the proposed allotment is agreed.

For these purposes, the Accrued Capital Entitlement will be calculated in accordance with the New UIL Finance Bye-Laws.

Holders of Ordinary Shares issued by UIL will not suffer any dilution of their voting rights as a result of the Placing as ZDP Shares do not carry voting rights save in very limited circumstances. Holders of 2022 ZDP Shares arising pursuant to the Rollover Offer will have their voting rights at class meetings of the 2022 ZDP Shares diluted when new 2022 ZDP Shares are issued pursuant to the Placing Programme. Holders of existing 2020 ZDP Shares will have their voting rights at class meetings of the 2020 ZDP Shares diluted when new 2020 ZDP Shares are issued pursuant to the Placing Programme.

WORKING CAPITAL

The Group is dependent on proceeds from the Initial Placing and Placing Programme, a reduction in the redemption sum payable on the redemption of the 2016 ZDP Shares following the Rollover Offer

and proceeds from the sale of certain identified portfolio investments in order to meet its working capital requirements for at least the 12 months following the date of this document.

If the conditions of the Rollover Offer, Initial Placing and Placing Programme are not satisfied the Group will need to make alternative arrangements to fund the redemption of the 2016 ZDP Shares on 31 October 2016. In such a situation, which the Group believes to be a reasonable worst case scenario, the Group would be expected to have a shortfall of approximately £64 million by 31 October 2016. Accordingly the Group would make additional sales of investments from the Group's investment portfolio, it would continue to seek investors pursuant to the Placing Programme and may also seek further alternative sources of debt financing. The Company believes that these alternative arrangements are likely to be successful.

The Group has a long track record of investment realisations having realised investments providing proceeds of £100 million in the financial year ended 30 June 2015 and £90 million in the year ended 30 June 2014. As at 30 April 2016 the Group's investment portfolio amounted to £421.7 million of which listed investments amounted to £329.3 million, unlisted investments £67.7 million and loans to listed investments £24.7 million. The Issue Price under the Placing Programme is not less than the Accrued Capital Entitlement of the relevant class of ZDP shares at the time of allotment and since the 2020 ZDP Shares are trading at a premium of 12 per cent. to the accrued capital entitlement (as at 16 May 2016, the latest practicable date prior to the publication of this document) this gives the Group significant flexibility to attract placees for further 2020 ZDP Shares. The Group's Joint Portfolio Managers also have a track record of raising funds through alternative debt structures both for the Group and for other companies which they manage.

In the event that such arrangements are not successful and the Group is unable to fund the redemption of the 2016 ZDP Shares on 31 October 2016, the bye-laws of UIL provide that the UIL Directors shall, *inter alia*, convene a special general meeting of UIL at which a resolution shall be proposed requiring that UIL be wound up voluntarily pursuant to the Bermuda Companies Act.

ILLUSTRATIVE FINANCIAL EFFECTS OF THE PROPOSALS

By way of illustration and based upon the Assumptions, had the Rollover Offer, the Initial Placing and Placing Programme taken place at the date of this document, the Group's Gross Assets would have been increased by the estimated gross proceeds of the Initial Placing and the Placing Programme of £55 million, adjusted for all expenses in relation to the Proposals estimated to be approximately £1 million.

By way of illustration and based upon the Assumptions, if, 10 million 2022 ZDP Shares are issued pursuant to Rollover Offer, 40 million 2022 ZDP Shares are issued pursuant to the Initial Placing at a price of 100p per share, and 11.8 million 2020 ZDP Shares are issued pursuant to the Placing Programme, the illustrative ZDP Cover for the 2016 ZDP Shares, the 2018 ZDP Shares, the 2020 ZDP Shares and the 2022 ZDP Shares following completion of the Initial Placing would be 5.46x, 2.75x, 2.03x and 1.52x respectively.

By way of illustration and based upon the Assumptions, if the maximum number of ZDP Shares are issued pursuant to the Rollover Offer, Initial Placing and Placing Programme (namely 50 million 2022 ZDP Shares and 25 million 2020 ZDP Shares), the illustrative ZDP Cover following the Proposals for the 2016 ZDP Shares, the 2018 ZDP Shares, the 2020 ZDP Shares and the 2022 ZDP Shares would be 5.66x, 2.85x, 1.93x and 1.47x respectively.

The above statements are unaudited and are solely for illustrative purposes only, represent hypothetical situations and, therefore, do not reflect the Group's actual financial position or results.

COSTS OF THE PROPOSALS

The expenses of the Group incurred in connection with the Proposals (and based upon the Assumptions) are estimated to be approximately £1 million.

USE OF PROCEEDS

The gross proceeds of the Initial Placing and the Placing Programme will be paid by UIL Finance to UIL for investment to continue to further diversify its portfolio in accordance with its investment policy.

ADMISSION AND DEALINGS

Applications will be made to the Financial Conduct Authority and to the London Stock Exchange respectively for the 2022 ZDP Shares issued pursuant to the Rollover Offer and the Initial Placing to be admitted: (i) to the Official List (by way of a standard listing under Chapter 14 of the Listing Rules); and (ii) to the London Stock Exchange's main market for listed securities. It is expected that Initial Admission will become effective and that unconditional dealings in such 2022 ZDP Shares will commence on the London Stock Exchange on 23 June 2016

Applications will be made to the Financial Conduct Authority and to the London Stock Exchange respectively for the Placing ZDP Shares issued pursuant to the Placing Programme to be admitted: (i) to the Official List (by way of a standard listing under Chapter 14 of the Listing Rules); and (ii) to the London Stock Exchange's main market for listed securities. It is expected that such subsequent Admissions will become effective and that unconditional dealings in such Placing ZDP Shares will commence on the London Stock Exchange during the period from 23 June 2016 to 17 May 2017.

All allotments of Offered ZDP Shares will be conditional on Admission of such Offered ZDP Shares. The timing of the applications for Admission and their approval pursuant to the Placing Programme are not known as at the date of this document but no Placing ZDP Shares will be issued if they will not be so admitted. This document has been published in order to obtain Admission to a standard listing on the Official List of any 2022 ZDP Shares arising pursuant to the Rollover Offer or issued under the Initial Placing and of any other Offered ZDP Shares issued under the Placing Programme. No application will be made for the Offered ZDP Shares to be listed or dealt in on any stock exchange or investment exchange other than the London Stock Exchange.

The Offered ZDP Shares arising pursuant to the Rollover Offer and to be issued pursuant to the Initial Placing and the Placing Programme will be in registered form and may be held either in certificated form or as Depositary Interests in uncertificated form and settled through CREST.

CREST is a computerised paperless settlements system, which allows securities to be transferred via electronic means, without the need for a written instrument of transfer. Foreign securities cannot be held or traded in the CREST system. To enable investors to settle their Offered ZDP Shares through CREST, the DI Depositary will hold the relevant Offered ZDP Shares and will issue dematerialised Depositary Interests representing the underlying Offered ZDP Shares to the relevant investors. Dealings in the Offered ZDP Shares in advance of the crediting of the relevant Depositary Interests acquired shall be at the risk of the person concerned.

The DI Depositary will hold the Offered ZDP Shares on trust for the respective underlying Offered ZDP Shareholders. This trust relationship is documented in a deed executed by the DI Depositary. The Depositary Interests are independent, English securities and are held on a register maintained by the Registrars. The Depositary Interests have the same security code as the Offered ZDP Shares that they represent and do not require a separate admission to the London Stock Exchange.

Shareholders wishing to settle Offered ZDP Shares through CREST can transfer their holding to the DI Depositary, which will then issue Depositary Interests representing the relevant transferred Offered ZDP Shares. The Depositary Interest holder will not hold a certificate evidencing the underlying Offered ZDP Share. Depositary Interests are issued on a one-for-one basis against the relevant Offered ZDP Shares that they represent for all purposes. Any payments received by the DI Depositary will be passed on to each Depositary Interest holder noted on the Depositary Interest register as the beneficial owner of the relevant Offered ZDP Shares.

Participation in CREST is voluntary and Shareholders who wish to hold Offered ZDP Shares outside of CREST will be entered on the Register and issued with a share certificate evidencing ownership.

Application will be made by the DI Depositary for Depositary Interests representing the Offered ZDP Shares to be admitted to CREST on their Admission.

Investors should be aware that Offered ZDP Shares delivered in certificated form are likely to incur, on an ongoing basis, higher dealing costs than those Offered ZDP Shares held through CREST. ZDP Shares initially issued in certificated form may subsequently be exchanged for Depositary Interests, which can be deposited into CREST in accordance with the procedure described above. Certificates

in respect of 2022 ZDP Shares arising under the Rollover Offer and the Initial Placing and held in certificated form are expected to be despatched on 24 June 2016 or as soon as practicable thereafter.

Temporary documents of title will not be issued pending the delivery of 2022 ZDP Shares to the persons entitled thereto and, during that period, transfers will be certified against the register of 2022 ZDP Shareholders.

PROPOSED ACQUISITION OF FURTHER ORDINARY SHARES IN SOMERS

In addition to the Proposals announced by UIL Finance today, the UIL Board has today announced the proposed conditional purchase of 2.45 million ordinary shares in Somers to be satisfied by the issue of new UIL ordinary shares valued at NAV at the latest practicable date prior to completion. The purchase will take UIL's interest from 49.6 per cent. to 70.1 per cent. of Somers' ordinary share capital. It is proposed that UIL purchase 2.45 million ordinary shares from Permanent Investments Limited which is a related party of ICM Limited, the joint portfolio manager, pursuant to Listing Rule 11. As a result, UIL Shareholder approval of this transaction is required and a separate circular is being sent to UIL Shareholders. In addition, the proposed purchase is also subject to the receipt of all necessary FCA and other regulatory approvals.

The UIL Board believes that the benefits of the proposed purchase of Somers' ordinary shares will include increasing UIL's Gross Assets in order to provide increased ZDP Cover for the ZDP Shares and enabling UIL to increase its interest materially above 50 per cent. in Somers to thereby benefit from the expected future uplift in its underlying investments. Although Somers will become a subsidiary of UIL, UIL intends to continue to account for Somers as an investment at fair value in its financial statements.

By way of illustration, if the proposed purchase of the Somers' ordinary shares pursuant to the Related Party Transaction does not complete, and based on the Assumptions, the illustrative ZDP Cover for the 2016 ZDP Shares, the 2018 ZDP Shares, the 2020 ZDP Shares and the 2022 ZDP Shares following completion of the Initial Placing would be 5.19x, 2.61x, 1.93x and 1.45x respectively.

DIRECTORS' OPINION

As the Proposals do not require the approval of ZDP Shareholders, the UIL Finance Directors are not required to make a recommendation as to how voting rights should be exercised. The UIL Finance Directors do, however, consider that the Proposals are in the best interests of UIL Finance and the ZDP Shareholders as a whole.

Yours faithfully

Peter Burrows
Chairman

INFORMATION ABOUT THE GROUP

UIL FINANCE

UIL Finance is an exempted, closed-ended investment company incorporated in Bermuda with limited liability. All UIL Finance ordinary shares are currently held by UIL. UIL Finance was established at the same time as UIL in order to be the issuer of the ZDP Shares. As at the date of this document, UIL Finance's only material obligations are in respect of the ZDP Shares and its only asset is the obligation of UIL to put UIL Finance in a position to meet its obligations in respect of the ZDP Shares on maturity pursuant to the Subscription Agreement.

UIL

UIL is an exempted, closed-ended investment company incorporated in Bermuda with limited liability, and was established as a successor company to Utilico Investment Trust plc. Trading in the Ordinary Shares commenced on 20 June 2007.

UIL's current investment objective is to maximise shareholder returns by identifying and investing in investments where the underlying value is not reflected in the market price.

INVESTMENT POLICY OF UIL

UIL will identify and invest in opportunities where the underlying value is not reflected in the market price. This perceived undervaluation may arise from factors such as technological change, market motivation, prospective financial engineering opportunities, competition, underperforming management or shareholder apathy.

UIL aims to maximise value for Shareholders through a relatively concentrated portfolio of investments.

Historically UIL has invested a significant proportion of its gross assets in existing infrastructure, utility and related sectors but, following the change in mandate in 2007, this direct exposure has reduced as UIL has, in addition, invested in other sectors.

Subject to compliance with the Listing Rules in force from time to time, UIL may invest in other investment companies or vehicles, including any managed by the Joint Portfolio Managers, where such investment would be complementary to UIL's investment objective and policy.

UIL has the flexibility to invest in shares, bonds, convertibles and other types of securities, including non-investment grade bonds and to invest in unlisted securities.

UIL may also use derivative instruments such as American Depositary Receipts, promissory notes, foreign currency hedges, interest rate hedges, contracts for difference, financial futures, call and put options and warrants and similar instruments for investment purposes and efficient portfolio management, including protecting UIL's portfolio and balance sheet from major corrections and reducing, transferring or eliminating investment risks in its investments. These investments will be long term in nature.

UIL has the flexibility to invest in markets worldwide although investments in the utilities and infrastructure sectors are principally made in the developed markets of Australasia, Western Europe and North America, as UIL's exposure to the emerging markets infrastructure and utility sectors is primarily through its holding in Utilico Emerging Markets Limited. UIL has the flexibility to invest directly in these sectors in emerging markets with the prior agreement of Utilico Emerging Markets Limited.

UIL believes it is appropriate to support investee companies with their capital requirements whilst at the same time maintaining an active and constructive shareholder approach through encouraging a review of the capital structure and business efficiencies. The Joint Portfolio Managers' team maintains regular contact with investee companies and UIL may often be among the largest shareholders. There are no limits on the proportion of an investee company that UIL may hold and UIL may take legal or management control of a company from time to time.

Investment limits

The UIL Board has prescribed the following limits on the investment policy, all of which are at the time of investment unless otherwise stated.

There are no fixed limits on the allocation of investments between sectors and markets, however the following investment limits will apply:

- investments in unlisted companies will in aggregate not exceed 20 per cent. of Gross Assets at the time that any new investment is made. This restriction does not apply to UIL's holding of shares linked to a segregated account of GERP, an unquoted Bermuda segregated accounts company. This account, which is structured as the Bermuda equivalent of a protected cell, exists for the sole purpose of carrying out derivative transactions on behalf of UIL – as described below;
- no single investment will exceed 30 per cent. of Gross Assets at the time such investment is made, save that this limit shall not prevent the exercise of warrants, options or similar convertible instruments acquired prior to the relevant investment reaching the 30 per cent. limit; and
- derivative transactions are carried out by GERP on behalf of UIL to enable it to make investments more efficiently and for the purposes of efficient portfolio management. GERP spreads its investment risks by having the ability to establish an overall net short position in index options, contracts for difference, swaps and equity options. GERP may not hold more than 50 per cent. of the value of UIL's segregated portfolio in index options and GERP may not hold more than 100 per cent. of the relevant debt or of the relevant market value in foreign currency by way of foreign exchange options or forwards.

None of the above restrictions will require the realisation of any of UIL's assets where any restriction is breached as a result of an event outside the control of the Joint Portfolio Managers which occurs after the investment is made, but no further relevant assets may be acquired or loans made by UIL until the relevant restriction can again be complied with.

Borrowing limits

Under UIL's Bye-laws, the Group is permitted to borrow (excluding the gearing provided through the Group's capital structure) an aggregate amount equal to 100 per cent. of its Gross Assets. Borrowings may be drawn down in any currency appropriate for the portfolio.

However, the UIL Board has set a current limit on gearing (being total borrowings excluding ZDP Shares measured against Gross Assets) not exceeding 33.3 per cent. at the time of draw down. Borrowings may be drawn down in Sterling, US Dollars or any currency for which there is a corresponding asset within the portfolio (at the time of draw down, the value drawn must not exceed the value of the relevant asset in the portfolio).

As required by the Listing Rules, there will be no material change to the investment policy (including the investment limits and the borrowing limits) without the prior approval of the FCA and Shareholders. Any such change would also require the approval of the ZDP Shareholders in accordance with the Subscription Agreement.

INVESTMENT OUTLOOK

The divergence in the World's economies is continuing to lead to increasing volatility and unpredictability in markets. UIL's portfolio over the last twelve months has been resilient not withstanding this challenging background. There are no signs that the uncertainty in global economic conditions will resolve in the short term and so this volatility is expected to continue.

INVESTMENT PORTFOLIO

Details of the ten largest investments in UIL's portfolio, its sectoral weighting and geographical spread, all as at 30 April 2016 (being the latest practicable date prior to the publication of this document) and on a look through basis, are set out in Part 3 of this document.

PROFILE OF TYPICAL INVESTOR

An investment in the Offered ZDP Shares is intended to constitute part of a diversified investment portfolio for institutional or high net worth/sophisticated investors who are seeking exposure to a wide range of sectors and markets through a relatively concentrated portfolio of investments. An investor in the Offered ZDP Shares will be capable of evaluating the risks (including potential capital loss) and merits of such investments. Any investor must be able to accept the possibility of losses and an investment in Offered ZDP Shares is only intended for investors who can afford to set aside the invested capital for a number of years.

DIVIDEND POLICY

ZDP Shares (including the Offered ZDP Shares) are not eligible to receive any dividends.

The UIL Directors anticipate distributing to UIL Shareholders by way of dividend the majority of the Group's net revenue arising from normal income streams (such as dividends from investments) less costs (such as management fees). Any dividend payments will be made in accordance with Bermuda law.

BORROWINGS AND BORROWING POLICY

Under the Bye-laws, the UIL Board is obliged to restrict the Group's borrowings to an aggregate amount equal to 100 per cent. of the Gross Assets (excluding the gearing provided through the Group's capital structure).

However, the UIL Board has set a current limit on gearing (being total borrowings excluding ZDP Shares measured against Gross Assets) not exceeding 33.3 per cent. at the time of draw down.

Borrowings will be drawn down in Sterling, US Dollars or any currency for which there is a corresponding asset within the portfolio (at the time of draw down, the value drawn must not exceed the value of the relevant asset in the portfolio).

As at 10 May 2016, being the latest practicable date prior to the publication of this document, UIL's borrowings under its Existing Loan Facility of £50 million from Scotiabank amounted to £47.7 million, reflecting the realisation of some investments from UIL's portfolio. Under the terms of the New Loan Facility with Scotiabank, UIL may borrow a further £25 million from 31 October 2016 for a period of up to six months. The Existing Loan Facility and the New Loan Facility are summarised below in paragraphs 8.6 and 8.7 of Part 9 of this document.

Leverage on the Ordinary Shares is increased by the Group's use of the ZDP Shares, which do not count towards the borrowing limit in the Bye-laws.

AIFM AND JOINT PORTFOLIO MANAGERS

UIL has appointed ICM Investment Management Limited as its alternative investment fund manager (**AIFM**), with sole responsibility for risk management and ICMIM and ICM jointly provide portfolio management services to UIL, in each case subject to the overriding supervision of the UIL Board. Further details on the Joint Portfolio Managers are contained in Part 4 of this document.

CAPITAL STRUCTURE

Introduction

As at 17 May 2016, the issued share capital of UIL consisted of 90,653,789 Ordinary Shares.

Following the Proposals, UIL Finance's share capital will consist of ordinary shares held by UIL and four classes of zero dividend preference shares. The ZDP Shares are designed to provide a predetermined Final Capital Entitlement which ranks behind all other liabilities of the Group and other creditors of the Group, but in priority to Ordinary Shares save in respect of the UIL Shareholders' entitlement to the Winding-Up Revenue Profits.

Dividends

The ZDP Shares (including the Offered ZDP Shares) carry no entitlement to income and the whole of any return will therefore take the form of capital.

Capital entitlement

The ZDP Shares do not pay dividends but they will have a Final Capital Entitlement at the end of their respective lives as follows:

- a 2016 ZDP Share will have a Final Capital Entitlement at the end of its life on 31 October 2016 of 192.78p, equating to a 7.25 per cent. per annum Gross Redemption Yield based on the initial entitlement of a 2016 ZDP Share of 100p on 15 June 2007;
- a 2018 ZDP Share will have a Final Capital Entitlement at the end of its life on 31 October 2018 of 160.52p, equating to a 7.25 per cent. per annum Gross Redemption Yield based on the initial entitlement of a 2018 ZDP Share of 100p on 26 January 2012;
- a 2020 ZDP Share will have a Final Capital Entitlement at the end of its life on 31 October 2020 of 154.90p, equating to a 7.25 per cent. per annum Gross Redemption Yield based on the initial entitlement of a 2020 ZDP Share of 100p on 31 July 2014; and
- a 2022 ZDP Share will have a Final Capital Entitlement at the end of its life on 31 October 2022 of 146.99p, equating to a 6.25 per cent. per annum Gross Redemption Yield based on the initial entitlement of a 2020 ZDP Share of 100p on 23 June 2016.

UIL will therefore be free to pursue long-term capital appreciation without the constraint of funding an annual dividend payment to the holders of ZDP Shares. Investors should note that the predetermined capital entitlement of the ZDP Shares is not guaranteed and is dependent upon UIL being able to satisfy its funding obligations under the Subscription Agreement.

By way of illustration:

- (i) based on the Assumptions, the Final Capital Entitlement of the 2016 ZDP Shares would have ZDP Cover of approximately 5.46x following completion of the Rollover Offer, the Initial Placing and the Placing Programme. Based on the Assumptions, if UIL's Gross Assets were to fall by more than 81.7 per cent. during the period from 23 June 2016 (the anticipated date of completion of the Rollover Offer) to the 2016 ZDP Repayment Date, this would result in a Final Capital Entitlement per 2016 ZDP Share of less than the 192.78p entitlement per 2016 ZDP Share due on the 2016 ZDP Repayment Date. A fall in UIL's Gross Assets of 100 per cent. during this period and based on the Assumptions, would result in no payment being made to the 2016 ZDP Shareholders;
- (ii) based on the Assumptions, the Final Capital Entitlement of the 2018 ZDP Shares would have ZDP Cover of approximately 2.75x following completion of the Rollover Offer, the Initial Placing and the Placing Programme. Based on the Assumptions, if UIL's Gross Assets were to fall by more than 63.7 per cent., or by more than 35.0 per cent. per annum, during the period from 23 June 2016 (the anticipated date of completion of the Rollover Offer) to the 2018 ZDP Repayment Date, this would result in a Final Capital Entitlement per 2018 ZDP Share of less than the 160.52p entitlement per 2018 ZDP Share due on the 2018 ZDP Repayment Date. A fall in UIL's Gross Assets of 81.7 per cent. or by more than 51.4 per cent. per annum during this period and based on the Assumptions, would result in no payment being made to the 2018 ZDP Shareholders;
- (iii) based on the Assumptions, the Final Capital Entitlement of the 2020 ZDP Shares would have ZDP Cover of approximately 2.03x following completion of the Rollover Offer, the Initial Placing and the Placing Programme. Based on the Assumptions, if UIL's Gross Assets were to fall by more than 50.8 per cent., or by more than 15.0 per cent. per annum, during the period from 23 June 2016 (the anticipated date of completion of the Rollover Offer) to the 2020 ZDP Repayment Date, this would result in a Final Capital Entitlement per 2020 ZDP Share of less than the 154.90p entitlement per 2020 ZDP Share due on the 2020 ZDP Repayment Date. A fall in UIL's Gross Assets of 63.7 per cent. or by more than 20.8 per cent. per annum during this period and based on the Assumptions, would result in no payment being made to the 2020 ZDP Shareholders; and

- (iv) based on the Assumptions, the Final Capital Entitlement of the 2022 ZDP Shares would have ZDP Cover of approximately 1.52x following completion of the Rollover Offer, the Initial Placing and the Placing Programme. Based on the Assumptions, if UIL's Gross Assets were to fall by more than 34.3 per cent., or by more than 6.4 per cent. per annum, during the period from 23 June 2016 (the anticipated date of completion of the Rollover Offer) to the 2022 ZDP Repayment Date, this would result in a Final Capital Entitlement per 2022 ZDP Share of less than the 146.99p entitlement per 2022 ZDP Share due on the 2022 ZDP Repayment Date. A fall in UIL's Gross Assets of 50.8 per cent. or by more than 10.6 per cent. per annum during this period and based on the Assumptions, would result in no payment being made to the 2022 ZDP Shareholders.

Voting rights

The ZDP Shares (including the Offered ZDP Shares) do not carry any voting rights at general meetings of UIL. However, UIL will not be able to carry out certain corporate actions unless it obtains the sanction of the holders of the ZDP Shares by the passing of an extraordinary resolution at a meeting of the ZDP Shareholders with the ZDP Shares treated as a single class for these purposes. Separate approval of each class of ZDP Shareholders must be obtained in respect of any proposals which would affect their respective rights, including any resolution to wind-up UIL. The approval of ZDP Shareholders by the passing of an extraordinary resolution at separate class meetings is required in relation to any proposal to modify, alter or abrogate the rights attaching to any class of ZDP Shares and in relation to any proposal by UIL Finance which would reduce the cover of the existing 2016 ZDP Share or the 2018 ZDP Shares below 1.5x or reduce the cover of the existing 2020 ZDP Shares or the 2022 ZDP Shares below 1.35x.

Liquidation

If any class of ZDP Shares is not redeemed in full on or before their respective repayment dates, under the terms of the Subscription Agreement, the UIL Directors shall convene a special general meeting at which a liquidation resolution will be put to wind-up UIL. At any such meeting, UIL Finance will be entitled to vote on the resolution to wind-up UIL in respect of its holding of one Ordinary Share. The vote on the liquidation resolution shall be taken by a poll and the number of votes which are cast by UIL Finance in favour of the resolution to wind-up UIL shall be equal to four times the aggregate number of votes cast against the resolution, thereby ensuring that UIL will be placed into voluntary liquidation. On a liquidation of UIL and/or UIL Finance, to the extent that the relevant classes of ZDP Shares have not already been redeemed, the shares shall rank in the following order of priority in relation to the repayment of their Accrued Capital Entitlement as at the date of liquidation:

- the 2016 ZDP Shares shall rank in priority to the 2018 ZDP Shares, the 2020 ZDP Shares and the 2022 ZDP Shares;
- the 2018 ZDP Shares shall rank in priority to the 2020 ZDP Shares and the 2022 ZDP Shares; and
- the 2020 ZDP Shares shall rank in priority to the 2022 ZDP Shares.

The entitlement of ZDP Shareholders of a particular class shall be determined in proportion to their holdings of ZDP Shares of that class. Further details of the rights attaching to the ZDP Shares are set out in Part 5 of this document.

REPURCHASES OF ORDINARY SHARES AND ZDP SHARES

At its annual general meeting held on 16 November 2015, UIL was granted the authority to make market purchases of up to 13,589,370 Ordinary Shares (being the equivalent of 14.99 per cent. of the Ordinary Shares in issue as at the date of notice of the annual general meeting). UIL, as the sole ordinary shareholder of UIL Finance, granted UIL Finance authority to repurchase ZDP Shares at UIL Finance's annual general meeting held on the same date. The Directors will use these authorities with the objective of enhancing shareholder value. Purchases will only be made within guidelines established from time to time by the UIL Board or UIL Finance Board (as applicable). Resolutions to renew these authorities will be proposed at the respective annual general meetings of UIL and UIL Finance to be held in 2016.

The price paid for each class of share will be within the maximum price permitted by the Financial Conduct Authority and in accordance with the Bermuda Companies Act and the Bye-laws, and in any event no purchase of Ordinary Shares will be made at a price in excess of the diluted NAV per Ordinary Share (at a date determined by the UIL Directors falling not more than 10 days before the date of purchase). Any Ordinary Shares may only be purchased at a price such that immediately after such purchase the ZDP Cover of the 2016 ZDP Shares and the 2018 ZDP Shares would be at least 1.5x and the ZDP Cover of the 2020 ZDP Shares and the 2022 ZDP Shares would be at least 1.35x. Purchases of ZDP Shares will be made at a price not exceeding their Accrued Capital Entitlement (at a date determined by the UIL Finance Directors falling not more than 10 days before the date of purchase) unless the UIL Finance Directors determine that a purchase at a higher price is in the interests of ZDP Shareholders.

Bermuda companies are permitted to hold shares acquired by way of market purchase in treasury rather than having to cancel them. Such shares may be subsequently cancelled or sold for cash. Accordingly, UIL and UIL Finance may hold each class of share purchased pursuant to share buy backs in treasury. This will give UIL and UIL Finance the ability to sell shares from treasury quickly and in a cost efficient manner and would provide UIL and UIL Finance with additional flexibility in the management of their capital base. The UIL Board has recommended that Ordinary Shares held in treasury would not be re-issued at a price below the prevailing diluted NAV per Ordinary Share and the UIL Finance Board has recommended that ZDP Shares would not be re-issued at a price below their respective Accrued Capital Entitlement.

It is proposed that any purchases of shares would be funded from UIL's or UIL Finance's own cash resources or, if appropriate, from short-term borrowing.

The UIL Board and the UIL Finance Board (as applicable) will endeavour to make any purchases of Ordinary Shares and ZDP Shares proportionally in order to maintain the Group's capital structure. However, there may be timing differences in such purchases, or it may prove impracticable or uneconomic to purchase sufficient (or any) shares of the relevant class which may lead to short or longer term imbalances in the Group's capital structure.

FURTHER ISSUES

Subject to market conditions then prevailing and to all necessary consents and approvals being obtained, the respective Boards of UIL and UIL Finance may decide to make one or more further issues of their shares for cash from time to time.

UIL's and UIL Finance's authorised share capital is such that further issues of shares can be made. UIL's bye-laws contain pre-emption rights which apply on the issue of Ordinary Shares for cash consideration only. There are no pre-emption rights for ZDP Shareholders.

At its annual general meeting held on 16 November 2015, UIL was granted authority to issue up to 9,065,370 Ordinary Shares (equivalent to approximately 10 per cent. of UIL's issued ordinary share capital as at the date of notice of the annual general meeting) for cash on a non pre-emptive basis. No Ordinary Shares will be issued at a price less than the Net Asset Value per Ordinary Share without the approval of UIL Shareholders by a special resolution. Furthermore, no ZDP Shares which rank, as to capital, in priority to, or *pari passu* with, UIL's payment obligations under the Subscription Agreement in respect of any class of ZDP Shares will be issued at a price which has the effect of reducing the ZDP Cover of the relevant classes of ZDP Shares, at or around the time of the issue of such additional ZDP Shares, below 1.5x in the case of the 2016 ZDP Shares and the 2018 ZDP Shares, or 1.35x in the case of the 2020 ZDP Shares and the 2022 ZDP Shares, in each case without the approval of the relevant class of ZDP Shareholders by an extraordinary resolution.

LIFE OF UIL AND UIL FINANCE

As UIL is a long term investment vehicle, it does not have a termination date or any periodic continuation votes.

It will not be necessary to liquidate UIL Finance in connection with the redemption of the ZDP Shares.

OVERSEAS INVESTORS

The attention of persons resident outside the UK is drawn to the paragraph headed “Overseas ZDP Shareholders” in Part 1 of this document, which contains restrictions on the holding of ZDP Shares by certain persons.

TAXATION

It is the intention of the Directors that UIL and UIL Finance will continue to be managed in such a way as to ensure that they are only resident in Bermuda for tax purposes. Potential investors are referred to Part 7 of this document for details of the taxation of UIL and UIL Finance and of certain Shareholders.

Any information given in this document concerning tax is based on current law and regulation (which may change), is given by way of general summary only and does not constitute legal or tax advice to any ZDP Shareholder or investor. If investors are in any doubt about the taxation consequences of acquiring, holding or disposing of ZDP Shares, they should seek advice from their own professional advisers.

ISAS

Insofar as is possible, the UIL Finance Directors intend to manage the affairs of UIL Finance so that the ZDP Shares will be qualifying investments for the purposes of ISAs. Accordingly, the ZDP Shares will be eligible for inclusion in the stocks and shares components of an ISA, subject to applicable subscription limits, and provided that the ISA manager has been issued the 2022 ZDP Shares arising under the Rollover Offer or acquired the 2022 ZDP Shares through the secondary market following their Admission (and not as part of the Initial Placing or the Placing Programme).

RISK FACTORS

UIL’s business, and therefore UIL Finance’s ability to fund the redemption amounts for the ZDP Shares, is dependent on many factors and potential investors are advised to read the whole of this document, and in particular the section of this document entitled “Risk Factors” on pages 24 to 35.

FURTHER INFORMATION

The attention of investors is drawn to the information contained in Parts 3, 4, 5, 6, 7, 8 and 9 of this document which provide additional information on the Group.

He was chief executive of Ignis Asset Management until mid-2014, when it was taken over by Standard Life and has worked in the investment sector for most of his career. He is Chairman of Defaqto, a non-executive director of Alliance Trust PLC, JPMorgan Japanese Investment Trust plc, Scrubbys Foods Limited and The London Community Foundation, where he is also a member of the executive committee and chair of the finance and investment committee. Mr Samuel is a chartered accountant.

David Shillson

Mr David Shillson was appointed as a director of UIL and UIL Finance on 16 November 2015. He is an experienced corporate and commercial lawyer and a senior partner of Kensington Swan, a New Zealand law firm; he was a member of Kensington Swan's four partner Board for a number of years before retiring from that role in 2014. He has many years of experience acting for a mix of non-government and central and local government clients, particularly in acquisitions and investment structuring; advising on transactional and governance matters across the utilities (ports, airports), technology, energy, transport (rail and roads) and finance sectors. Mr Shillson is a member of the New Zealand Law Society.

Eric Stobart

Mr Eric Stobart was appointed as a director of UIL and UIL Finance on 3 May 2007. He is a chartered accountant spending of his career in merchant and commercial banking. He is a non-executive director of Capita Managing Agency Limited, DSG Pension Trustees Limited, LSF Pension Management Limited and BlackRock Throgmorton Trust plc as well as a trustee of Anglian Water Group Pension Schemes.

The Directors are independent of the Joint Portfolio Managers apart from Warren McLeland and David Shillson. Warren McLeland is not considered to be independent of the Joint Portfolio Managers because he is also chief executive officer of RESIMAC Limited, Chairman of Somers Limited. David Shillson is not considered independent because he is a partner in Kensington Swan, a New Zealand law firm that has acted for members of the UIL and ICM groups.

2. MANAGEMENT OF UIL

The UIL Directors are responsible for the determination of UIL's investment objective and investment policy and have overall responsibility for its day-to-day activities, including the review of investment activity and performance. UIL has, however, entered into the Management Agreement with ICMIM and ICM under which ICMIM has been appointed as UIL's AIFM with sole responsibility for risk management and both ICMIM and ICM have been appointed as joint portfolio managers with responsibility for the management of UIL's assets, subject in each case to the overriding supervision of the UIL Directors.

ICMIM is authorised and regulated by the Financial Conduct Authority to act as an alternative investment fund manager pursuant to the AIFM Regulations.

ICM, UIL's joint portfolio manager, is licensed to carry on business in Bermuda, including providing investment advice to UIL, by the Minister of Business Development and Tourism of Bermuda.

Further details of the Management Agreement are summarised in paragraph 8.2 of Part 9 of this document.

In addition to its duties, as AIFM and joint portfolio manager of UIL, ICMIM also provides company secretarial services to UIL and UIL Finance.

Investment Philosophy

The Joint Portfolio Managers' investment philosophy is to focus on investments where they believe the underlying value is not reflected in the market price. This philosophy has the following features:

- searching for under-valued companies that are often under-rated and under-researched;
- analysing opportunities arising through technological development, market changes, competition or shareholder issues;
- using knowledge of and expertise in financial engineering and different financial instruments;
- developing techniques to compare companies across geographical regions and across industries;
- maintaining close working relationships with investee companies including visiting their key operational sites;
- maintaining a strong understanding of the infrastructure, utility and related sectors and their regulation; and
- possessing a sensitivity to step changes resulting from developments in regulation and competition.

In accordance with UIL's investment policy, the Joint Portfolio Managers may also use hedging instruments, where appropriate, for investment purposes and to protect UIL's portfolio from market volatility.

Investment Process

The Joint Portfolio Managers follow a systematic investment process. They source and analyse investment opportunities before making investments where they believe they would offer good value. ICMIM and ICM are the joint portfolio managers to two listed funds, UIL and Utilico Emerging Markets Limited, and ICM has a number of other investment mandates, including private equity, fixed interest and mining. The Joint Portfolio Managers have an established network of industry contacts and investment opportunities are sourced through a combination of sector knowledge and monitoring and a review of markets. Between them, the Joint Portfolio Managers have a good long term record in stock selection across the infrastructure and utilities sectors and of financial and investment structuring.

Investment Performance

The Net Asset Value performance of UIL and, for comparison purposes, the FTSE All-Share Index, from inception of Utilico Investment Trust plc (UIL's predecessor) on 14 August 2003 to 30 April 2016 is set out in the table below:

	6 months (unaudited) (%)	1 year (%)	3 years (%)	5 years (%)	Inception* (%)
UIL – NAV total return	36.4	23.6	10.9	21.4	169.6
FTSE All-Share Index total return	0.0	-5.7	12.0	29.4	157.5

The past performance of UIL is not a guide to future performance. The value and income of the Ordinary Shares and the value of the ZDP Shares can fall as well as rise and an investor may get back less than the amount invested.

3. GLOBAL EQUITY RISK PROTECTION LIMITED

UIL holds 3,920 Class A non voting shares in GERP which is a Bermuda company registered as a segregated accounts company. GERP was established to allow the Joint Portfolio Managers' clients to put in place hedging positions in a way that ensures efficient, fast dealing and satisfies the "best execution" requirements across the various funds.

Each of GERP's segregated accounts (including UIL's) is ring-fenced from the other segregated accounts such that no other segregated account has any claim or exposure to any assets or liabilities of any other segregated account. There is a central GERP corporate administrator which oversees the administration of the various accounts but the corporate administrator does not trade on its own account and all of its expenses are allocated against and funded by each of the segregated accounts. The directors of GERP are Charles Jillings, Duncan Saville and Alasdair Younie.

UIL's segregated account in GERP is solely for carrying out derivative transactions at the request of and on behalf of UIL in order that it may make investments more efficiently and for the purposes of efficient portfolio management. GERP spreads its investment risk by having the ability to establish an overall net short position in index options, contracts for difference, swaps and equity options (when taking into account the underlying long position and offsetting the derivative position). GERP may not hold:

- more than 50 per cent. of the value of UIL's portfolio in GERP in index options; and
- more than 100 per cent. of the relevant debt or of the relevant market value in foreign currency by way of foreign exchange options or forwards.

The UIL Board and ICMIM, as AIFM, regularly review the investments in GERP from a risk management perspective.

The Joint Portfolio Managers monitor and manage GERP's operational and anticipated portfolio risks and consider on an ongoing basis the aggregate investment in GERP for the purpose of ensuring that risk levels are appropriate and the guidelines set by the UIL Board are adhered to.

UIL has entered into a loan agreement with GERP in order to fund UIL's segregated account in GERP. Under the loan agreement GERP may draw down funds from UIL to meet any costs and liabilities arising from the assets held in UIL's segregated account. As at 10 May 2016, being the latest practicable date prior to publication of this document, UIL's segregated account in GERP had net liabilities of £0.007 million.

4. CO-INVESTMENT

Opportunities may arise for UIL to co-invest alongside companies associated with, or managed by, the Joint Portfolio Managers (or their respective associates). UIL (and other clients of the Joint Portfolio Managers) will be given the opportunity to invest in opportunities falling within its (or their) investment policy, *pro rata* to their assets available for investment in priority to the Joint Portfolio Managers (and their respective associates). UIL will, subject to the approval of the UIL Board, be free to co-invest when it is felt to be in the interests of Shareholders and would intend to do so. The ability to co-invest may be beneficial as it may enable UIL to benefit from more advantageous terms than would be available for a smaller investment made by UIL alone. The terms on which UIL co-invests will be no less favourable than the terms on which any company associated with, or managed by, the Joint Portfolio Managers (or their respective associates) invests.

5. RELATIONSHIP WITH UTILICO EMERGING MARKETS LIMITED

Whilst UIL and Utilico Emerging Markets Limited are two separate entities, each with their own board of directors and shareholders, they currently have overlapping investment policies and similar portfolio methodologies and have each appointed the Joint Portfolio Managers to provide portfolio management services who use the same individuals to conduct investment research on behalf of both companies.

Investment Allocation

As the Joint Portfolio Managers provide investment advice to both UIL and Utilico Emerging Markets Limited (among other clients) an investment allocation policy has been put in place between UIL and Utilico Emerging Markets Limited, which is intended to provide transparency for shareholders in each company. The investment allocation policy is as follows:

- all investments in the infrastructure and utility sectors and related companies in Emerging Markets will first be offered in full to Utilico Emerging Markets Limited;
- if Utilico Emerging Markets Limited is technically able to make the investment, but the Joint Portfolio Managers believe it is inappropriate for it to do so, either in part or in full, (for example, this may be due to sector or geographical weighting issues or lack of funds) then the matter will be referred to the Chairman of Utilico Emerging Markets Limited;
- if the Chairman of Utilico Emerging Markets Limited agrees with the Joint Portfolio Managers' decision, then UIL will be free to make the investment (to the extent that the opportunity remains) if it wishes to do so;
- if Utilico Emerging Markets Limited is incapable of making any part of the investment, then UIL will be free to take up the balance of the investment if it wishes to do so; and
- in circumstances where both Utilico Emerging Markets Limited and UIL invest in the same securities at the same time, they will invest on substantially the same terms.

Utilico Emerging Markets Limited's investment objective is to invest predominantly in Emerging Markets. However, it has the flexibility to make investments in infrastructure, utilities and related companies outside Emerging Markets, including making investments in developed markets. Where the Joint Portfolio Managers identify an investment in infrastructure, utilities and related companies in a developed market which they believe would be suitable for Utilico Emerging Markets Limited's portfolio and is in accordance with its investment policy, a similar allocation policy to that set out above will be adopted, but with UIL being offered the relevant investment opportunity in the first instance. In the event that UIL is unable or does not wish to take up the relevant investment

opportunity in full, then Utilico Emerging Markets Limited will be free to make that investment (to the extent that the opportunity remains).

6. POTENTIAL CONFLICTS OF INTEREST

ICMIM and ICM currently serve as the joint portfolio managers of Utilico Emerging Markets Limited, as well as UIL, and they and their associates may be involved in other financial, investment or professional activities in the future, including providing investment management and/or advisory services to other investment clients. In particular, they may provide investment management, investment advice or other services in relation to investment companies which may have similar investment policies and objectives to that of UIL. As a result, ICMIM and/or ICM may have conflicts of interest in allocating investments among UIL and other clients, including ones in which they or their associates may have a greater financial interest.

In accordance with the AIFM Directive, the Joint Portfolio Managers have undertaken to take all reasonable steps to avoid conflicts of interest. If such conflicts of interest cannot be avoided, the Joint Portfolio Managers shall take all reasonable steps to identify, manage, monitor and (where applicable) disclose those conflicts of interest in order to prevent them from adversely affecting the interests of UIL and Shareholders and to ensure that UIL is treated fairly.

7. MANAGEMENT AND PERFORMANCE FEES

Management Fee

Under the terms of the Management Agreement, an aggregate annual management fee of 0.5 per cent. of net assets is payable by UIL quarterly in arrears which is apportioned between the Joint Portfolio Managers in accordance with a management services agreement between them. The annual management fee is adjusted for fees earned by the Joint Portfolio Managers in respect of investment holdings managed or advised by them. The Joint Portfolio Managers are also reimbursed for all out-of-pocket costs and expenses incurred on behalf of UIL by them and for reasonable travel and related costs incurred in the performance of their duties.

The Joint Portfolio Managers have agreed to reduce the annual management fee to 0.25 per cent. per annum from 1 January 2014 until the high water mark of 289.81p is regained.

Performance Fee

UIL will pay to the Joint Portfolio Managers a performance fee determined as at each Calculation Date (as defined below) as follows:

$$PF = (A-B) \times 15 \text{ per cent.}$$

where:

PF is the performance fee (excluding VAT), if any, payable to the Joint Portfolio Managers;

A is the Adjusted Equity Funds as at that Calculation Date;

B is the "Base Equity Funds" being the higher of:

- (i) the Equity Funds on the last day of a Calculation Period in respect of which a performance fee was last paid under the Management Agreement (**High Water Mark**); and
- (ii) the Equity Funds on the last day of the previous Calculation Period, increased by the Real Percentage Yield on the Reference Index during that Calculation Period (**Previous Equity Funds**).

B(i) above, High Water Mark, will be adjusted as appropriate for any Capital Events occurring since the establishment of the High Water Mark.

B(ii) above, Previous Equity Funds, will be adjusted as appropriate for any Capital Events occurring since the previous Calculation Date. The value of those Capital Events will be added to (in respect of a capital increase) or deducted from (in respect of a capital reduction) the

Previous Equity Funds, such adjustments being increased by the Real Percentage Yield on the Reference Index for the period between the date of the relevant Capital Event and the end of the Calculation Period.

The latest Calculation Period for the performance fee was the period from 1 July 2014 to 30 June 2015. No performance fee was paid in respect of this period.

The Performance Fee (if any) payable in respect of a Calculation Period shall be paid as soon as practicable following the end of the relevant Calculation Period (with any subsequent adjustment to the Performance Fee arising out of the audit of UIL's financial statements for the relevant Calculation Period being paid to or recouped from the Joint Portfolio Managers (in the same proportion as such Performance Fee was paid to them) in cash within 7 days of the publication of UIL's annual report and accounts for the relevant Calculation Period), or within 30 days of the termination of the Joint Portfolio Managers' appointment or the commencement of the winding up of UIL where (ii) or (iii) in the definition of Calculation Period applies.

For the purpose of this calculation:

Adjusted Equity Funds means Equity Funds adjusted by adding back any dividends paid or accrued relating to that Calculation Period unless accrued in the prior period;

Calculation Date means the last day of each Calculation Period;

Calculation Period means each successive period starting on the first day of an accounting reference period of UIL and ending on the earlier of: (i) the last day of that accounting reference period; (ii) the termination of the Joint Portfolio Managers' appointment for any reason; and (iii) the commencement of the winding up of UIL, provided that in respect of the first Calculation Period under the Management Agreement such period shall be deemed to have commenced on 1 July 2010;

Capital Event means any repayment or otherwise that reduces funds attributable to Shareholders, or any issuance of equity or otherwise which has the effect of increasing funds attributable to Shareholders (including by means of further issues of ZDP Shares, the proceeds of which shall be advanced by UIL Finance to UIL). For the avoidance of doubt, the bonus issue of warrants to subscribe for Shares, the exercise of such warrants, the conversion of convertible loan stock, and buy backs of Shares are Capital Events;

Equity Funds means the Net Asset Value (including revenue items) attributable to the Ordinary Shares;

Inflation means the rate of UK inflation in annual percentage terms calculated by reference to the year on year change in the UK all items Retail Prices Index excluding mortgage interest payments as issued by the Office of National Statistics calculated as a monthly average;

Real Percentage Yield means the average percentage income yield on the Reference Index for the relevant Calculation Period, calculated on a monthly basis, reduced by the percentage rate of UK corporation tax, plus Inflation; and

Reference Index means the FTSE Actuaries Govt. Securities UK Gilts 5 to 10 Years Index.

A summary of the main provisions of the Management Agreement is set out in paragraph 8.2 of Part 9 of this document.

F&C Management Limited has been appointed as administrator to UIL and UIL Finance. It is a subsidiary within the F&C Management Group, which is in turn wholly owned by the Bank of Montreal Group. The Administrator is regulated by the FCA and its registered office is at Exchange House, Primrose Street, London EC2A 2NY. Its telephone number at this office is +44 (0) 20 7628 8000.

The Administrator's appointment is terminable, inter alia, upon six months' notice in writing by either party.

Under the terms of the Administration Agreement, the Administrator is entitled to a fee of £310,000 per annum. A summary of the main provisions of the Administration Agreement is set out in paragraph 8.3 of Part 9 of this document.

In addition, ICM Corporate Services (Pty) Ltd, a wholly-owned subsidiary of ICM, and accordingly a related party of UIL, provides administration services to GERP for an annual fee of £15,000 in respect of the segregated account in which UIL holds shares. The agreement relating to the appointment of ICM Corporate Services (Pty) Ltd is terminable on one month's notice in writing by either party.

Depository Services Provider

UIL has appointed JPMEL to provide depository services under Articles 21(7), (8)(b) and (9) of the AIFM Directive, under the terms of the Depository Services Agreement. JPMEL is authorised and regulated in the United Kingdom by the FCA.

The services provided by JPMEL as depository services provider include:

- general oversight responsibilities over the issue and cancellation of UIL's share capital, the carrying out of Net Asset Value calculations, the application of income, and the ex-post review of investment transactions;
- monitoring UIL's cash flows and ensuring that all cash is booked in appropriate accounts in the name of UIL, ICMIM or JPMEL acting on behalf of UIL; and
- verifying UIL's ownership of its assets other than financial instruments and maintaining records sufficient for verification of UIL's ownership rights.

JPMEL receives an annual fee for its services under the Depository Services Agreement of 2.2 basis points on UIL's Net Asset Value, subject to a minimum fee of £25,000 per annum.

The Depository Services Agreement is terminable on 90 days' notice in writing by either party or on shorter notice in the event of breach of contract or insolvency.

A summary of the main provisions of the Depository Services Agreement is set out in paragraph 8.4 of Part 9 of this document.

Custody

UIL has appointed JPMCB to provide custodial services pursuant to a novation agreement dated 13 April 2015 in accordance with the terms of a Global Custody Agreement dated 14 May 2007 (**Global Custody Agreement**). The services provided by JPMCB include the safekeeping of all assets held within UIL's investment portfolio, including those classed as financial instruments for the purpose of the AIFM Directive and retaining custody of UIL's financial instruments in segregated accounts so that they can be clearly identified as belonging to UIL.

JPMCB is regulated by the Jersey Financial Services Commission and is registered under the Banking Business (Jersey) Law 1991 (as amended) in the conduct of "deposit-taking business", Fund Services Business and Money Services Business under the Financial Services (Jersey) Law 1988.

JPMCB's appointment as custodian is terminable, *inter alia*, upon 60 days' notice given by either party.

JPMCB receives safekeeping and administration charges based on the market value of assets in different countries and a transaction charge for all securities transactions, both of which vary country-by-country, together with JPMCB's reasonable out-of-pocket or incidental expenses. The amount paid by UIL to JPMCB for the year ended 30 June 2015 was £115,000 and the UIL Directors do not anticipate that the annual charges going forward will be materially different and therefore the estimated maximum amount payable per annum is £200,000.

A summary of the main provisions of the Global Custody Agreement is set out in paragraph 8.5 of Part 9 of this document.

UIL has also appointed BCB to act as custodian in respect of such cash and other investments (mainly unlisted) as UIL shall from time to time deposit with it. BCB is a limited liability company and was incorporated and registered in Bermuda on 21 February 1969 under the Bermuda Companies Act with registered number LC 1404. BCB operates under the Bermuda Companies Act and is licensed and regulated by the BMA. Its registered office and principal place of business is 19 Par-la-Ville Road, Hamilton HM 11, Bermuda (telephone number 001 441 295 5678).

The fees payable to BCB depend on the nature and quantity of the assets deposited with BCB and there is no minimum fee. The fees paid to BCB for the year ended 30 June 2015 were £16,000 and the UIL Directors do not anticipate that the annual fees going forward will be materially different and therefore the estimated maximum amount payable per annum is £20,000.

A summary of the main provisions of the custody agreement with BCB is set out in paragraph 8.10 of Part 9 of this document.

Registration Services

Computershare Bermuda has been appointed to maintain the registers of UIL Shareholders and ZDP Shareholders in Bermuda. Computershare Bermuda liaises with Computershare Investor Services PLC, the DI Depository and UK transfer agent, for the transfer and settlement of Depository Interests.

Each of UIL and UIL Finance has entered into a separate registrar agreement with Computershare Bermuda which may be terminated, *inter alia*, on six months' notice by either party. The aggregate fees paid to Computershare under the Registrar Agreements for the year ended 30 June 2015 were £12,000 and the UIL Directors do not anticipate that the annual fees going forward will be materially different and therefore the estimated maximum amount payable per annum is £20,000.

DI Depository and Custody services

Computershare Investor Services PLC has been appointed as depository for the settlement of Depository Interests. Each of UIL and UIL Finance has entered into a separate agreement for the provision of depository and custody services with Computershare Investor Services PLC, which may be terminated, *inter alia*, on six months' notice by either party.

In return for providing such services, the DI Depository is entitled to annual fees. The aggregate fees paid to Computershare Investor Services PLC under the agreements for the year ended 31 June 2015 were £36,000 and the UIL Directors do not anticipate that the aggregate annual fees going forward will be materially different and therefore the estimated maximum amount payable per annum is £50,000.

Company secretarial services

In addition to its duties, as AIFM and joint portfolio manager, ICMIM also provides company secretarial services to UIL and UIL Finance pursuant to the Management Agreement. ICMIM receives a fee equal to one-third of the total employment costs incurred by it in employing a suitably experienced person to provide the company secretarial services to UIL and UIL Finance.

Assistant Secretary

BCB Charter Corporate Services Limited acts as assistant secretary for UIL and UIL Finance.

9. FINANCIAL REPORTING AND INFORMATION

Net Asset Value

The Net Asset Value and the Net Asset Value per Ordinary Share (rounded to two decimal places), are calculated in Sterling pence per Ordinary Share by the Administrator (or such other person as the UIL Directors may appoint for such purpose from time to time) on a weekly basis. The Net Asset Value per Ordinary Share is announced through the London Stock Exchange without delay once calculated.

The Net Asset Value is calculated as the Gross Assets less the liabilities to creditors (including the provisions for such liabilities) of UIL determined in accordance with the valuation guidelines adopted by the UIL Directors from time to time.

In calculating the Net Asset Value, a liability will be included equating to the amount due to ZDP Shareholders at the calculation date each week. The amount due to ZDP Shareholders is accounted for at amortised cost, using the effective interest method. Announcements as to the Net Asset Value per Ordinary Share will include the Accrued Capital Entitlements of the ZDP Shares, including the 2022 ZDP Shares to be issued pursuant to the Rollover Offer, the Initial Placing and the Placing Programme.

Investments are measured at the UIL Board's estimate of fair value at the reporting date, in accordance with IAS 39 Financial Instruments: Recognition and Measurement. Fair value is the amount for which an asset (or liability) could be exchanged between knowledgeable, willing parties in an arm's length transaction.

- **Publicly traded securities** – Investments listed in an active market are valued at their closing bid price on the reporting date. When a bid price is not available, the price of the most recent reported transaction would normally be used. Market bid prices are used even in situations where UIL holds a large position and a sale could reasonably affect the quoted price.
- **Unquoted securities** – The determination of fair value for unquoted securities where there is little, if any, market activity is achieved by the application of a valuation technique that is appropriate for the circumstances. This will make the maximum use of market-based information and is consistent with methodology generally used by market participants.

Valuation is normally determined using one of the following valuation methodologies:

Start up and early stage investments

In the absence of revenues, profits, assets or cash flows, the approach used will be cost combined with set milestones to measure expectations and fair value.

Established investments

There are three approaches to valuing established investments: multiples; discounted earnings; and recent investments. Depending on the investment and the relevance of the approach, any or all of these valuation methods could be used.

Appropriate market multiples will vary by instrument, but would typically be by reference to one or more of, but not limited to, net earnings ratio, EV/EBITDA ratio, dividend yield, discount to net asset value or yield to maturity.

Discounted earnings multiples will use maintainable earnings discounted at appropriate rates to reflect the value of the business. Where there has been a recent investment in an investee company, the price of that investment will provide a basis of the valuation.

If the UIL Directors consider that any of the above bases of valuation are inappropriate in any particular case or generally, they may adopt such other valuation procedures as they consider is reasonable in the circumstances having taken advice from UIL's auditor. The UIL Directors may delegate to the Joint Portfolio Managers any of their discretions under the valuation guidelines.

The preparation of valuations may be suspended in circumstances where the underlying data necessary to value UIL's investments cannot readily, or without undue expenditure, be obtained. Such suspension will be communicated to investors via a Regulatory Information Service.

Accounting Policies

The audited accounts of the Group are prepared in pounds Sterling under International Financial Reporting Standards, which the Directors believe is an acceptable body of generally accepted accounting practice. Under IFRS, the Group prepares an income statement and a statement of changes in equity, which discloses revenue and capital results, including net investment gains.

Management fees, borrowing costs and running expenses of the Group are charged to revenue with the exception of the performance fee which is allocated between capital and revenue and other expenses of a capital nature which will be charged to the capital account. That part of the performance fee directly attributable to the capital performance of UIL's investments is allocated to capital, and that part directly attributable to revenue performance will be allocated to revenue.

Reports and Accounts

The annual accounts of the Group are made up to 30 June in each year, with copies of the annual report and accounts ordinarily sent to Shareholders in September. Annual general meetings of UIL and UIL Finance are typically held in November of each year. Shareholders also receive an unaudited consolidated interim report covering the first six months of each financial year to 31 December. The interim report is ordinarily released to Shareholders in February of each year.

10. MEETINGS

It is intended that all general meetings of UIL and UIL Finance will be held outside the United Kingdom. UIL and UIL Finance each hold an annual general meeting every year. UIL Shareholders are entitled to attend and vote at all UIL general meetings. ZDP Shares do not carry any voting rights at general meetings of UIL, although the consent of ZDP Shareholders is required for certain proposals. Any such consent will be obtained through class meetings of ZDP Shareholders.

11. CORPORATE GOVERNANCE

UIL Finance

The ZDP share capital of UIL Finance has a standard listing on the Official List and therefore under the Listing Rules UIL Finance will not be required to comply or provide an explanation for any non-compliance with the UK Corporate Governance Code, and as at the date of this document does not so comply. Bermuda does not have its own corporate governance code with which UIL Finance is required to comply.

UIL

Bermuda does not have its own corporate governance code. As a Bermuda incorporated company with a premium listing on the Official List, UIL is required to comply with the UK Corporate Governance Code issued by the Financial Reporting Council (the **UK Corporate Governance Code**). The UIL Board has considered the principles and recommendations of the AIC Code of Corporate Governance (the **AIC Code**) by reference to the AIC Corporate Governance Guide for Investment Companies (the **AIC Guide**). The AIC Code, as explained by the AIC Guide, addresses all the principles set out in the UK Corporate Governance Code, as well as setting out additional principles and recommendations on issues that are of specific relevance to investment companies.

The UIL Board considers that reporting against the principles and recommendations of the AIC Code, and by reference to the AIC Guide (which incorporates the UK Corporate Governance Code), will provide better information to Shareholders.

UIL has complied with the recommendations of the AIC Code and the relevant provisions of the UK Corporate Governance Code, except as set out below.

The UK Corporate Governance Code includes provisions relating to:

- the role of the chief executive;
- executive directors' remuneration;
- the need for an internal audit function; and
- nomination of a senior independent director.

For the reasons set out in the AIC Guide, and as explained in the UK Corporate Governance Code, the UIL Board considers these provisions are not relevant to the position of UIL, being a Bermuda-incorporated investment company with external investment managers. In particular, all of UIL's day-to-day investment management and administrative functions are outsourced to third parties. As a result, UIL has no executive directors, employees or internal operations. UIL therefore has not reported further in respect of these provisions.

In common with most investment companies, UIL does not have an internal audit function. All of UIL's management functions are delegated to the Joint Portfolio Managers and Administrator, whose controls are monitored by the UIL Board and which include audit and risk assessment. It is therefore

felt that there is no need for UIL to have its own internal audit function. However, this is reviewed annually by the Audit Committee. Action will be taken to remedy any significant failings or weaknesses identified from the review of the effectiveness of the internal control system.

In view of the requirement of the Bye-laws that all UIL Directors retire by rotation, the UIL Board considers that it is not appropriate for the UIL Directors to be appointed for a specified term as recommended by the AIC Code. In addition, the UIL Board has considered provision B.7.1 in the UK Corporate Governance Code published in September 2014 recommending that all directors of FTSE 350 companies should be subject to annual re-election. The UIL Board believes that the current election system, with each UIL Director being re-elected to the UIL Board at least every three years or re-elected annually if they have served more than nine years or are “non-independent”, is sufficient as annual re-elections could pose risks to the continuity and stability of the UIL Board. Any non-independent director is subject to annual re-election.

UIL does not have a separate Nomination Committee or Remuneration Committee and the UIL Board as a whole undertakes the work which would otherwise be undertaken by these Committees.

Details of the Group’s ten largest investments are published monthly and in the annual and half-yearly reports; a full list of investments is not published.

Whilst none of the Directors has a service contract with UIL or UIL Finance (and nor are any such contracts proposed), each of the Directors has signed a letter of appointment to formalise in writing the terms of their appointment. Under the Bye-laws of both UIL and UIL Finance, one third of their respective Boards is subject to retirement by rotation each year. In addition, all Directors are required to submit themselves for re-election at least every three years.

The UIL Board has constituted the following committees:

Audit Committee

UIL has established a separately chaired Audit Committee whose duties include considering and recommending to the UIL Board for approval the contents of the half yearly and annual financial statements, and providing an opinion as to whether the annual report and accounts, taken as a whole, are fair, balanced and understandable and provide the information necessary for Shareholders to assess UIL’s performance, business model and strategy. The terms of reference detailing the scope and duties of the Audit Committee are available on UIL’s website www.uil.limited.

The Audit Committee meets at least three times a year. Two of the planned meetings are held prior to the UIL Board meetings to approve the half yearly and annual results and the Committee receives information from the Joint Portfolio Managers and Administrator on their internal controls. Representatives of the Joint Portfolio Managers and the Administrator attend all meetings.

The Audit Committee is composed of the independent UIL Directors and is chaired by Mr Stobart. It is considered that there is a range of recent and relevant financial experience amongst the members of the Audit Committee.

The primary role of the Audit Committee is to review UIL’s accounting policies, the contents of the accounts, the adequacy and scope of the external audit and compliance with regulatory and financial reporting requirements. In addition, it also reviews the provision of non-audit services by the external auditors, the risks to which UIL is exposed and the controls in place to mitigate those risks.

The Audit Committee has access to the Administrator’s group audit committee, and reports its findings to the UIL Board.

The UIL Board retains ultimate responsibility for all aspects relating to the annual and half-yearly accounts and other significant published financial information.

The UIL Board has reviewed and accepted the Joint Portfolio Managers’ anti-bribery and corruption and whistleblowing policies. It has also noted the whistleblowing policy of the Administrator.

Management Engagement Committee

The UIL Board has appointed a Management Engagement Committee, chaired by Mr Stobart, which operates within written terms of reference clearly setting out its authority and duties. Copies of the terms of reference are available on the Group's website at www.uil.limited.

The Management Engagement Committee is comprised of the independent Directors of UIL and meets at least once a year.

The Management Engagement Committee undertakes an annual formal evaluation of the performance of, and fees paid to, the Joint Portfolio Managers for the services provided under the Management Agreement, together with the fees and other terms of that agreement. The Management Engagement Committee also considers the effectiveness of the administration services provided by the Joint Portfolio Managers and Administrator, including the timely identification and resolution of areas of accounting judgement and implementation of new regulatory requirements, and the performance of other third party service providers.

PART 5
THE ZDP SHARES

1. RIGHTS ATTACHING TO THE ZDP SHARES

The ZDP Shares, including the 2022 ZDP Shares arising pursuant to the Rollover Offer, each have the same rights as each other, save in respect of their ZDP Repayment Dates and their Final Capital Entitlements, which differ for each class of ZDP Share and, in the case of the 2020 ZDP Shares and the 2022 ZDP Shares, the level of ZDP Cover below which further ZDP Shares cannot be issued. The rights of the ZDP Shares are set out in the New UIL Finance Bye-Laws, which contain provisions, inter alia, to the following effect:

1.1 Income

- (a) The ordinary shares of 10p each in the capital of UIL Finance carry the right to receive the revenue profits of UIL Finance available for distribution (excluding any sums paid to UIL Finance by UIL under the Subscription Agreement) and determined to be distributed by way of dividend at such times as the UIL Finance Directors may determine.
- (b) The ZDP Shares carry no rights to receive dividends out of the revenue or any other profits of the Group.

1.2 Capital

- (a) On a return of assets, on a liquidation or otherwise, the surplus assets of UIL Finance after payment of all debts and satisfaction of all liabilities (excluding, for this purpose only, the payment of the capital entitlement of each class of ZDP Share), shall be applied as follows:
 - (i) first, there shall be paid to the holders of 2016 ZDP Shares *pro rata* to the number of 2016 ZDP Shares held by them, the Accrued Capital Entitlement per 2016 ZDP Share;
 - (ii) secondly, there shall be paid to the holders of 2018 ZDP Shares *pro rata* to the number of 2018 ZDP Shares held by them, the Accrued Capital Entitlement per 2018 ZDP Share;
 - (iii) thirdly, there shall be paid to the holders of 2020 ZDP Shares *pro rata* to the number of 2020 ZDP Shares held by them, the Accrued Capital Entitlement per 2020 ZDP Share;
 - (iv) fourthly, there shall be paid to the holders of 2022 ZDP Shares *pro rata* to the number of 2022 ZDP Shares held by them, the Accrued Capital Entitlement per 2022 ZDP Share; and
 - (v) fifthly, there shall be paid to the holders of the UIL Finance ordinary shares any surplus assets available for distribution *pro rata* to the number of UIL Finance ordinary shares held by them.
- (b) The ZDP Shares will not pay dividends but they will have a Final Capital Entitlement at the end of their respective lives as follows:
 - (i) the 2016 ZDP Shares will have a Final Capital Entitlement at the end of their life on 31 October 2016 of 192.78p;
 - (ii) the 2018 ZDP Shares will have a Final Capital Entitlement at the end of their life on 31 October 2018 of 160.52p;
 - (iii) the 2020 ZDP Shares will have a Final Capital Entitlement at the end of their life on 31 October 2020 of 154.90p; and

- (iv) the 2022 ZDP Shares will have a Final Capital Entitlement at the end of their life on 31 October 2022 of 146.99p.
 - (c) On a liquidation of UIL and/or UIL Finance, to the extent that the relevant classes of ZDP Shares have not already been redeemed, the shares shall rank in the following order of priority in relation to the repayment of their Accrued Capital Entitlement as at the date of liquidation:
 - (i) the 2016 ZDP Shares shall rank in priority to the 2018 ZDP Shares, the 2020 ZDP Shares and the 2022 ZDP Shares;
 - (ii) the 2018 ZDP Shares shall rank in priority to the 2020 ZDP Shares and the 2022 ZDP Shares; and
 - (iii) the 2020 ZDP Shares shall rank in priority to the 2022 ZDP Shares.
- The entitlement of ZDP Shareholders of a particular class shall be determined in proportion to their holdings of ZDP Shares of that class.

1.3 Voting

- (a) The holders of the ordinary shares of 10p each in the capital of UIL Finance shall have the right to receive notice of and to attend and vote at general meetings of UIL Finance. Each holder of a UIL Finance ordinary share being present at a meeting shall upon a show of hands have one vote and (subject as referred to in paragraph (e) below) upon a poll every such holder present in person or by proxy shall have one vote in respect of every UIL Finance ordinary share held by him.
- (b) The holders of the ZDP Shares shall have the right to receive notice of, but shall not have the right as such to attend or vote at, any general meeting of UIL Finance except (save as provided in paragraph (h) below):
 - (i) upon any resolution to alter, modify or abrogate the special rights or privileges attached to the ZDP Shares; or
 - (ii) upon a Liquidation Resolution, Recommended Resolution and Reconstruction Resolution (as respectively defined in paragraphs (e), (f) and (g) below).

For the avoidance of doubt, the passing of a Liquidation Resolution, a Recommended Resolution or a Reconstruction Resolution or a resolution to increase the authorised share capital of UIL Finance shall not be treated as an alteration, modification or abrogation of the rights attached to the ZDP Shares.

- (c) Save as described in paragraphs (f) and (g) below, UIL Finance may not, without the previous sanction of an extraordinary resolution passed at a separate general meeting of each class of ZDP Shareholders convened and held in accordance with the provision of the New UIL Finance Bye-laws:
 - (i) subject to sub-paragraph (d) below, issue, and it shall, so far as it is able, procure that UIL shall not, issue any further shares or rights to subscribe for further shares or convert any securities into shares in any member of the Group or reclassify any issued share capital into shares of a particular class where such shares rank, or would on issue, conversion or reclassification rank, as to capital, in priority to, or pari passu with, UIL's payment obligations under the Subscription Agreement in respect of any class of ZDP Shares;
 - (ii) pass a resolution for the voluntary winding up of UIL Finance, such winding up to take effect prior to the final ZDP Repayment Date (or, if that day is not a business day, the immediately preceding business day);
 - (iii) pass a resolution to reduce the capital of UIL Finance in any manner or to purchase shares in UIL Finance other than as permitted below;

- (iv) pass a resolution amending the provisions of the New UIL Finance Bye-laws summarised in this paragraph 1.3(c);
- (v) pass a resolution authorising the UIL Finance Directors to pay a dividend or other distribution out of the capital reserves of UIL Finance; or
- (vi) make any material variation to the terms of the Subscription Agreement or any further subscription agreement entered into between UIL and UIL Finance in respect of any further issues of ZDP Shares which, at the time of being made, could reasonably be considered to be materially prejudicial to the interests of the existing UIL Finance ZDP Shareholders,

provided that no such sanction will be required for the passing of any resolution authorising UIL Finance to purchase any ZDP Shares where such shares may only be purchased at prices at or below their prevailing Accrued Capital Entitlement (as determined by the UIL Finance Directors in accordance with the UIL Finance Bye-laws as at a date falling not more than 10 days before the date of the relevant repurchase) or at a higher price per ZDP Share if the UIL Finance Directors determine this to be in the interests of ZDP Shareholders, or for any purchase of such ZDP Shares in accordance with any such resolution.

- (d) Notwithstanding the restrictions described in paragraph (c)(i) above, any member of the Group may, subject as provided in the relevant company's bye-laws, issue any further shares or rights to subscribe for further shares or convert any securities into shares or reclassify any issued share capital into shares of a particular class where such shares rank, or would on issue, conversion or reclassification rank, as to capital, in priority to, or *pari passu* with, UIL's payment obligations under the Subscription Agreement in respect of any class of ZDP Shares provided that the UIL Finance Directors shall have calculated and UIL's and UIL Finance's financial adviser shall have reported to the UIL Finance Directors on such calculations within 60 days prior to the Calculation Date (as defined below) that, were the further shares to be issued or the shares to be reclassified or rights of subscription or conversion to be issued and immediately exercised at the date of the report, the ZDP Shares in issue immediately thereafter would have a ZDP Cover of not less than 1.5x in the case of the 2016 ZDP Shares and the 2018 ZDP Shares and of not less than 1.35x in the case of the 2020 ZDP Shares and the 2022 ZDP Shares. For this purpose, the ZDP Cover shall represent a fraction where the numerator is equal to the gross assets of the Group on the Calculation Date and the denominator is equal to the aggregate on the Calculation Date of: (i) the aggregate capital entitlement on the relevant ZDP Repayment Dates of the ZDP Shares in issue on the Calculation Date; and (ii) the outstanding amounts payable by the Group under bank facilities and any borrowings ranking in priority to UIL's payment obligations under the Subscription Agreement.

Gross assets for this purpose shall mean the unaudited aggregate value of the gross assets of the Group, including assets represented by principal monies borrowed by any member of the Group, less current liabilities (not including contingent liabilities) of the Group (other than principal monies borrowed), each as determined by the UIL Directors. The Calculation Date, for the purpose of this paragraph (d) shall mean the close of business on a date which is not earlier than 60 days prior to (and excluding) the date of the announcement of such issue or reclassification or, if applicable and earlier, the date of any announcement of the intention to make such proposed issue.

In calculating such ZDP Cover, the UIL Finance Directors shall where available:

- (i) use the gross assets of the Group at the most recent practicable date before the Calculation Date;
- (ii) assume that the share capital or rights proposed to be issued or arising on reclassification had been issued and/or exercised and/or reclassified at the end of the month prior to the Calculation Date;

- (iii) adjust the gross assets of the Group by adding the minimum net consideration (if any) which would be received upon such issue, reclassification or exercise;
 - (iv) take account of the entitlements to be attached to the new shares or securities or rights to be issued;
 - (v) aggregate the Final Capital Entitlement of all the existing ZDP Shares and the capital entitlements of the new shares or securities or rights to be issued as aforesaid in each case as at the relevant ZDP Repayment Date;
 - (vi) make appropriate adjustments for any other issues or reclassifications or purchases of own share capital which have been made by UIL or UIL Finance since the end of the preceding month or will have been made by or at the time of the proposed issue of shares or rights of subscription or conversion into shares or reclassification;
 - (vii) make such other adjustments as they consider appropriate; and
 - (viii) the UIL Finance Directors shall have absolute discretion to determine whether the conditions set out above are satisfied in any case and no independent valuation need be carried out.
- (e) If all of the relevant ZDP Shares are not redeemed on or before the relevant ZDP Repayment Date (except by reason of administrative error rectified within 7 days and disregarding any ZDP Shares which are not redeemed as a result of a failure by the holder to comply with a requirement relating to redemption imposed in accordance with the UIL Finance Bye-laws), the UIL Finance Directors shall: (i) exercise the right of UIL Finance under the Subscription Agreement to convene a special general meeting of UIL at which a resolution shall be proposed requiring that UIL shall be wound up voluntarily pursuant to the Bermuda Companies Act; and (ii) convene a special general meeting of UIL Finance to be held on the same date as the special general meeting to be convened by UIL in accordance with Subscription Agreement at which a resolution (the **Liquidation Resolution**) shall be proposed requiring that UIL Finance be wound up voluntarily pursuant to the Bermuda Companies Act. At such meeting the vote of those members entitled to vote shall be taken by poll and those holders of ZDP Shares who (being individuals) are present in person or by proxy or (being corporations) are present by proxy or by duly authorised representative and entitled to vote and who vote in favour of the Liquidation Resolution shall, on a poll, have such number of votes in respect of each share held by them (including fractions of a vote) so that the aggregate number of votes cast in favour of the Liquidation Resolution is four times the aggregate number of votes cast against the Liquidation Resolution and each member present in person or by proxy and entitled to vote and who votes against such resolution shall on a poll have one vote for each share held.
- (f) If an offer is made to all holders of ZDP Shares (other than the offeror and/or persons controlled by or acting in concert with the offeror) which becomes or is declared unconditional in all respects prior to the final ZDP Repayment Date, which offer entitles holders of ZDP Shares to receive not later than the date falling 14 days after the relevant ZDP Repayment Date an amount in cash equal to or not less than that to which the UIL Finance Directors estimate (so far as practicable at that time) that such holders would otherwise have been entitled to receive on a winding-up of UIL Finance and on the basis that UIL satisfies its payment obligations under the Subscription Agreement to the extent that it is able after payment of all other prior ranking indebtedness and liabilities, (ignoring any option for alternative consideration pursuant to such offer) and such offer is recommended by the UIL Finance Directors and it is stated to be, in the opinion of the financial adviser appointed by UIL and UIL Finance, fair and reasonable then the provisions described in paragraph (e) above shall not apply and at any special general meeting of UIL Finance or separate general meeting of the holders of the ZDP Shares held between the date of making such recommendation and the relevant ZDP

Repayment Date (both dates inclusive) the provisions relating to voting in sub-paragraph (h) below shall apply to any resolution or resolutions recommended by the UIL Finance Directors (a **Recommended Resolution**) and stated to be, in the opinion of the financial adviser appointed by the UIL Finance Directors, fair and reasonable.

- (g) If at any special general meeting of UIL Finance held on or prior to any ZDP Repayment Date there is proposed any resolution (a **Reconstruction Resolution**) to sanction any form of arrangement (whether involving the winding up of UIL Finance, the redemption of the ZDP Shares or otherwise) which would enable the holders of the ZDP Shares to receive not later than the date falling 14 days after the relevant ZDP Repayment Date an amount in cash equal to or not less than that to which the UIL Finance Directors estimate (so far as practicable at that time) that such holders would otherwise have been entitled to receive on a winding-up of UIL Finance and on the basis that UIL satisfies its payment obligations under the Subscription Agreement to the extent that it is able after payment of all other prior ranking indebtedness and liabilities, (ignoring any options ZDP Shareholders may be given to elect to receive any entitlement otherwise than in cash pursuant to the arrangement) then the provisions described in sub-paragraph (e) above shall not apply and the provisions relating to voting described in sub-paragraph (h) below shall apply in respect of any Reconstruction Resolution.
- (h) Where any resolution or resolutions are proposed pursuant to the provisions of the UIL Finance Bye-laws referred to in sub-paragraph (f) or (g) above:
 - (i) the holders of the ordinary shares of 10p each in the capital of UIL Finance present in person or by proxy and entitled to vote and who vote (whether for or against) on such resolution at any special general meeting of UIL Finance shall, on a poll, have for each such ordinary share such number of votes as is equal to four times the number of votes cast in aggregate by the holders of the ZDP Shares; and
 - (ii) those holders of ZDP Shares present in person or by proxy and entitled to vote and who vote in favour of such resolution at a separate general meeting of the holders of ZDP Shares shall, on a poll, have such number of votes in respect of ZDP Shares held by them (including fractions of a vote) so that the aggregate number of votes cast in favour of the resolution is four times the aggregate number of such shares in respect of which votes are cast against the resolution and each holder of ZDP Shares present in person or by proxy and entitled to vote who votes against such resolution shall, on a poll, have one vote for each share held by him, provided that, if any term of any offer or arrangement referred to in sub-paragraph (f) or (g) above (as regards any one or more holders of ZDP Shares) shall have been breached (other than by such holder(s)) in any material respect of which the chairman of the meeting has received written notice prior to the commencement of such meeting, each holder shall, at any such meeting at which such holder is present in person or by proxy and entitled to vote, on a poll, have one vote for each such share held by him.
- (i) Where by virtue of the provisions of the UIL Finance Bye-laws, the holders of ZDP Shares are entitled to vote, every such holder present at a meeting shall upon a show of hands have one vote and (subject as referred to in sub-paragraph (h) above) upon a poll, every such holder present in person or by proxy shall have one vote in respect of each ZDP Share held by him.

1.4 **Redemption**

- (a) UIL Finance shall (subject to the provisions of the Bermuda Companies Act) redeem all the outstanding ZDP Shares in each class on or within 14 days before the relevant ZDP Repayment Date.

- (b) On the redemption of ZDP Shares in accordance with the provisions described in this paragraph 1.4, there shall be paid to the holders of the relevant class of ZDP Shares an amount equal to the Accrued Capital Entitlement per ZDP Share determined in accordance with the provisions described in paragraph 1.2 above.
- (c) Any redemption notice shall specify the redemption amount and the address at which certificates for ZDP Shares are to be surrendered for redemption. A redemption notice may not be withdrawn without the prior class consent of the holders of the ZDP Shares concerned. No defect in the redemption notice or in the giving thereof shall affect the validity of the redemption proceedings.
- (d) Unless otherwise determined by the UIL Finance Board, payments in respect of the amount due on redemption of ZDP Shares shall be made by sterling cheque drawn on a bank in the City of London or, upon the request of the holder or joint holders, by transfer to a Sterling account maintained by the payee with a bank in the City of London. Such payment will be made against surrender of the relevant certificate in the case of certificated ZDP Shares or, if the relevant certificate has been lost or destroyed, the giving of an appropriate indemnity in a form satisfactory to the UIL Finance Board, provided that the UIL Finance Board may determine that surrender of certificates shall not be required, in which event each certificate shall be void and of no effect as from the date of payment of the amount due on the redemption of the ZDP Shares to which the certificate relates.

The causes of material changes in the capital value of the Group's assets in the three financial years ended 30 June 2015 and the unaudited half-yearly period ended 31 December 2015 can be summarised as follows (figures have been rounded to the nearest £1,000):

- (i) in the year to 30 June 2013, the Group made a net capital loss of £63,327,000. £45,005,000 of this related to losses on investments, with a realised loss on the sale of investments of £13,877,000 and an unrealised loss on investments held of £31,128,000. The balance consisted of exchange losses of £991,000, losses on derivatives of £3,714,000, finance costs, including increase of ZDP Share liability, and other costs of £13,617,000;
- (ii) in the year to 30 June 2014, the Group made a net capital gain of £19,683,000. £36,709,000 of this related to gains on investments, with a realised gain on the sale of investments of £7,411,000 and an unrealised gain on investments held of £29,298,000. The balance consisted of losses on derivatives of £2,247,000, exchange losses of £519,000, finance costs, including increase of ZDP Share liability, and other costs of £14,238,000 and a taxation charge of £22,000;

The balance consisted of gains on derivatives of £6,347,000, exchange gains of £2,989,000, finance costs, including increase of ZDP Share liability, and other costs of £13,200,000; and

- (iv) in the unaudited six month period ended 31 December 2015, the Group made a net capital loss of £10,255,000. £3,223,000 of this related to gains on investments, with a realised gain on the sale of investments of £1,782,000 and an unrealised gain on investments held of £1,441,000. The balance consisted of losses on derivatives of £4,752,000, exchange losses of £2,446,000, finance costs, including increase of ZDP Share liability, and other costs of £6,280,000.

It is not expected that there will be any material impact on the earnings and liabilities per Ordinary Share as a result of the issue of the Offered ZDP Shares.

2.4 Capital resources

UIL is funded by both equity and debt, with the debt provided through a £50 million multi-currency facility pursuant to a loan agreement with Scotiabank which expires in March 2018 and a short term debt facility under which UIL may drawdown a further £25 million on 31 October 2016 which will be repayable within 6 months of drawdown. As at 10 May 2016, the latest practicable date prior to the publication of this document, approximately £47.7 million of the Existing Loan Facility was drawn down and UIL's aggregate borrowings (including structural gearing provided by ZDP Shares) represent approximately 56 per cent. of UIL's Gross Assets (source: UIL's unaudited assets and liabilities schedule).

In the 10 month period 30 June 2015 to 30 April 2016, UIL had unaudited cash flows from operations of £(6.2) million (source: UIL's unaudited management accounts).

As at 31 March 2016, the fair value of the derivative contracts was £(2,961).

The Group has no further indirect or contingent indebtedness.

4. WORKING CAPITAL

In UIL Finance's opinion, UIL Finance does not have sufficient working capital for its present requirements, that is, for at least the 12 months following the date of this document.

In UIL's opinion, the Group does not have sufficient working capital for its present requirements, that is, for at least the 12 months following the date of this document.

The Group is dependent on proceeds from the Initial Placing and Placing Programme, a reduction in the redemption sum payable on the redemption of the 2016 ZDP Shares following the Rollover Offer and proceeds from the sale of certain identified portfolio investments in order to meet its working capital requirements for at least the 12 months following the date of this document.

If the conditions of the Rollover Offer, Initial Placing and Placing Programme are not satisfied the Group will need to make alternative arrangements to fund the redemption of the 2016 ZDP Shares on 31 October 2016. In such a situation, which the Group believes to be a reasonable worst case scenario, the Group would be expected to have a shortfall of approximately £64 million by 31 October 2016. Accordingly the Group would make additional sales of investments from the Group's investment portfolio, it would continue to seek investors pursuant to the Placing Programme

and may also seek further alternative sources of debt financing. The Company believes that these alternative arrangements are likely to be successful.

The Group has a long track record of investment realisations having realised investments providing proceeds of £100 million in the financial year ended 30 June 2015 and £90 million in the year ended 30 June 2014. As at 30 April 2016 the Group's investment portfolio amounted to £421.7 million of which listed investments amounted to £329.3 million, unlisted investments £67.7 million and loans to listed investments £24.7 million. The Issue Price under the Placing Programme is not less than the Accrued Capital Entitlement of the relevant class of ZDP shares at the time of allotment and since the 2020 ZDP Shares are trading at a premium of 12 per cent. to the accrued capital entitlement (as at 16 May 2016, the latest practicable date prior to the publication of this document) this gives the Group significant flexibility to attract placees for further 2020 ZDP Shares. The Group's Joint Portfolio Managers also have a track record of raising funds through alternative debt structures both for the Group and for other companies which they manage.

In the event that such arrangements are not successful and the Group is unable to fund the redemption of the 2016 ZDP Shares on 31 October 2016, the bye-laws of UIL provide that the UIL Directors shall, *inter alia*, convene a special general meeting of UIL at which a resolution shall be proposed requiring that UIL be wound up voluntarily pursuant to the Bermuda Companies Act.

5. NAV

UIL's most recent published NAV (unaudited) was as at 10 May 2016 and was £184.5 million, reflecting 203.55 pence per Ordinary Share.

PART 7

TAXATION

The statements on taxation below are intended to be a general summary of certain tax consequences that may arise in relation to the Group and ZDP Shareholders. This is not a comprehensive summary of all technical aspects of the structure and is not intended to constitute legal or tax advice to potential investors. Prospective investors should familiarise themselves with, and where appropriate should consult their own professional advisers on, the overall tax consequences of investing in the ZDP Shares. The statements relate to investors acquiring ZDP Shares for investment purposes only, and not for the purposes of any trade. As is the case with any investment, there can be no guarantee that the tax position or proposed tax position prevailing at the time an investment in the ZDP Shares is made will endure indefinitely. The tax consequences for each investor of investing in the ZDP Shares may depend upon the investor's own tax position and upon the relevant laws of any jurisdiction to which the investor is subject.

BERMUDA TAXATION

At the date of this document, there is no Bermuda income, corporation, or profits tax, withholding tax, capital gains tax, capital transfer tax, estate duty or inheritance tax payable by the Group or any of its Shareholders other than Shareholders ordinarily resident in Bermuda. The Group is not subject to stamp duty on the issue, transfer or redemption of any of its shares.

Both UIL and UIL Finance have received an undertaking from the Minister of Finance of Bermuda under the Exempted Undertakings Tax Protection Act, 1966, as amended, that, in the event that there is enacted in Bermuda any legislation imposing: (i) tax computed on profits or income; (ii) tax computed on any capital assets, gain or appreciation; or (iii) any tax in the nature of estate duty or inheritance tax, such tax shall not until 31 March 2035 be applicable to the Group or to any of its operations, shares, debentures or other obligations except insofar as such tax applies to persons ordinarily resident in Bermuda and holding such shares, debentures or other obligations of the Group or any land leased to the Group.

As exempted companies, UIL and UIL Finance are each liable to pay the Bermuda Government an annual government fee which is currently US\$10,455 respectively.

UK TAXATION

The following paragraphs are intended only as a general guide and are based on current legislation and HM Revenue & Customs (HMRC) published practice, which is subject to change at any time (possibly with retrospective effect). They are of a general nature, do not constitute tax advice and apply only to ZDP Shareholders who are resident in the UK, who are the absolute beneficial owners of their ZDP Shares and who hold their ZDP Shares as an investment. They do not address the position of certain classes of ZDP Shareholders such as dealers in securities, charities, registered pension schemes, insurance companies or collective investment schemes. If you are in any doubt as to your tax position or if you are subject to tax in a jurisdiction outside the UK, you should consult an appropriate professional adviser without delay.

UIL Finance

It is the intention of the UIL Finance Directors to conduct the affairs of UIL Finance so that the central management and control of UIL Finance is not exercised in the UK so that UIL Finance is not treated as resident in the UK for taxation purposes. UIL Finance should not be treated as resident in the UK pursuant to section 363A of the Taxation (International and Other Provisions) Act 2010 either (pursuant to which a company should be deemed not to be resident in the UK for UK tax purposes if, absent that section, the Company would otherwise be treated as UK resident). It is also the intention of the UIL Finance Directors that UIL Finance does not carry out any trade in the UK (whether or not through a permanent establishment situated there). On this basis, UIL Finance should not be liable for UK taxation on its profits other than certain income deriving from a UK source. On

the same basis, UIL Finance should not be within the scope of UK tax on chargeable gains wheresoever arising (other than, in certain circumstances, on a disposal of UK residential property).

ZDP Shareholders

The statements on taxation below are intended to be a general summary of certain tax consequences that may arise for ZDP Shareholders who as part of the ZDP Rollover Offer receive 2022 ZDP Shares (which may vary depending upon the particular individual circumstances and status of prospective investors), and a general guide to the tax treatment of UIL Finance. These comments are based on the laws and published practices as at the time of writing and may be subject to future revision (possibly with retrospective effect). This discussion is not intended to constitute advice to any person and should not be so construed.

Each ZDP Shareholder should consult their own tax advisers as to the possible tax consequences of buying, holding or selling 2022 ZDP Shares under the laws of their country of citizenship, residence or domicile or other jurisdictions in which they are subject to tax.

The ZDP Rollover Offer

The conversion of 2016 ZDP Shares into 2022 ZDP Shares under the ZDP Rollover Offer should not result in a holder of 2016 ZDP Shares being regarded as disposing of those 2016 ZDP Shares for the purposes of the UK taxation of chargeable gains. Instead, for such purposes, the exchange should be treated as a reorganisation of share capital and the 2022 ZDP Shares acquired should be treated as the same asset as the holding of 2016 ZDP Shares converted. Accordingly, the ZDP Shareholder should be regarded as having acquired those 2022 ZDP Shares at the same time and for the same base cost as his or her holding of 2016 ZDP Shares.

Redemption and Disposals

The ZDP Shares should not fall within the definition of an “offshore fund” for the purposes of United Kingdom tax legislation. Therefore, in principle, any profit on a disposal of ZDP Shares or on receipt of the Final Capital Entitlement by a UK resident ZDP Shareholder or a ZDP Shareholder who carries on a trade in the United Kingdom through a branch, agency or permanent establishment with which their investment in the ZDP Shares is connected, should be taxed as a chargeable gain for UK tax purposes, subject to applicable reliefs and allowances.

UK resident individual Shareholders are subject to UK capital gains tax, with effect from 6 April 2016, at the rate of 10 per cent. for basic rate taxpayers and 20 per cent. for higher and additional rate taxpayers and are entitled to an annual allowance of up to £11,100 per annum (for the tax year 2016/2017). UK corporation tax payers are subject to corporation tax on chargeable gains at the rate of 20 per cent.

There are two exceptions to the treatment described in the preceding paragraph of which ZDP Shareholders should be aware.

ZDP Shareholders subject to UK Corporation Tax

For ZDP Shareholders who are subject to UK Corporation Tax, if the Final Capital Entitlement is received otherwise than pursuant to a liquidation of UIL Finance, the amount by which the Final Capital Entitlement exceeds the amount originally subscribed for the ZDP Shares will instead be treated as a “distribution” for UK corporation tax purposes.

If the relevant 2022 ZDP Shareholder or 2020 ZDP Shareholder is a company that is not “small”, that distribution will normally be exempt from corporation tax. For a company which is “small”, that distribution will be subject to corporation tax as income. A company is “small” for the purposes of the previous paragraph for any accounting period during which staff headcount is below 50 and either turnover or balance sheet total is less than or equal to €10 million.

Disguised Interest

The Finance Act 2013 introduced disguised interest provisions intended to make returns which are economically equivalent to interest subject to income tax as income.

It is known that HMRC considers that these provisions are, in principle, capable of applying to zero dividend preference shares. However there is an exception for shares that are admitted to trading on a regulated market where, at the time of issue, there are no arrangements involving only the relevant ZDP Shares which would produce an amount which is economically equivalent to interest (as defined by the provisions). As a matter of strict legal interpretation of the legislation, it is not entirely clear whether this exception does apply to the ZDP Shares. However, the UIL Finance Directors and their advisors have considered HMRC guidance and other publicly available information concerning the exception and have concluded that the exception should apply to the ZDP Shares. The exception will not apply if there are arrangements made by any person in relation to any ZDP Shares where the main purpose or one of the main purposes is to ensure that the return is in fact economically equivalent to interest. Nor will the exception apply if the shareholder's return is virtually guaranteed on launch, for example where the company's portfolio is not exposed to investment risk. The UIL Finance Directors do not intend that UIL Finance will make any such arrangements and ZDP Shareholders should consider their position very carefully before making any such arrangements with respect to their own holdings of ZDP Shares and should take appropriate professional advice.

Similar rules concerning the UK tax treatment of disguised interest already exist for UK Corporation Tax but are subject to an exclusion for arrangements that have no tax avoidance purpose. The provisions for income tax do not contain such an exclusion.

UK individual ZDP Shareholders are also reminded that a subsequent "relevant arrangement" made by any person could result in the disguised interest provisions applying to the 2022 ZDP Shares even where those provisions did not previously apply to the 2022 ZDP Shares.

If these provisions apply to the ZDP Shares, it is likely that the return on the ZDP Shares would be subject to tax as income in the hands of ZDP Shareholders who are subject to United Kingdom income tax.

Other UK tax considerations

The attention of individuals resident in the United Kingdom for taxation purposes is drawn to Chapter 2, Part 13 of the Income Tax Act 2007, which may render them liable to income tax in respect of the undistributed income of UIL Finance or any capital sum received from UIL Finance.

The attention of companies resident in the UK is drawn to the provisions contained in Part 9A of the Taxation (International and Other Provisions) Act 2010.

The UK "controlled foreign company" provisions subject UK resident companies to tax on the profits of companies not so resident in which they have an interest. Broadly, a charge may arise to UK tax resident corporate holders of ZDP Shares if a non-resident company is controlled by persons who are resident in the UK, it has profits which are attributable to its UK "significant people functions" and one of the exemptions does not apply. UK corporate investors are advised to consult their independent professional tax advisers as to the implications of these provisions.

It is anticipated that the shareholdings in UIL Finance will be such as to ensure that it would not be a "close company" if it were resident in the UK (broadly, controlled by five or fewer participants). If, however, UIL Finance would be a close company if so resident, capital gains accruing to it may be apportioned to UK resident or ordinarily resident shareholders, under the provisions of section 13 Taxation of Chargeable Gains Act 1992, who may thereby become chargeable to capital gains tax, or corporation tax on chargeable gains, on the gains apportioned to them.

If any ZDP Shareholder is in doubt as to his taxation position, he is strongly recommended to consult an independent profession adviser without delay.

ISAs

The ZDP Shares are eligible to be held in the stocks and shares component of an ISA subject to applicable subscription limits, and provided that the ISA manager has been issued the ZDP Shares under the Rollover Offer or acquired them through the secondary market following their Admission. ZDP Shares acquired pursuant to the Initial Placing or the Placing Programme will not be eligible for inclusion in an ISA.

Stamp Duty and Stamp Duty Reserve Tax (SDRT)

Transfers of ZDP Shares will not be liable to UK stamp duty unless the instrument of transfer is executed within the UK when the transfer will be liable to UK *ad valorem* stamp duty at the rate of 0.5 per cent. of the consideration paid rounded up to the nearest £5. Provided that ZDP Shares are not registered in any register of UIL Finance kept in the UK, or paired with shares issues or raised by a UK company, any agreement to transfer the ZDP Shares should not be subject to SDRT.

Where Depositary Interests in respect of the ZDP Shares are traded within CREST, there should be no charge to SDRT due to the provisions of the Stamp Duty Reserve Tax (UK Depositary Interests in Foreign Securities) Regulations 1999, provided that ZDP Shares are not registered in any register of UIL Finance kept in the UK.

The above statement is intended as a general guide to the current stamp duty and SDRT position and does not relate to persons such as market makers, brokers, dealers, intermediaries and persons connected with depository arrangements and clearance services.

The objects of UIL and UIL Finance are contained in their respective memoranda of association which are available for inspection at the address specified in paragraph 15 of this Part 9.
- 7.2 The UIL Bye-laws contain provisions, *inter alia*, to the following effect:

7.2.1 Income

The Ordinary Shares carry the right to receive the profits of UIL available for distribution and determined to be distributed by way of dividend at such times as the UIL Directors may determine. Any dividend unclaimed after a period of 12 years from the date such dividend is declared shall be forfeited and shall cease to remain owing by UIL.

7.2.2 Capital

On a return of assets, on a liquidation or otherwise, the surplus assets of UIL after payment of all debts and satisfaction of all liabilities of UIL shall be applied as follows:

- 7.2.2.1 first, if all of the Winding-Up Revenue Profits (as such term is defined in the UIL Bye-laws) have not been distributed to holders of Ordinary Shares by way of dividend, an amount equivalent to the amount of Winding-Up Revenue Profits not so distributed shall be paid to the holders of Ordinary Shares *pro rata* to the number of Ordinary Shares then held by them; and
- 7.2.2.2 second, there shall be paid to the holders of the Ordinary Shares, after the payments to UIL Finance which UIL Finance is liable to pay to the holders of the ZDP Shares on their redemption in accordance with the UIL Finance Bye-laws, the surplus assets of UIL available for distribution *pro rata* to the number of Ordinary Shares then held by them.

7.2.3 Voting

The holders of the Ordinary Shares shall have the right to receive notice of and to attend and vote at general meetings of UIL. Each holder of an Ordinary Share being present at a meeting shall upon a show of hands have one vote and, save as described in paragraph 7.2.4.2 below, upon a poll every such holder present in person or by proxy shall have one vote in respect of every Ordinary Share held by him.

7.2.4 Voluntary liquidation of UIL

7.2.4.1 If all of the relevant ZDP Shares are not redeemed on or before the relevant ZDP Repayment Date (except by reason of administrative error rectified within seven days and disregarding any ZDP Shares which are not redeemed as a result of a failure by the holder to comply with a requirement relating to redemption imposed in accordance with the UIL Finance Bye-laws), the UIL Directors shall convene a special general meeting of UIL to be held within 60 days of the relevant ZDP Repayment Date at which a resolution (the **Liquidation Resolution**) shall be proposed requiring that UIL be wound up voluntarily pursuant to the Bermuda Companies Act. At such meeting the vote of those members entitled to vote shall be taken by poll and the provisions of sub-paragraph 7.2.4.2 below shall apply in relation to such vote.

7.2.4.2 At any such special general meeting, the Ordinary Share issued to UIL Finance in accordance with the Subscription Agreement and in respect of which UIL Finance shall vote in favour of the Liquidation Resolution, shall, on the poll taken in respect of the Liquidation Resolution, have such number of votes in respect of the Ordinary Share held by it so that the aggregate number of votes cast in favour of the Liquidation Resolution is four times the aggregate number of votes cast against the Liquidation Resolution and each member present in person or by proxy and entitled to vote and who votes against such resolution shall on a poll have one vote for each share held.

7.2.4.3 If an offer is made to all holders of ZDP Shares (other than the offeror and/or persons controlled by or acting in concert with the offeror) which becomes or is declared unconditional in all respects prior to the final ZDP Repayment Date, which offer entitles holders of all outstanding ZDP Shares to receive not later than the date falling 14 days after the relevant ZDP Repayment Date an amount in cash equal to or not less than that to which the UIL Directors estimate (so far as practicable at that time) that such holders would otherwise have been entitled to receive on a winding-up of UIL and on the basis that UIL satisfies its payment obligations under the Subscription Agreement to the extent that it is able after payment of all other prior ranking indebtedness and liabilities, (ignoring any option for alternative consideration pursuant to such offer) and such offer is recommended by the directors of UIL Finance and it is stated to be, in the opinion of the financial adviser appointed by UIL and UIL Finance, fair and reasonable then the provisions of paragraphs 7.2.4.1 and 7.2.4.2 above shall not apply;

7.2.4.4 If at any general meeting of UIL held on or prior to any ZDP Repayment Date there is proposed any resolution to sanction any form of arrangement (whether involving the winding-up of UIL, the redemption of the ZDP Shares or otherwise) which would enable the holders of the ZDP Shares to receive not later than the date falling 14 days after the relevant ZDP Repayment Date an amount in cash equal to or not less than that to which the UIL Directors estimate (so far as practicable at that time) that such holders would otherwise have been entitled to receive on a winding-up of UIL and on the basis that UIL satisfies its payment obligations under the Subscription Agreement to the extent that it is able after payment of all other prior ranking indebtedness and liabilities, (ignoring any

options ZDP Shareholders may be given to elect to receive any entitlement otherwise than in cash pursuant to the arrangement) then the provisions of paragraphs 7.2.4.1 and 7.2.4.2 above shall not apply.

7.3 The New UIL Finance Bye-laws contain provisions relating to the rights to income, capital, voting and redemption attaching to its issued share capital as are outlined in Part 5 of this document.

Every holder of shares shall be entitled at such meeting to one vote for every share held by him on a poll. The special rights conferred upon the shares shall not be deemed to be varied by the exercise of any power under the disclosure provisions requiring shareholders to disclose an interest in the company's shares as set out in the Bye-laws.

(b) **Offers of shares**

(i) Subject to the provisions of the Bye-laws and without prejudice to any special rights conferred on the holders of any class of shares, any share in the company may be issued with or have attached thereto such preferred, deferred or other special rights, or such restrictions whether in regard to dividend, return of capital, voting or otherwise as the company may from time to time by resolution determine or if there has not been any such determination or so far as the same shall not make specific provision, as the Board may determine.

(ii) Subject to the Bye-laws, the unissued shares shall be at the disposal of the Directors, and they may allot, grant options over, issue warrants in respect of or otherwise dispose of them to such persons, at such times and generally on such terms and conditions as they determine. Whilst there are no provisions of Bermuda law equivalent to the provisions of the UK Companies Act 2006 which confer pre-emption rights on existing shareholders in connection with the allotment of equity securities for cash such rights have been incorporated into the UIL Bye-Laws only, in accordance with the requirements of the Listing Rules.

(iii) The company may also pay such brokerages and/or commissions as may be lawful.

(iv) No person shall be recognised by the company as holding any shares upon any interest other than an absolute right of the registered holder to the entirety of a share.

(c) **Notice requiring disclosure of interest in shares**

(i) The Directors may serve notice on any shareholder requiring that shareholder to disclose to the company the identity of any person (other than the shareholder) who has an interest in the shares held by the shareholder. Any such notice shall require any information in response to such notice to be given within such

reasonable time as the Directors may determine. If any shareholder is in default in supplying to the company the information required by the company within the prescribed period (which is 28 days after service of the notice or 14 days if the shares concerned represent 0.25 per cent. or more of the issued shares), the Directors in their absolute discretion may serve a direction notice on the shareholder. The direction notice may direct that in respect of the shares in respect of which the default has occurred (the **default shares**) the shareholder shall not be entitled to vote in general meetings. Where the default shares represent at least 0.25 per cent. of the class of shares concerned the direction notice may additionally direct that dividends on such shares will be retained by the company (without interest) and that no transfer of the default shares (other than a transfer authorised under the Bye-laws) shall be registered until the default is rectified.

- (ii) In addition to the right of the Board to serve notice on any shareholder as described in sub-paragraph (ii) above, the Board may serve notice on any shareholder requiring that shareholder to provide the company promptly with any information, representations, certificates or forms relating to such shareholder (or its direct or indirect owners or account holders) that the Board determines from time to time are necessary or appropriate for the company to:

 - (C) permit the company to enter into, comply with, or prevent a default under or termination of, an agreement of the type described in section 1471(b) of the US Internal Revenue Code of 1986 or under Similar Laws.

If any Shareholder (a **Defaulting Shareholder**) is in default of supplying to the company the information referred to above within the prescribed period (which shall not be less than 28 days after the service of the notice), the continued holding of shares in the company by the Defaulting Shareholder shall be deemed to cause or likely to cause the company a pecuniary disadvantage and the Defaulting Shareholder shall be deemed to be a Non-Qualifying Holder and the Board may, in its discretion, require the Defaulting Shareholder to transfer its shares in accordance with paragraph (e) below.

(d) **Transfer of shares**

Subject as provided below, any shareholder may transfer all or any of his shares by instrument of transfer in any form which the Directors may approve. The instrument of transfer of a share shall be signed by or on behalf of the transferor.

In respect of a share which is fully paid up, the Board may, in its absolute discretion and without giving any reason, refuse to register any share transfer unless such transfer satisfies the following conditions:

- (i) it is in respect of a share upon which the company has no lien;
- (ii) it is in respect of only one class of share;
- (iii) it is in favour of a single transferee of not more than four (4) joint transferees;

- (iv) it is duly stamped (if required by law);
- (v) it is delivered for registration to the Registered Office of the company or such other place as the Board may from time to time determine, accompanied, except in the case of a transfer by a recognised person where a certificate has not been issued, by the certificate for the shares to which it relates and such other evidence as the Board may reasonably require to prove the title of the transferor and the due execution by him of the transfer or, if the transfer is executed by some other person on his behalf, the authority of that person to do so; and
- (vi) it is satisfied that all applicable consents, authorisations, permissions or approvals of any governmental body or agency in Bermuda or any other applicable jurisdiction required to be obtained under relevant law prior to such transfer have been obtained.

In the case of partly paid shares which are listed, the Board may in its absolute discretion and without giving any reason, refuse to register any share transfer providing that the Directors have exercised their discretion without thereby prejudicing dealings being on an open and proper basis.

The Board may also refuse to register a transfer of uncertificated shares in such other circumstances as may be permitted or required by the Regulations or such other regulations as may be applicable to the holding of dematerialised securities and the relevant system.

Notice of closure of the register shall be given in accordance with the requirements of the Bermuda Companies Act.

(e) **Compulsory transfer of shares**

If it shall come to the notice of the Board that any shares are owned directly, indirectly, or beneficially by a Non-Qualified Holder, the Board may give notice to such person requiring him either: (i) to provide the Board within thirty days of receipt of such notice with sufficient satisfactory documentary evidence to satisfy the Board that such person is not a Non-Qualified Holder; or (ii) to sell or transfer his shares to a person who is not a Non-Qualified Holder within thirty days and within such thirty days to provide the Board with satisfactory evidence of such sale or transfer. Pending such sale or transfer the Board may suspend the exercise of any voting or consent rights and rights to receive notice of, or attend, meetings of the company and any rights to receive dividends or other distributions with respect to such shares, and the holder shall repay the company any amounts distributed to such holder by the company during the time such holder held such shares. If any person upon whom such a notice is served does not within thirty days after such notice either: (i) sell or transfer his shares to a person who is not a Non-Qualified Holder and establish to the satisfaction of the Board (whose judgment shall be final and binding) that such a sale or transfer has occurred; or (ii) establish to the satisfaction of the Board (whose judgment shall be final and binding) that he is not a Non-Qualified Holder, the Board may, in its absolute discretion, arrange for the company to sell the shares at the best price reasonably obtainable to any other person so that the shares will cease to be held by a Non-Qualified Holder, in which event the company may take any action whatsoever that the Board considers necessary in order to effect the transfer of such shares by the holder of such shares and the company shall pay the net proceeds of sale to the former holder upon its receipt of the sale proceeds and the surrender by him of the relevant share certificate or, if no certificate has been issued, such evidence as the Board may reasonably require to satisfy itself as to his former entitlement to the shares and to such net proceeds of sale and the former holder

- (ii) Subject to the Bermuda Companies Act, a Director shall be entitled to vote (and be counted in the quorum) in respect of any resolution concerning any of the following matters:
 - (A) the giving of any guarantee, security or indemnity in respect of money lent or obligations incurred by him or any other person for the benefit of the company or any of its subsidiaries;

 - (E) any arrangement for the benefit of employees of the company or any of its subsidiaries which accords to the Director only such privileges and advantages as are generally accorded to the employees to whom the arrangement relates; or

- (F) any proposal for the purchase or maintenance of insurance for the benefit of the Director or persons including the Directors.
 - (iii) Any Director may act by himself or by his firm in a professional capacity for the company other than as auditor, and he or his firm shall be entitled to remuneration for professional services as if he were not a Director.
 - (iv) Any Director may continue to be or become a director, managing director, manager or other officer or member of a company in which the company is interested, and any such Director shall not be accountable to the company for any remuneration or other benefits received by him.

- (i) The Directors shall be remunerated quarterly for their services at such rate as the Directors shall determine provided that the aggregate amount of such fees payable to the Directors shall not exceed £250,000 per annum (or such sum as UIL in general meeting shall from time to time determine). The Directors shall also be entitled to be paid all reasonable expenses properly incurred by them in attending general meetings, board or committee meetings or otherwise in connection with the performance of their duties.
 - (ii) A Director may hold any other office or place of profit under the company (other than the office of auditor) in conjunction with his office of Director on such terms as to tenure of office and otherwise as the Directors may determine.

 - (iii) No person shall be or become incapable of being appointed a Director by reason of having attained the age of 70 or any other age and no Director shall be required to vacate his office at any time by reason of the fact that he has attained the age of 70 or any other age.
- (j) **Dividends and distribution of assets on a winding up**

 - (ii) No dividend or other amount payable to any Shareholder shall bear interest against UIL. All unclaimed dividends and other amounts payable as aforesaid may be invested or otherwise made use of for the benefit of UIL until claimed. Payment by UIL of any unclaimed dividend or other amount payable in respect of a share into a separate account shall not constitute UIL a trustee in respect thereof. Any dividend unclaimed 12 years from the date when it first became payable shall be forfeited automatically, without the necessity for any declaration or other action by UIL.
 - (iii) The Directors are also empowered to create reserves before recommending or declaring any dividend. The Directors may also carry forward any profits which they think prudent not to divide.

- (iv) If the company should be wound up (whether the liquidation is voluntary, under supervision or by the court) the liquidator may with the authority of a resolution and any other sanction required by Bermuda Companies Act, divide amongst the members in specie the whole or any part of the assets of the company and whether or not the assets shall consist of property of one kind or of properties of different kinds, and may for such purposes set such value as he deems fair upon any one or more class or classes or property, and may determine how such division should be carried out as between the members or different classes of members.

- (ii) In respect of UIL:
 - (A) The UIL Directors may exercise all and any powers of UIL to borrow money and to mortgage or charge all or any part of the undertaking, property and assets (present or future) and the uncalled capital of UIL and, subject to the provisions of the Bermuda Companies Act, to issue debentures and other securities, whether outright or as collateral security for any debt, liability or obligation of UIL.
 - (B) The UIL Board shall restrict the borrowings of UIL and exercise all voting and other rights or powers of control exercisable by UIL in relation to its subsidiary undertakings so that (so far as it is able), without the prior sanction of an ordinary resolution of UIL, no new borrowings are incurred if, as a result, the aggregate principal amount outstanding of all net borrowings by the Group (excluding certain borrowings from one member of the Group to another member of the Group) exceeds an amount equal to 100 per cent. of UIL's gross assets.
 - (C) Any person lending money to UIL shall be entitled to assume that UIL is acting in accordance with the UIL Bye-laws and shall not be concerned to enquire whether such provisions have in fact been complied with.

8.1 Subscription Agreement

An amended and restated subscription agreement dated 18 May 2016, between UIL and UIL Finance pursuant to which, in consideration for UIL Finance agreeing to transfer to UIL certain assets, UIL undertook to contribute (by way of gift, capital contribution or otherwise) such funds as will ensure that UIL Finance will have in aggregate sufficient distributable reserves on each ZDP Repayment Date to satisfy the Final Capital Entitlement of the ZDP Shares then due and any operational costs or expenses incurred by UIL Finance.

UIL has undertaken to UIL Finance for so long as UIL's obligations under the Subscription Agreement remain outstanding:

- (a) that for so long as it is the holder of all the ordinary shares in issue in UIL Finance, it shall not vote in general meetings to pass a resolution of UIL Finance on the matters which would require the previous sanction of an extraordinary resolution of the holders of each class of ZDP Shares passed at separate general meetings of such holders in accordance with the UIL Finance Bye-laws unless such previous sanctions have first been obtained. The relevant matters are summarised in paragraph 1.3(c) of Part 5 of this document;
- (b) that it shall not (and that it shall, so far as it is able, procure that none of its subsidiaries shall) enter into any transaction which, if it were a transaction entered into by UIL Finance, would require the sanction of the ZDP Shareholders under the UIL Finance Bye-laws or otherwise as required by law without such sanction having been obtained;
- (c) that, except with such sanction as aforesaid or as required from time to time by the Financial Conduct Authority or any other relevant legal or regulatory requirement, it shall ensure that the board of directors of UIL Finance as constituted from time to time comprises the same individuals who form the Board of UIL;
- (d) that, except with such sanction as aforesaid, it will not make any distribution to the Shareholders in excess of the amount of its net revenues and revenue reserves nor will it make any repayment of capital to the Shareholders or repurchase any of the Ordinary Shares in the event that following such repayment or repurchase the ZDP Cover shall be less than 1.5x in the case of the 2014 ZDP Shares, the 2016 ZDP Shares and the 2018 ZDP Shares or less than 1.35x in the case of the 2020 ZDP Shares and the 2022 ZDP Shares;
- (e) that it will have due regard to the interests of the ZDP Shareholders;
- (f) that if all of the relevant ZDP Shares are not redeemed on or before the relevant ZDP Repayment Date (except by reason of administrative error rectified within seven days and disregarding any ZDP Shares which are not redeemed as a result of a failure by the holder to comply with a requirement relating to redemption imposed in accordance with the UIL Finance Bye-laws), UIL shall convene a special general meeting of UIL to be held within 60 days of the relevant ZDP Repayment Date at which a resolution shall be proposed requiring that UIL be wound up voluntarily pursuant to the Bermuda Companies Act;
- (g) that it shall not, without the previous sanction of an extraordinary resolution of the holders of each class of ZDP Shares passed at separate general meetings of such holders undertake any of the following matters:
 - (i) issue any further shares or rights to subscribe for further shares or convert any securities into shares in UIL or reclassify any issued share capital into shares of a

particular class where such shares rank, or would on issue, conversion or reclassification rank, as to capital, in priority to, or *pari passu* with, UIL's payment obligations under the Subscription Agreement in respect of any class of ZDP Shares unless the UIL Directors shall have calculated and UIL's financial adviser shall have reported to the UIL Directors on such calculations within 60 days prior to the Calculation Date (as defined below) that, were the further shares to be issued or the shares to be reclassified or rights of subscription or conversion to be issued and immediately exercised at the date of the report, the ZDP Shares in issue immediately thereafter would have a ZDP Cover of not less than 1.5x in the case of the 2014 ZDP Shares, the 2016 ZDP Shares and the 2018 ZDP Shares or less than 1.35x in the case of the 2020 ZDP Shares and the 2022 ZDP Shares. For this purpose, the ZDP Cover shall represent a fraction where the numerator is equal to the gross assets of the Group on the Calculation Date and the denominator is equal to the aggregate on the Calculation Date of: (i) the aggregate capital entitlement on the relevant ZDP Repayment Dates of the ZDP Shares in issue on the Calculation Date; and (ii) the outstanding amounts payable by the Group under bank facilities and any borrowings ranking in priority to its payment obligations under the Subscription Agreement. Gross assets for this purpose shall mean the unaudited aggregate value of the gross assets of the Group, including assets represented by principal monies borrowed by UIL, less current liabilities (not including contingent liabilities) of UIL (other than principal monies borrowed), each as determined by the UIL Directors. The Calculation Date, for the purpose of this paragraph 8.1(g)(i) shall mean the close of business on a date which is not earlier than 60 days prior to (and excluding) the date of the announcement of such issue or reclassification or, if applicable and earlier, the date of any announcement of the intention to make such proposed issue. In calculating such ZDP Cover, the UIL Directors shall where available:

- (A) use the gross assets of UIL at the most recent practicable date before the Calculation Date;
- (B) assume that the share capital or rights proposed to be issued or arising on reclassification had been issued and/or exercised and/or reclassified at the end of the month prior to the Calculation Date;
- (C) adjust the gross assets of UIL by adding the minimum net consideration (if any) which would be received upon such issue, reclassification or exercise;
- (D) take account of the entitlements to be attached to the new shares or securities or rights to be issued;
- (E) aggregate the Final Capital Entitlement of the existing ZDP Shares and the capital entitlements of the new shares or securities or rights to be issued as aforesaid in each case as at the relevant ZDP Repayment Dates;
- (F) make appropriate adjustments for any other issues or reclassifications or purchases of own share capital which have been made by UIL or UIL Finance since the end of the preceding month or will have been made by or at the time of the proposed issue of shares or rights of subscription or conversion into shares or reclassification; and
- (G) make such other adjustments as they consider appropriate.

The UIL Directors shall have absolute discretion to determine whether the conditions set out above are satisfied in any case and no independent valuation need be carried out; or

- (ii) pass a resolution to reduce the share capital of UIL in any manner or to purchase shares in UIL other than as permitted below;
- (iii) pass a resolution for the voluntary winding-up of UIL, such winding-up to take effect prior to the final ZDP Repayment Date; or

- (iv) alter any objects set out in the Memorandum of Association of UIL; or
- (v) pass any resolution which authorises or permits the UIL Directors to pay any dividend or other distribution out of the capital reserves of UIL (which, for the avoidance of doubt, shall not include a bonus or capitalisation issue of shares) other than as permitted below; or
- (vi) change the investment policy of UIL materially,

provided that no such sanction will be required for the passing of any resolution authorising UIL to purchase Ordinary Shares which shares may only be purchased at prices at or below their prevailing Net Asset Value on a diluted basis (as determined by the UIL Directors as at a date falling not more than 10 days before the date of the relevant repurchase) and where such repurchases shall not reduce the ZDP Cover below 1.5x in the case of the 2014 ZDP Shares, the 2016 ZDP Shares and the 2018 ZDP Shares or below 1.35x in the case of the 2020 ZDP Shares and 2022 ZDP Shares (as determined by the UIL Directors as at a date falling not more than 10 days before the date of the relevant repurchase) and taking into account of any related purchase by UIL Finance of ZDP Shares which the UIL Finance Directors determine to make at or about the same time.
